Birth Or Abortion Private Struggles In A Political World:

Birth Or Abortion? Private Struggles in a Political World Kate Maloy, 1992 **Birth or Abortion?** Kate Maloy, Margaret Jones Patterson, 2013-11-09 Many Americans who believe that women should be able to choose when and whether to bear a child are also deeply disturbed by the one and one half million abortions performed each year in this country They regard these concerns as irreconcilable because the topic of abortion until now has been framed as a black or white conflict between the rights of the mother and those of the fetus The very idea of compromise or common cause draws scorn among factions How after all can the political debate about abortion permit any more options than pregnancy itself does This extraordinary book tells fifty stories about women from strikingly diverse backgrounds who have had to choose whether to give birth or to abort About half of these women carried their pregnancies to term the others ended them Their decisions arose from heartfelt struggles expressed in terms completely different from those that prevail in the public debate Some women who abhor abortion ended up choosing that option others who are prochoice opted for birth or had abortions that in some instances caused them sorrow or regret The outcome of nearly every private dilemma hung on practical and emotional matters the quality of the connection between the woman and the man the financial resources available the number of children the woman already had the state of her self esteem and the health of the fetus rather than on the weighing of rights These insightful and eloquent authors hold up a mirror to our society and show us that we have pitted mother against fetus They ask whether we have emphasized the rights of individuals at the expense of human responsibility and care This most intellectually challenging yet sensitive book transcends all other books on this topic The complexity and rich nuances of the stories it tells permits us to see this controversy with new eyes These stories woven together are our nation s story one that has never been told by the long and angry debate Once we learn to hear these women we may also learn to listen to one another and work toward common values and moral responsibility *The SAGE Guide to Key Issues in Mass Media Ethics and Law* William A. Fullerton, 2016-01-01. Crime reporting in one form or another is as old as crime itself. Almost all young reporters have spent some time on this beat and their work affects all of us. *Covering Canadian Crime* offers a deep and detailed look at perennial issues in crime reporting and how changes in technology, business practices and professional ethics are affecting today's crime coverage. Social media in the courtroom, the stigmatization of mental illness, the influence of police media units, the practice of knocking on victims' doors, the culture of masculinity in the newsroom, these are among the topics of discussion explored from various disciplinary perspectives and combined with poignant interviews and thought provoking introspection from seasoned journalists such as Christie Blatchford, Timothy Appleby, Linden MacIntyre, Kim Bolan and Peter Edwards. A critical account of the challenges involved in crime reporting in ethical, informed and powerful ways. *Covering Canadian Crime* poses the questions that reporters, journalism students and the public at large need to ask and to answer. *Abortion*

Tamara L. Roleff, 1997. Presents opposing viewpoints on the legality, morality, responsibility for and justification of abortion. Includes critical thinking skills activities. **Jewish Women Remembering Their Bodies** L. Ariella Zeller, 2001

Women: Images & Realities, A Multicultural Anthology Amy Kesselman, Lily D McNair, Nancy Schniedewind, 2008. This best selling anthology is a unique introduction to feminism and women's studies. It presents a multidisciplinary collection

of academic essays and analyses personal narratives and fiction and poetry about women's lives The selections illustrate the variety of women's experiences primarily in the United States considering both commonalities and differences among women and appreciating women's diverse approaches to living and fostering change **Conscience** ,1992 *Feminism is Not the Story of My Life* Elizabeth Fox-Genovese,1996 The acclaimed author of the controversial *Feminism without Illusions* makes an impassioned plea for feminism to return to its roots Basing her work on public opinion polls and 40 extended formal interviews with women of many backgrounds Fox Genovese uncovers the issues truly central to real women's lives and eloquently outlines ways to recognize and act on these concerns Media and Public Shaming Julian Petley,2013-06-30 The media today and especially the national press are frequently in conflict with people in the public eye particularly politicians and celebrities over the disclosure of private information and behaviour Historically journalists have argued that naming and shaming serious wrong doing and behaviour on the part of public officials is justified as being in the public interest However when the media spotlight is shone on perfectly legal personal behaviour family issues and sexual orientation and when in particular this involves ordinary people the question arises of whether such matters are really in the public interest in any meaningful sense of the term In this book leading academics commentators and journalists from a variety of different cultures consider the extent to which the media are entitled to reveal details of people's private lives the laws and regulations which govern such relations and whether these are still relevant in the age of social media Bioethics Warren T. Reich,1998 Extracted from the 5 volume Encyclopedia of Bioethics this book takes a concentrated look at the legal social moral and health related issues surrounding sex and reproduction **Women's Studies Index** ,1993 **Souls, Bodies, Spirits** Kerry N. Jacoby,1998-04-23 Jacoby provides a comprehensive social history of the abortion abolition campaign from its beginnings following *Roe v Wade* through the 1996 elections She explores the abortion abolition effort historically sociologically theologically and politically arguing for a deepened understanding of American abortion opponents The history of the abortion abolition effort in America is examined through three different approaches to the understanding of collective behavior Beginning with the immediate post *Roe* period the movement is explored as a Catholic moral crusade and Jacoby analyzes why Catholic Americans were particularly prone to such activity as well as why otherwise theologically compatible Protestants were not She then examines the effort as a major social movement beginning around 1980 Finally the late 1980s development of direct action activity most notably in the form of Operation Rescue is viewed in light of its connection to the theology and expectations of religious revivalism In her conclusions Jacoby provides a new model for understanding faith based political action Students teachers and the general public will find this book a thorough comprehensive and accessible examination of the movement *Women* Amy Vita Kesselman,Lily D.
