**Critiquing Dr. James C. Dobson** Martin Bobgan, Deidre Bobgan, 1989 *The Nurture Assumption* Judith Rich Harris, 2011-10-25 A NEW YORK TIMES NOTABLE BOOK How much credit do parents deserve when their children turn out well How much blame when they turn out badly Judith Rich Harris has a message that will change parents' lives The nurture assumption the belief that what makes children turn out the way they do aside from their genes is the way their parents bring them up is nothing more than a cultural myth This electrifying book explodes some of our unquestioned beliefs about children and parents and gives us a radically new view of childhood Harris looks with a fresh eye at the real lives of real children to show that it is what they experience outside the home in the company of their peers that matters most Parents don't socialize children children socialize children With eloquence and humor Judith Harris explains why parents have little power to determine the sort of people their children will become The Nurture Assumption is an important and entertaining work that brings together insights from psychology sociology anthropology primatology and evolutionary biology to offer a startling new view of who we are and how we got that way What Every Child Needs Elisa Morgan, Carol

Kuykendall, 2017-03-08 Combining real life stories with expert research the authors of What Every Mom Needs identify the different kinds of love that children need From Elisa Morgan and Carol Kuykendall of MOPS International Mothers of Preschoolers comes a valuable resource for all mothers struggling to meet the challenges of raising young children Full of encouragement and sound advice this work outlines the nine basic needs for each child Security Affirmation Belonging

Discipline Guidance Respect Play Independence and Hope Compiled with touching stories and helpful advice from moms and researchers alike this book will help you to gain confidence as you continue to provide your children with their foundation for life

Single Parenting That Works Kevin Leman, 2015-04-17 Being a parent is challenging enough Being a single parent can seem downright impossible until now Drawing on material from his successful Single Parenting That Works curriculum guide and video series America's favorite parenting expert Dr Kevin Leman brings help and hope to the legions of single parents struggling to raise happy healthy well adjusted children in a loving caring and biblically grounded way Using his trademark quirky no nonsense approach Dr Leman shows parents how to build healthy mature relationships with their former spouses how to develop their children's self esteem and how to discipline and relate to their kids in accordance with their unique God given personalities Features Building stability for your children by getting your own life in order How forgiveness opens the door to healthy relationships Learning to deal with your ex with an olive branch rather than a hammer Dating and remarriage Helping your child thrive in a single parent home

**Family Ideas for Ministry with Young Teens** Carole Goodwin, 2000 Family Ideas for Ministry with Young Teens is a collection of twenty two strategies that focus on family life and parent teen relationships The collection includes ideas for prayer service communication sharing faith and having fun The strategies are grouped into three categories strategies for gatherings of families strategies for individual families at home and strategies for young teens in peer group settings

Personality Daniel Nettle, 2009 Why are some people worriers and others wanderers Why do some people seem good at empathising and others at controlling We have something deep and consistent within us that determines the choices we make and the situations we bring about But why should members of the same species differ so markedly in their natures What is the best personality to have a bold one or a shy one an aggressive one or a meek one And are you stuck with your personality or can you change it Daniel Nettle takes the reader on a tour through the science of human personality introducing the five dimensions on which every personality is based and using an unusual combination of individual life stories and scientific research Showing how our personalities stem from our biological makeup Nettle looks at the latest findings from genetics and brain science considers the evolutionary origins and consequences of personality variation and even includes a questionnaire for you to assess your own personality against the five dimensions There is no optimal personality to have Rather every disposition brings both advantages and disadvantages Life is partly the business of finding a niche where your personal characteristics work for you Full of human as well as scientific insight this book will enable you to understand the perils and potentials of your personality to the full
