Muller, 2024-04-24 Dr Richard A Muller investigates the complexity and development of predestination in Reformed thought in the sixteenth and seventeenth centuries *The Puritan Imagination* Todd D. Baucum, 2022-07-29 This book seeks to add a needed introduction to a way of meditation used among early modern English Protestants influenced by Bishop Joseph Hall Furthermore the major role that Hall had in his *Arte of Divine Mediation* on late seventeenth century Protestant spirituality went beyond the practice of meditation and established a positive claim on the role of the imagination in shaping souls well into the modern period Within this context the questions related to ancient understandings of faith and the interrelationship of divine revelation are discussed with fresh insights for our own times If a revival of interest emerges again in Hall's work it would be a compelling and fresh impetus to reclaim the broken imagination evident in many parts of the Western Church **The Spenser Encyclopedia** A.C. Hamilton, 2020-07-01 This masterly work ought to be The Elizabethan Encyclopedia and no less Cahiers Elizabethans Edmund Spenser remains one of Britain's most famous poets With nearly 700 entries this Encyclopedia provides a comprehensive one stop reference tool for appreciating Spenser's poetry in the context of his age and our own understanding the language themes and characters of the poems easy to find entries arranged by subject *William Perkins and the Making of a Protestant England* William Brown Patterson, 2014 William Perkins and the Making of Protestant England presents a new interpretation of the theology and historical significance of William Perkins 1558-1602 a prominent Cambridge scholar and teacher during the reign of Queen Elizabeth I Though often described as a Puritan W B Patterson argues that Perkins was in fact a prominent and effective apologist for the established church whose contributions to English religious thought had an immense influence on an English Protestant culture that endured well into modern times The

English Reformation is shown to be a part of the European wide Reformation and Perkins himself a leading Reformed theologian In A Reformed Catholike 1597 Perkins distinguished the theology upheld in the English Church from that of the Roman Catholic Church while at the same time showing the considerable extent to which the two churches shared common concerns His books dealt extensively with the nature of salvation and the need to follow a moral way of life Perkins wrote pioneering works on conscience and practical divinity In The Arte of Prophecyng 1607 he provided preachers with a guidebook to the study of the Bible and their oral presentation of its teachings He dealt boldly and in down to earth terms with the need to achieve social justice in an era of severe economic distress Perkins is shown to have been instrumental to the making of a Protestant England and to have contributed significantly to the development of the religious culture not only of Britain but also of a broad range of countries on the Continent *The Political Bible in Early Modern England* Kevin Killeen,2017 This book explores the Bible as a political document in seventeenth century England revealing how it provided a key language of political debate *A Milton Encyclopedia* William Bridges Hunter,1978 This nine volume set presents in easily accessible format the extensive information now available about John Milton It has grown to be a study of English civilization of Milton s time and a history of literary and political matters since then **The Mental World of the Jacobean Court** Linda Levy Peck,2005-10-13 New interpretations of Jacobean court culture by an international group of specialists

Du Bartas' Legacy in England and Scotland Peter Auger,2019 Guillaume de Saluste Du Bartas was the most popular and widely imitated poet in sixteenth and seventeenth century England and Scotland C S Lewis felt that a reconsideration of his works British reception was long overdue back in the 1950s and this study finally provides the first comprehensive account of how English speaking authors read translated imitated and eventually discarded Du Bartas model for Protestant poetry The first part shows that Du Bartas friendship with James VI and I was key to his later popularity Du Bartas poetry symbolized a transnational Protestant literary culture in Huguenot France and Britain Through James intervention Scottish literary tastes had a significant impact in England Later chapters assess how Sidney Spenser Milton and many other poets justified writing poetic fictions in reaction to Du Bartas austere emphasis on scriptural truth These chapters give equal attention to how Du Bartas example offered a route into original verse composition for male and female poets across the literate population Du Bartas Legacy in England and Scotland responds to recent developments in transnational and translation studies the history of reading women s writing religious literature and manuscript studies It argues that Du Bartas legacy deserves far greater prominence than it has previously received because it offers a richer more democratic and more accurate view of sixteenth and seventeenth century English Scottish and French literature and religious culture

artwork seen minds probed through conversation or exchange of letters writers are in no small part products of everything that surrounds them people places things events MILTON S CENTURY is designed to place one particular genius John Milton arguably the finest poet the English nation perhaps even Western civilization has produced in the context of his time And what a remarkable time it was a century of revolutions of discoveries of literary and artistic efflorescence of religious turmoil and political turbulence of plagues and fires and ultimate rebuilding and of the first adumbrations of the Modern Age MILTON S CENTURY becomes vital and alive for twenty first century readers through the vast network of connections and interconnections that Professor Collings articulates Borgo Literary Guides No 15

Rembrandt's Passion Series Simon McNamara, 2015-05-13 Rembrandt's Passion Series is the name given to five paintings of similar size and format executed over a six year time frame 1633-39 The works were commissioned by Frederick Hendrick Prince of Orange and Stadtholder of the United Provinces for his gallery at The Hague Although each of the paintings depicts a traditional scene from the Passion of Christ they do not form anything like a complete Passion Cycle Seven years later Hendrick ordered a further two works of the same size and format of subjects from the Nativity of Christ Six of the seven paintings now hang in the Alte Pinakothek Munich As the works were executed between Rembrandt's well documented early Leiden period and his rapid rise to prominence as a portraitist in Amsterdam the works have not attracted the scholarly attention they might although the commission was undoubtedly the most prestigious of the young Rembrandt's career Rembrandt's Passion Series is the first monograph to focus solely on this important group of paintings by the most famous artist of the Dutch Golden Age In it Simon McNamara traces the history of the commission by way of extant documentation places the works in a seventeenth century Dutch religious milieu and shows how the series is both reflective of contemporary theological exegesis and embedded in theoretical artistic debates of the age The book also highlights the extraordinary nature of the self images seen in three of the paintings and discusses the legacy of the series in later graphic works by Rembrandt and in paintings by his pupils In doing so Rembrandt's Passion Series presents a series of unifying factors both stylistically and thematically for the works that allows the Passion Series to be properly and finally called a series

The Historical Imagination in Early Modern Britain Donald R. Kelley, David Harris Sacks, 1997-09-13 This collection of essays by some of the most distinguished historians and literary scholars in the English speaking world explores the overlap interplay and interaction between history and fiction in British imaginative and historical writing from the Tudor period to the Enlightenment The historians discuss the questions of truth fiction and the contours of early modern historical culture while the literary scholars consider some of the fictional aspects of history and the historical aspects of fiction in prose narratives of many sorts The interests and inquiries of these learned imaginative and venturesome scholars cross at many points casting significant light on and offering numerous insights into the problematic and interdisciplinary areas where history and story meet interact and sometimes compete Despite the theoretical questions posed the discussions primarily focus on concrete works including those of

Thomas More John Foxe Thomas Hobbes Adam Smith and Edward Gibbon **Bremen als Brennpunkt reformierter Irenik** Leo van Santen, 2014-10-16 In Bremen als Brennpunkt reformierter Irenik zeigt Leo van Santen anhand der Biografie von Ludwig Crocius 1586 1655 wie dessen irenische Theologie zur Verständigung von Reformierten und Lutheranern nicht so sehr dogmatisch bedingt war als vielmehr vom Bremer Stadtrat veranlasst wurde der an guten Beziehungen mit dem lutherischen Umland Interesse hatte Mit seiner Irenik kollidierte Crocius jedoch zunächst 1618 1619 als Bremer Delegierter während der Dordrechter Synode mit der von den calvinistischen Niederlanden geforderten strengen Orthodoxie die 1636 einen Kirchenstreit verursachte Die von Santen erstmals ausgewerteten Korrespondenzen die Crocius aus diesem Anlass und als Prorektor des Gymnasium Illustre zur Empfehlung von Studenten mit bedeutenden Reformierten wie Vossius in den Niederlanden führte bezeugen Bremens bislang wenig wahrgenommene vollwertige Stellung im frühneuzeitlichen europäischen Reformiertentum In Bremen als Brennpunkt reformierter Irenik Leo van Santen demonstrates how Ludovicus Crocius's irenical theology meant to mediate between the Reformed and the Lutheran Churches was instigated by the Bremen municipal authorities who had an interest in good relations with the Lutheran surrounding area Van Santen bases himself on the life of Crocius 1586 1655 With his irenicism however in 1618 1619 as Bremen delegate at the Synod of Dordt Crocius for the first time collided with the strict orthodoxy insisted upon by the Dutch Calvinists which led to an ecclesiastical conflict in 1636 The correspondence that Crocius as pro rector of the Gymnasium Illustre conducted on this subject with Reformed scholars such as Vossius in the Dutch Republic testify to Bremen's hitherto insufficiently recognized position in Europe's early modern Reformed world *Biographical Books, 1950-1980* R.R. English Hypothetical Universalism Jonathan D. Moore, 2007-06-25 John Preston 1587 1628 stands as a key figure in the development of English Reformed orthodoxy in the courts of Elizabeth I and James VI Often cited as a favorite of the English and American Puritans who came after him he nevertheless stood as a bridge between the crown and the nonconformists Jonathan D Moore retrieves Preston from his traditional place as one of the Calvinists against Calvin provides a convincing argument for Preston's unique hypothetical universalism and calls into question common misperceptions about Reformed theology and Puritanism *The Cambridge History of Early Modern English Literature* David Loewenstein, Janel M. Mueller, 2002 This 2003 book is a full scale history of early modern English literature offering perspectives on English literature produced in Britain between the Reformation and the Restoration While providing the general coverage and specific information expected of a major history its twenty six chapters address recent methodological and interpretive developments in English literary studies The book has five sections Modes and Means of Literary Production Circulation and Reception The Tudor Era from the Reformation to Elizabeth I The Era of Elizabeth and James VI The Earlier Stuart Era and The Civil War and Commonwealth Era While England is the principal focus literary production in Scotland Ireland and Wales is treated as are other subjects less frequently examined in previous histories including women's writings and the literature
