Realization Makes Improvement Tamanna Khan, 2023-03-09 This motivational book talks about the uneven lifestyle that we all people go through on a daily basis and how should we overcome it by realizing and improving as when there is realization there is improvement and how to be guided whenever we get muddle headed In this book there are many poetic devices which have been used for comparing human life with nature's life as it depicts that we get mature just like nature It also talks about how we can get guidance of our goal if there is no person to guide us and by realizing and improving we can make our dream come true We feel worthless and upset because we get so confused and by this we stuck in seeing others doing better than us that we lost our own concept of achieving a goal as we get immersed in this worldly life and want to get everything even though we are not conducive of that things in many ways we focus more on things that everybody wants but not which has already been made for us but the only thing that we can do is to discover our talent but discovering talent won't be easy because it's hard as finding the pearl in a shell and then have to engrave it on a marble which is our soul failure is not a person who fails but a person who makes decisions and never finishes it Being thankful to God whenever there is endowment and not to be avaricious as there is difference between being greedy and being passionate because to be greedy does not mean to be passionate and to be passionate does not mean to be greedy Sometimes there would be weal and woes but to be satisfied we have to realize and get absorbed to improve in order to discover our own selves in decent yet different ways by being real hard worker and loyal in accomplishing our dream
