AHIMSA, Buddhism and the Vegetarian Ideal Bodo Balsys, 2024-08-01 Ahi's means harmlessness carried out in thought word or deed A major precept of Buddhists of all denominations is to practise harmlessness Such activity is not supposed to be theory but a practical fact a sacred pledge

samaya integrated into the fibre of one's every mode of conduct on the path to enlightenment and liberation from samsara. This text elaborates that all good intent along this line falls flat in the light of the practise condoned by many Buddhists of meat consumption. Harm is caused to the animal butchered, to the consumers of the flesh and to the environment we live in. It is also a decidedly gross act of adharma, not dharma, to all in the society wherein the Buddhist practitioner that consumes animal products resides. It is time that Buddhists heartily spurn all considerations of meat toxins in their bodily environments, to actively espouse the cause of true harmlessness in all that they do and to act as Bodhisattvas by teaching all how to be compassionate through not killing or harming their animal brethren. The reasons are clear of the way to be truly compassionate as all Buddhists should be. Read, learn and observe your true motives in everything you do. Desist from harmful actions and thereby grow and become Bodhisattvas and Buddhas at the end of it all. *Krishna: The Man and His Philosophy* Osho, 2024-05-06. Krishna is utterly incomparable; he is so unique. Firstly, his uniqueness lies in the fact that although Krishna happened in the ancient past, he belongs to the future; it is really of the future. Man has yet to grow to that height where he can be a contemporary of Krishna's. He is still beyond man's understanding; he continues to puzzle and battle us. Only in some future time will we be able to understand him and appreciate his virtues. And there are good reasons for it. **Vegetarian Times**, 1995-09. To do what no other magazine does: Deliver simple, delicious food plus expert health and lifestyle information that's exclusively vegetarian but wrapped in a fresh, stylish mainstream package that's inviting to all. Because while vegetarians are a great, vital, passionate niche, their healthy way of eating and the earth-friendly values it inspires appeals to an increasingly large group of Americans. VT's goal: To embrace both. [The Vegan Guide to New York City](#) Rynn Berry, Chris A. Suzuki, 2006-11. The Vegan Guide to New York City 2007 is a comprehensive guide book to the restaurants and shopping resources of New York City. Now in its thirteenth edition, The Vegan Guide has been praised by the New York Times for being a portable conscience and by the New York Daily News for being a very complete guide. Authored by Rynn Berry, the historical advisor to the North American Vegetarian Society, it is written with panache, wit and style. This item is Returnable.

Sistah Vegan A. Breeze Harper, 2012-03. Sistah Vegan is a series of narratives, critical essays, poems and reflections from a diverse community of North American black identified vegans. Collectively, these activists are decolonizing their bodies and minds via whole foods veganism. By kicking junk food habits, the more than thirty contributors all show the way toward longer, stronger and healthier lives. Suffering from type 2 diabetes, hypertension, high blood pressure and overweight need not be the way women of color are doomed to be victimized and live out their mature lives. There are healthy alternatives. Sistah Vegan is not about preaching veganism or vegan fundamentalism. Rather, the book is about how a group of black identified female vegans perceive nutrition, food, ecological sustainability, health and healing, animal rights, parenting, social justice, spirituality, hair care, race, gender, identification, womanism and liberation that all go against the refined and bleached grain of our dysfunctional society. Thought provoking for the identification and dismantling of environmental racism, ecological

devastation and other social injustices Sistah Vegan is an in your face handbook for our time It calls upon all of us to make radical changes for the betterment of ourselves our planet and by extension everyone Vegetarian Times ,1991-07 To do what no other magazine does Deliver simple delicious food plus expert health and lifestyle information that s exclusively vegetarian but wrapped in a fresh stylish mainstream package that s inviting to all Because while vegetarians are a great vital passionate niche their healthy way of eating and the earth friendly values it inspires appeals to an increasingly large group of Americans VT s goal To embrace both Vegetarian Times ,2000-11 To do what no other magazine does Deliver simple delicious food plus expert health and lifestyle information that s exclusively vegetarian but wrapped in a fresh stylish mainstream package that s inviting to all Because while vegetarians are a great vital passionate niche their healthy way of eating and the earth friendly values it inspires appeals to an increasingly large group of Americans VT s goal To embrace both Vegetarian to Vegan Sarah Taylor,2014-02-04 Vegetarians across the world are wondering if it is time to take the final step and become a vegan And they re asking many of the same questions What is inhumane about eating dairy products What s wrong with eating organic cage free free range eggs Doesn t a vegetarian diet that includes fat free dairy and yolk free egg products already offer protection against chronic diseases How does a little creamer in my coffee contribute to global warming Isn t hard to be vegan if you travel have client dinners or eat out a lot socially And is it really possible to give up cheese If these questions have been going through your mind this book was written just for you Sarah delves deeply into the issues specific to dairy and eggs that you need to know to help you make an informed decision about whether to adopt a vegan diet You ll find the motivation you need to make the change the tools you need to succeed and recipes by award winning vegan chef Mark Reinfeld that prove how delicious life can be without dairy and eggs The Dietetic Reformer and Vegetarian Messenger ,1861 Vegetarian Times ,1994-04 To do what no other magazine does Deliver simple delicious food plus expert health and lifestyle information that s exclusively vegetarian but wrapped in a fresh stylish mainstream package that s inviting to all Because while vegetarians are a great vital passionate niche their healthy way of eating and the earth friendly values it inspires appeals to an increasingly large group of Americans VT s goal To embrace both Radical Vegetarianism Mark Mathew Braunstein,1983 The Vegetarian Imperative Anand M. Saxena,2011-08-31 We have learned not to take food seriously we eat as much as we want of what we want when we want it and we seldom think about the health and environmental consequences of our choices But the fact is that every choice we make has an impact on our health and on the environment In The Vegetarian Imperative Anand M Saxena a scientist and lifelong vegetarian explains why we need to make better choices for better health to eliminate world hunger and ultimately to save the planet Our insatiable appetite for animal based foods contributes directly to high rates of chronic diseases resulting in both illness and death It also leads to a devastating overuse of natural resources that dangerously depletes the food available for human consumption The burgeoning population and increasing preference for meat in all parts of the world are stretching planetary resources beyond

their limits and the huge livestock industry is degrading the agricultural land and polluting air and water Continuing at this pace will bring us to the crisis point in just a few decades a reality that threatens not only our current lifestyle but our very survival This book shows us a way out of this dangerous and vicious cycle recommending a much needed shift to a diet of properly chosen plant based foods Each of these arguments alone personal health worldwide hunger and environmental degradation provides reason enough to stop consuming so much animal based food taken together they make an unassailable case for vegetarianism Supported by up to date and accurate scientific data The Vegetarian Imperative will make you rethink what you eat and help you save the planet
