Introduction to the New Testament Edward Hayes Plumptre, 1883 [The Landmark Edition of the New Testament \(KJV Study Bible\)](#) Eld. Larry Killion, Eld. Mark Fenison, Eld. Jeff Short, Eld. Paul Stepp, Eld. Robert Myers, Eld. Jim

Turner, 2013-12-13 This is an 872 page New Testament Study Bible with footnotes written from a Landmark Baptist point of view on Church Truth. It is a work completed by several cooperating contemporary Ordained Elders of the Landmark Baptist Faith. It is available in Hard Back, Soft Back, and in Electronic Format. The King James Version drew heavily from the Tyndale and Coverdale translations of the New Testament. Tyndale and Coverdale translated the Greek term *ekklesia* as congregation. However, King James ordered his translators within his 15 rules to the translators not to translate *ekklesia* but instead to use the ecclesiastical term church. All contributors to the Landmark Study New Testament are thankful to be free from the rules of a human King for this edition. We trust and pray that the great King of Kings will bless this effort to His honor and glory. We humbly present the Landmark Study New Testament for the edification of God's elect and a clearer understanding of New Testament Ecclesiology. The KJV text remains intact here except where they did not translate *ekklesia* and baptizo by order of King James. We have also added Modern English words in brackets next to some of the Elizabethan English words that some call archaic. Elder Larry J. Killion *History of New Testament Research, Vol. 2* William Baird, 2002-11-01 Stressing the historical and theological significance of pivotal figures and movements, William Baird guides the reader through intriguing developments and critical interpretation of the New Testament from its beginnings in Deism through the watershed of the Tübingen school. Familiar figures appear in a new light and important, previously forgotten stages of the journey emerge. Baird gives attention to the biographical and cultural setting of persons and approaches, affording both beginning student and seasoned scholar an authoritative account that is useful for orientation as well as research. **Who's Who in the New**
