Bismarck Über Zeitgenossen Zeitgenossen Über Bismarck:

Bismarck Jonathan Steinberg, 2011-02-17 This is the life story of one of the most interesting human beings who ever lived A political genius who remade Europe and united Germany between 1862 and 1890 by the sheer power of his great personality It takes the reader into close proximity with a human being of almost superhuman abilities We see him through the eyes of his secretaries his old friends his neighbours his enemies and the press Otto von Bismarck made Germany but never ruled it For twenty eight years he acted as a prime minister without a party He made speeches brilliant in content but hesitant in delivery and rarely addressed a public meeting He planned three wars and after a certain stage in his career always wore military uniform to which he had no claim The Iron Chancellor the image of Prussian militarism suffered from hypochondria and hysteria Contemporaries called him a dictator and several observers credited him with demonic powers They were not wrong The sheer power of his remarkable sovereign self awed even his enemies William I observed that it was hard to be emperor under a man like Bismarck He towered physically and intellectually over his contemporaries His spoken and written prose sparkled with wit insight grand visions and petty malice He united Germany and transformed Europe like Napoleon before and Hitler after him but with neither their control of the state nor command of great armies He was and remained a royal servant This new biography explores the greatness and limits of a huge and ultimately destructive self It uses the diaries and letters of his contemporaries to explore the most remarkable figure of the nineteenth century a man who never said a dull thing or wrote a slack sentence A political genius who combined creative and destructive traits generosity and pettiness tolerance and ferocious enmity courtesy and rudeness in short not only the most important nineteenth century statesman but by far the most entertaining *Bismarck über Zeitgenossen, Zeitgenossen über Bismarck* Hans-Joachim Schoeps, 1972 *Bismarck* Otto Pflanze, 2008 **Preußische Kirchenpolitik in der Bismarckära** Gerhard Besier, 2018-02-19 Keine ausführliche Beschreibung für Preussische Kirchenpolitik in der Bismarckära verfügbar *Das erhabene Ungeheuer* Volker Ullrich, 2008 *Bismarck: The White Revolutionary* Lothar Gall, 2019-07-03 Originally published in English in 1986 these volumes are far more than the story of the life of a powerful statesman The name Bismarck sums up the entire political social economic and intellectual development of central Europe in the second half of the 19th Century and the internal and external shape that Germany then assumed This book analyses how much of this was Bismarck's personal achievement or whether he was the man who put the nation on the disastrously wrong course that reached its fateful culmination in 1933 It examines whether Bismarck's success was precisely because he implemented policies for which the time was ripe and did so in ways that were in harmony with the historical evolution of central Europe **Authority Not Majority** Ruben Alvarado, 2007 Virtually unknown apart from specialist scholars Friedrich Julius Stahl was a leading German philosopher professor of constitutional law and statesman in 19th century Germany His Christian political philosophy both impacted practical politics in a time of upheaval in Germany around and after 1848 and influenced anti revolutionary

thinkers of subsequent generations His work is a monument to a Germany that was overwhelmed and subsumed by the Bismarck revolution which substituted Realpolitik for Christian tradition His biography in English is long overdue

unification against Denmark 1864 Austria 1865 and France 1870 71 Moltke's achievements have become a legacy for modern military strategists The procedures he developed have been used in all of the wars of the twentieth century the Persian Gulf War of 1991 may be its most interesting example because they respond to the size space time and technology mandates of industrial mass warfare This book describes and analyzes these developments in a unique way by using organisational knowledge and learning theory by looking closely at Moltke's life as a professional soldier and by bringing little known research in the field to a wider audience Bismarck und die Deutschen Bernd Heidenreich, Hans-Christof

Der Historiker und Religionswissenschaftler Hans Joachim Schoeps zählt zu den profiliertesten Gelehrtenpersönlichkeiten der deutsch-jüdischen Wissenschaftsgeschichte im 20. Jahrhundert. Dennoch war er gegen Lebensende mit seiner Universität in Erlangen und den meisten seiner Kollegen nahezu vollständig zerfallen. Das Hauptthema seiner wissenschaftlichen Bemühungen, die Auseinandersetzung mit Preußen, galt als ebenso weitgehend obsolet wie die von ihm favorisierte ideengeschichtliche Methode. Mittlerweile ist dies in beiden Fällen anders geworden. Der Hoh
