African Americans and the Nigerian Civil War, 1967-1970 James A. Farquharson, 2024-07-22 This book is the first to recover and analyse at length the extent complexity and character of African American responses to the Nigerian Civil War 1967 1970 Far from having only marginal significance the Nigerian Civil War collided at full velocity with the conflicting discourses and ideas by which black Americans sought to understand their place in the United States and the world in the late 1960s Black civil rights leaders offered their service as agents of direct diplomacy during the conflict seeking to preserve Nigerian unity grassroots activists organised food drives concerts and awareness campaigns in support of humanitarian aid for victims of famine in the warzone while other black activists warned of an imminent genocide and called for an united response from black Americans Drawing on private papers activist literature government records and especially the black press it charts the way the civil war shaped as well as challenged the worldview of African Americans regarding black internationalist solidarities territorial sovereignty and political viability humanitarian compassion and the political trajectory of postcolonial Africa With a chronological approach this study is the ideal resource for all those interested in the Nigerian Civil War and the history of black internationalism

Introduction to African American Studies Talmadge Anderson, James Benjamin Stewart, 2007 There is an ongoing debate as to whether African American Studies is a discipline or multidisciplinary or interdisciplinary field Some scholars assert that African American Studies use a well defined common approach in examining history politics and the family in the same way as scholars in the disciplines of economics sociology and political science Other scholars consider African American Studies

multidisciplinary a field somewhat comparable to the field of education in which scholars employ a variety of disciplinary lenses be they anthropological psychological historical etc to study the African world experience In this model the boundaries between traditional disciplines are accepted and researches in African American Studies simply conduct discipline based an analysis of particular topics Finally another group of scholars insists that African American Studies is interdisciplinary an enterprise that generates distinctive analyses by combining perspectives from d *Black American Writers and Performers* Walter Hazen,2004-09-01 Recognizing that there is more to black history than civil rights leaders and the fight for racial equality this packet profiles several lesser known yet significant black American writers and performers Reading comprehension questions as well as writing activities to promote higher order thinking accompany each profile **African Americans in Film** Camille R. Michaels,2017-07-15 The whitewashing of roles in films and the lack of representation at awards shows such as the Oscars are only two of the career obstacles African American actors and filmmakers have historically faced Although blackface is now taboo racism is still prevalent in Hollywood Readers explore the causes of the systemic oppression that has made it difficult for African Americans to break into the movie business Through full color photographs and primary sources readers will learn how to become more thoughtful viewers of movies and television

African Americans and Africa Nemata Amelia Ibitayo Blyden,2019-05-28 An introduction to the complex relationship between African Americans and the African continent What is an African American and how does this identity relate to the African continent Rising immigration levels globalization and the United States first African American president have all sparked new dialogue around the question This book provides an introduction to the relationship between African Americans and Africa from the era of slavery to the present mapping several overlapping diasporas The diversity of African American identities through relationships with region ethnicity slavery and immigration are all examined to investigate questions fundamental to the study of African American history and culture *Foreign-born African Americans* Festus E. Obiakor,Patrick A. Grant,2002 In this book immigrant minorities from Africa and the Caribbean tell their unique stories These new Americans recount their travels in the American maze and thus allow their voices to be heard Who really cares for these voices They do care and Americans should care Foreign born African Americans frequently find themselves in precarious situations They confront three intriguing questions How Black are they How much racism do they endure How do they survive in spite of the odds In reality they are Blacks who are Black enough to encounter problems that other Blacks in America experience However they also understand that they must succeed in a competitive complex society like America On the one hand they are grateful to be in America but on the other hand they wonder why they must cross so many rubicons to achieve their goals This book is unique Never before have voices of Africans from Africa and the Caribbean been heard in this manner These voices provide multidimensional cases for scholars educators program planners community leaders and politicians This book could be a required text for courses in international global education intercultural education and

multicultural education It could also be a supplementary text for courses in general education and African American Studies In fact it should be on the reading list of every American interested in making our world a better place to live
