Babylon South Windsor Series:

Moody's Bond Survey, 1989 **The God in Us** Hlumelo Biko, 2024-06-07 This book traces the unitary source of all of the world's major religions. The book underscores the fact that there are many ways in which humanity has sought revelation of God yet there is a common inspiration behind humanity's God concept. The author's analysis of world religions or faiths adopts a multi-interdisciplinary approach taking the reader through historical, anthropological, archaeological, and theological viewpoints to make juxtapositions. *God in us* is a rich resource that helps the readers understand the origins of human civilisation and how humans began to worship God, domesticate animals like sheep, invent astrology, and create languages. Biko's research also delves deeper into unveiling African indigenous knowledge systems and science that predate the arrival of the colonisers on the African soil. Print edition not for sale in Sub-Saharan Africa. Hearings United States. Congress.

House. Committee on Post Office and Civil Service, 1963 **Africans in the Americas** Sabas H. Whittaker M. F. a., Sabas Whittaker, M.F.A., 2003-12 It's a historical account of African people and their imprint on the development of every society throughout history. It's significant contribution to the study of race and race relations with a highly advanced input and scholarly impressive understanding for students of all ages. It examines Africa's participation in the development of China's first dynasty, Dravidian India, ancient Greek civilizations, and Europe's medieval economy. Readers are introduced to unknown advanced African societies throughout the Middle East and Mesoamerica's ancient Olmecs, the predecessors of all Native American or Amerindian civilizations. The detail research focuses on the abolition of slavery worldwide and on the long-lasting avenues blacks have traveled in search of freedom, equal rights, and justice throughout the Americas, and the lack of economic power still existent in Latin America and the Caribbean. *Africans In The Americas: Our Footprints Throughout The World* identifies our history and outlines solutions that yield enlightenment to all. It is brilliantly written to the understanding of readers of all ages and races. Its primary purpose is to educate and inspire the black youth of today who do not know that their roots grow deeper than their immediate surroundings and stretch far beyond other civilizations across the globe.
