*The Epic of Gilgamesh - Old Babylonian and Standard versions (Illustrated)* R. Campbell Thompson, Delphi Classics, 2017-07-24 [www.delphiclassics.com](http://www.delphiclassics.com)      [Ancient Egyptian Animal Fables](#) Jennifer Miyuki Babcock, 2022-06-08 One group of ancient Egyptian drawings has captured the curiosity of scholars and laypeople alike: images of animals acting like people. They illustrate animal fables originally from a larger mythological narrative, making them an integral part of New Kingdom Thebes's religious environment. This book examines the purpose of animal fables, drawing cross-cultural and temporal comparisons to other storytelling and artistic traditions. This publication is also the first thorough art-historical treatment of the ostraca and papyri. The drawings' iconography and aesthetic value are carefully examined, providing further nuance to our understanding of ancient Egyptian art.

**The Babylonian Legends of the Creation** British Museum, 2019-09-25 Reproduction of the original *The Babylonian Legends of the Creation* by British Museum      *Babylonian Wisdom Literature* Wilfred G. Lambert, 1996 In Babylonian studies, *Wisdom* is used to cover a group of texts similar in scope to the Biblical *Wisdom* books, discussions on the problem of suffering, teaching on the good life, fables, or contest literature and proverbs.      *Wisdom Literature in Mesopotamia and Israel* Richard J. Clifford, 2007 This volume offers a rich collection of essays by distinguished Assyriologists and biblicalists on the social, intellectual, and literary setting of Mesopotamian wisdom on specific wisdom texts and on key themes common to both Mesopotamian and biblical culture.

**Babylonian Fables** Samson Anhurkullah, 2019-06-17 *Babylonian Fables* is a book of short stories that tells you all about life, religion, civilization, and the supernatural.

**History of the Graeco-Latin Fable** Francisco Rodríguez Adrados, 1999 Spanning from Sumer to the present day, few literary genres show greater continuity throughout their history than the fable. Historical evidence reaching as far back as Antiquity supports the study of more than 500 works considered to be fables. This translation of the original Spanish standard work on the fable traces the history of the Graeco-Latin fable, investigates its origins, reconstructs lost collections from the Hellenistic Age, and establishes relationships between the fablist of the Imperial Age and the study of Medieval Greek and Latin fables. Supplements at the end of each chapter have been added, giving information on a new bibliography and some new data together with references to subsequent studies.

**The Wisdom of the Aramaic Book of Ahiqar** Seth Bledsoe, 2021-10-25 This book offers fresh readings of the Aramaic book of Ahiqar, an oft-underappreciated ancient wisdom text. In undertaking a comprehensive literary analysis incorporating both the drama and the sayings, Bledsoe shows that Ahiqar's didactic impulse is founded on a sense of uncertainty about life, offering advice for those in times of distress, much like the titular character himself. While Ahiqar shares many features with instructional literature like *Proverbs*, the ambiguous cosmic and social order imagined in the text resonate more strongly with the likes of *Qoheleth* or *Job*. Bledsoe also takes seriously the Elephantine context, suggesting that the social and political ethic evinced by the work would have resonated strongly with the Judean community in Achaemenid Egypt.
