Background Readings For Introductory Psychology:

Background Readings for Introductory Psychology Jeffrey Henriques, 2002-02 *Readings in Introductory Psychology* Wilbert James McKeachie, 1951 **A Guide to Teaching Introductory Psychology** Sandra Goss Lucas, 2009-01-22 A Guide to Teaching Introductory Psychology focuses on the critical aspects of teaching introductory psychology to undergraduate students. It includes ideas, tips, and strategies for effectively teaching this course and provides useful answers to commonly asked questions. A concise and accessible guide to teaching introductory courses in Psychology. Begins with an orienting history of the course. Evaluates current trends in teaching and offers suggestions for developing personal techniques. Addresses a number of relevant issues including how to teach difficult topics, linking course content to everyday experience, developing and using class presentations, lectures, and active learning ideas, and increasing interest in course topics. Supported by a website that provides links to useful websites and handouts that instructors can use in their classes. <http://www.blackwellpublishing.com/teachpsychscience/lucas> *Introductory Psychology* Kassir, 1998 *Handbook of Demonstrations and Activities in the Teaching of Psychology: Introductory, statistics, research methods, and history* Mark E. Ware, David E. Johnson, 1996 These books provide an invaluable reference for teachers of psychology. The plethora of teaching strategies and techniques discussed should serve to improve the quality of their teaching. For those who teach high school, college, and graduate students in psychology education and the social sciences, these volumes present immediate practical applications and rich sources of ideas. They contain the collective experiences of teachers who have successfully dealt with students' difficulty in mastering important concepts about human behavior. Volume 1 addresses teaching strategies for courses that make up the core of most psychology curricula: introductory psychology, statistics, research methods, and the history of psychology. Volume 2 discusses teaching physiology, perception, learning, memory, and developmental psychology. Volume 3 deals with teaching personality, abnormal clinical counseling, and social psychology. Each volume contains a table listing the articles in that volume and identifying the primary and secondary courses in which each demonstration can be used. **Consciousness, the Brain, States of Awareness, and Alternate Realities** Daniel Goleman, Richard J. Davidson, 1979 **Teaching Psychology** James Hartley, Wilbert James McKeachie, 1990 This publication is the first to cover the entire field of teaching psychology and includes teaching methods, advising, and curriculum planning, as well as special problems in teaching laboratory and statistics courses. The articles selected provide thought-provoking reading for an international readership. Each of twelve subject-oriented sections contains a brief introduction, five articles, and suggested further readings for those wishing to pursue a particular topic in more detail. **A History of Modern Psychology** C. James Goodwin, 2022-09-27 A History of Modern Psychology provides a thorough account of the philosophical roots and recent history of psychology. Focusing on the ideas, concepts, and research contributions of pioneer psychologists who worked in the nineteenth and twentieth centuries, Dr. C. James Goodwin helps undergraduate students connect psychology's present

with its rich past Now in its sixth edition *A History of Modern Psychology* provides expanded coverage of the history of the applied areas of psychology philosophical and physiological antecedents and significant advancements in the field in the twenty first century

Bibliography of the History of Medicine , *Readings for A History of Anthropological Theory* Paul A. Erickson, Liam Donat Murphy, 2010-01-01 This comprehensive anthology presents 40 readings that are critical to an understanding of anthropological theory and the development of anthropology as an academic discipline The readings have broad anthropological appeal emphasizing social and cultural anthropology The third edition has been completely revised throughout and organized to work more closely alongside the companion overview text *A History of Anthropological Theory* It includes six new readings as well as two original essays written by contemporary anthropologists on Why Theory Matters These new essays help ground the more abstract readings in the collection The glossary has been significantly expanded and the discussion questions have been revised The result is a volume that offers not only a strong foundation in the history of the discipline but also a good overview of developments in twentieth and twenty first century anthropological theory including feminist anthropology postmodernity medical anthropology globalization postcolonialism and public anthropology

Background Readings for Physical Education Ann Paterson, Edmond C. Hallberg, 1965 Bouve collection

History of Modern Psychology C. James Goodwin, 2022-05-17 The enhanced 5th Edition of Goodwin's series *A History of Modern Psychology* explores the modern history of psychology including the fundamental bases of psychology and psychology's advancements in the 20th century Goodwin's 5th Edition focuses on the reduction of biographical information with an emphasis on more substantial information including ideas and concepts and on ideas research contributions
