The Phantom of the Opera, the First Year Backstage Marcus

Tylor,2008-01-29 This is a catalogue of photographs taken behind the scenes during the first year of the musical Phantom of the Opera The photographs contained give a unique insight into life backstage at Her Majesty s theatre London and include images of the original cast members from the principals Michael Crawford Sarah Brightman and Steve Barton to the chorus These photos capture the ambiance and eeriness of a production that takes the audience back to 19th century Paris as well as including many shots of real life backstage Over 80 million people have seen Phantom worldwide but it is this original London cast which made the only available recording of the show so it is this cast that is known best to the worldwide audience Few of these photos have even been seen by others although Hal Prince the original director of the show said these were the best photographs of the show he had ever seen This publication is intended primarily as a source of the prints But is a valuable archive in itself

Fortissimo William Murray,2010-04-28 H L Mencken declared that the opera is to music what a bawdy house is to a cathedral It was not meant as a compliment but to William Murray former New Yorker staff writer and aspiring opera singer a bawdy house is an apt metaphor for the opera a place of confusion high and low drama fleshly pleasures and raucous song In Fortissimo Murray follows twelve young singers in the Lyric Opera of Chicago s training program the prestigious Opera Center for American Artists through the 2003 2004 season In the course of the year these singers attend countless coaching sessions inspiring master classes nerve racking auditions and grueling rehearsals and finally perform with some of the most celebrated names and spectacular egos in opera from Samuel Ramey to Jos Cura and Natalie Dessay While chronicling their progress Murray offers an insider s look at the different aspects of the opera world that influence a young singer s success a world filled with temperamental maestros ambitious directors old world tradition and sacred monsters Weaving recollections of his own days training in New York Rome and Milan in the 1950s with the personal and artistic struggles of the young singers in Chicago today Murray lays bare the staggering ambition and relentless will required to achieve a career in the arts As he writes Becoming a successful opera singer stepping out on a huge stage to try to fill the house with your voice to bring an audience of thirty six hundred people to its feet is as risky in its own peculiar way as embarking on a career as a matador You can triumph you can struggle to survive or you can perish from your wounds Fortissimo is a delicious tale of rising talents angst and heartache and small triumphs and the music that inspires it all

Backstage at the Revolution Victoria Johnson,2008 On July 14 1789 a crowd of angry French citizens en route to the Bastille broke into the Paris Opera and helped themselves to any sturdy weapon they could find Yet despite its long association with the royal court its special privileges and the splendor of its performances the Opera itself was spared even

protected by Revolutionary officials Victoria Johnson's *Backstage at the Revolution* tells the story of how this legendary opera house despite being a lightning rod for charges of tyranny and waste weathered the most dramatic political upheaval in European history Sifting through royal edicts private letters and Revolutionary records of all kinds Johnson uncovers the roots of the Opera's survival in its identity as a uniquely privileged icon of French culture an identity established by the conditions of its founding one hundred years earlier under Louis XIV Johnson's rich cultural history moves between both epochs taking readers backstage to see how a motley crew of singers dancers royal ministers poet entrepreneurs shady managers and the king of France all played a part in the creation and preservation of one of the world's most fabled cultural institutions *Backstage at the Metropolitan Opera* Rose Heylbut, Aimé Gerber, 1977 ***Cinderella & Company*** Manuela Hoelterhoff, 1998 Pulitzer Prize winning journalist Manuela Hoelterhoff takes readers on a two year trip on the opera circuit with Cecilia Bartoli the irresistible young mezzo soprano whose popularity has set records in music circles around the world of photos ***Behind the Scenes at the Opera*** Mary Watkins Cushing, 1925 ***The Cambridge Companion to Opera Studies*** Nicholas Till, 2012-10-18 With its powerful combination of music and theatre opera is one of the most complex and yet immediate of all art forms Once opera was studied only as a stepchild of musicology but in the past two decades opera studies have experienced an explosion of energy with the introduction of new approaches drawn from disciplines such as social anthropology and performance studies to media theory genre theory gender studies and reception history Written by leading scholars in opera studies today this Companion offers a wide ranging guide to a rapidly expanding field of study and new ways of thinking about a rich and intriguing art form placing opera back at the centre of our understanding of Western culture over the past 400 years This book gives lovers of opera as well as those studying the subject a comprehensive approach to the many facets of opera in the past and today *The Routledge Introduction to Ballet, its Culture and Issues* Jennifer Fisher, 2024-12-24 As an introduction to ballet's history culture and meanings this book draws on the latest ballet scholarship to describe the trajectory of a dance form that has risen to global ubiquity and benefited from many diverse influences along the way Organized around themes the book explains how the manners style and hierarchies of ballet became such a strong part of its DNA It addresses the origins of ballet's aristocratic vocabulary and the ways in which it may be interpreted now incorporating meanings that range from the aesthetic to the spiritual and the political *The Routledge Introduction to Ballet its Culture and Issues* explores how dancers and audiences have experienced ballet how popular films have represented it and who has been excluded and how that could change The chapters highlight the people institutions and works that helped to establish ballet's reputation while also uncovering lesser known influences and new ways of interpreting ballet Lists of research resources further readings documentary films and dance feature films offer starting points for further avenues of learning This book's central premise is that all dance reflects the culture in which it develops and is capable of embodying and disseminating new ideas This is the definitive introduction for anyone drawn to ballet or seeking to

understand it and those looking to develop a thorough understanding of how ballet developed the cultures that formed it and what it can mean for today's audiences, artists and scholars

The Opera Stage of Sarah Caldwell Kristina Bendikas, 2020-06-01 Sarah Caldwell, the leader of the Opera Company of Boston from 1958-1990, was a groundbreaking and idiosyncratic woman who established her own career as a conductor and stage director in an environment resistant to change. This book investigates her choices as an opera director, her influences, her philosophies, and her methods, and situates her work within the history of opera in America. Though she is remembered primarily as a conductor, her passion and her greater influence on American opera was through stage directing. With a repertoire that included groundbreaking interpretations of works such as Nono's *Intolleranza 1960*, Prokofiev's *War and Peace*, and Bernstein's *Mass*, Caldwell continually pushed her own artistic limits, provoked critics, intrigued audiences, and challenged the status quo of opera production. Her passion for opera, her creative use of new technology, and her influence in bringing opera to all sectors of American society culminated in 1997 when she was awarded the National Medal of Arts for her work as a pioneering woman in the American musical landscape and a tireless and innovative arts entrepreneur

Conducting Opera Joseph Rescigno, 2020-06-15 *Conducting Opera* discusses operas in the standard repertory from the perspective of a conductor with a lifetime of experience performing them. It focuses on Joseph Rescigno's approach to preparing and performing these masterworks in order to realize what opera can uniquely achieve: a fusion of music and drama resulting in a whole that is greater than the sum of its parts. Opening with a chapter discussing his performance philosophy, Rescigno then covers Mozart's most performed operas, standards of the bel canto school including Rossini's *Il barbiere di Siviglia*, five of Verdi's works including *La traviata*, a selection of Wagner's compositions followed by French Romantic operas such as Bizet's *Carmen*, Puccini's major works, and finally four operas by Richard Strauss. A useful appendix contains a convenient guide to the scores available online. *Conducting Opera* includes practical advice about propelling a story forward and bringing out the drama that the music is meant to supply, as well as how to support singers in their most difficult moments. Rescigno identifies particularly problematic passages and supplies suggestions about how to navigate them. In addition, he provides advice on staying true to the several styles under discussion

Timing is Everything Moffatt Oxenbould, 2005 Moffatt Oxenbould has lived and breathed opera for more than forty years. And from the first, his career has been linked with what would eventually become Australia's national opera company. From stage manager to artistic director, Oxenbould's career has been an outstanding one, growing in tandem with the Opera as it developed into the prestigious and renowned company it is today. Genial, deeply knowledgeable, and thoroughly entertaining, Moffatt Oxenbould's memoirs are filled with riveting backstage stories of divas and disasters, outback tours, and stunning triumphs of all the international and local stars and productions for which the Opera is justly renowned, as well as the significant struggles for survival that the company has faced in the last five decades. Having worked with everyone from Pavarotti to Sutherland, Luhrmann to Kosky, David Hobson to Simone Young, Oxenbould's

story is fascinating both in its retelling of a life spent backstage and as the story of the life of an opera company Timing Is Everything is essential reading for anyone with a drop of greasepaint in their blood and a song in their heart **Gaston Leroux's Phantom of the Opera** Chris Cook,2012-10-31 GLUT YOUR SOUL UPON HIS ACCURSED HIDEOUSNESS Prepare for a phantasmagoric evening at the theatre Master of horror Chris Cook has penned a non musical version of Gaston Leroux's PHANTOM OF THE OPERA This rendition is a faithful retelling of the story of horribly deformed Erik and his abduction of reluctant soprano Christine Daae At plays opening a suspenseful ride of terror begins The Paris Opera House has long been reported as a portal for hauntings disturbances and sightings of mysterious shapes and shadows Disembodied voices emanate from the rafters and echo throughout the halls and cavernous sewers After an innocent man is killed the two managers of the company are issued threats of continued murders A self described Opera Ghost reveals his true identity and totorous mayhem ensues in a shocking climax Lyricism abounds in this frightening portrait of unrequited love and adoration turned obsession Bereft of commercial show tunes and glitzy folderol there is nothing Broadway about this Phantom It is pure unadulterated horror Chris thanks for the book This is great Stay scared George Romero Director Night of the Living Dead **Department of the Interior and Related Agencies Appropriations for 1999** United States. Reflections of an American Composer Arthur Berger,2002-11-28 A book of memoirs and essays by notable composer critic and teacher Arthur Berger The author writes vividly about the music scenes in New York Paris and Boston and of his work with notable colleagues such as Stravinsky Copeland and Virgil Thompson *Catullus in Twentieth-Century Music* Stephanie Oade,2024-08-24 One of the most famous voices to have survived from the Roman world Catullus's poetry is still amongst the most popular and widely read But what is it that makes this 2 000 year old voice so relevant so personal and so endlessly fascinating Reinvigorating discussions around the nature of Catullus's lyricism Catullus in Twentieth Century Music takes a completely new approach to Catullus and ideas of lyric It centres around four musical works from the twentieth century each one capturing the essence of Catullus in musical retellings and showcasing a very personal response to the original text Considering how and why these musical composers used Catullus's poetry as their stimulus allows us to uncover new ideas about Catullus's poetry By considering the very process of reception Stephanie Oade takes a broader view of lyric identifying traits and characteristics that are common to both music and poetry thus transcending the boundaries of individual art forms in order to consider the genre in larger interdisciplinary terms It offers insights into compositional processes and challenges audiences to think about ways of engaging with music and poetry More than anything it shows how

ancient voices continue to resound in modernity and offer everlasting expression for our own experiences and emotions
