Howard, John M. Streck, 2021-10-21 Apostles of Rock is the first objective comprehensive examination of the contemporary Christian music phenomenon Some see CCM performers as ministers or musical missionaries while others define them as entertainers or artists This popular musical movement clearly evokes a variety of responses concerning the relationship between Christ and culture The resulting tensions have splintered the genre and given rise to misunderstanding conflict and an obsessive focus on self examination As Christian stars Amy Grant Michael W Smith DC Talk and Sixpence None the Richer climb the mainstream charts Jay Howard and John Streck talk about CCM as an important movement and show how this musical genre relates to a larger popular culture They map the world of CCM by bringing together the perspectives of the people who perform study market and listen to this music By examining CCM lyrics interviews performances web sites and chat rooms Howard and Streck uncover the religious and aesthetic tensions within the CCM community Ultimately the conflict centered around Christian music reflects the modern religious community's understanding of evangelicalism and the community's complex relationship with American popular culture      **Witnessing Suburbia** Eileen Luhr, 2009-02-10 Witnessing Suburbia is a lively cultural analysis of the conservative shift in national politics that transformed the United States during the Reagan Bush era Eileen Luhr focuses on two fundamental aspects of this shift the suburbanization of evangelicalism and the rise of Christian popular culture especially popular music Taking us from the Jesus Freaks of the late 1960s to Christian heavy metal music to Christian rock festivals and beyond she shows how evangelicals succeeded in witnessing to America's suburbs in a consumer idiom Luhr argues that the emergence of a politicized evangelical youth culture in fact ranks as one of the major achievements of third wave conservatism in the late twentieth century      **Worship Music in the 21st Century** Marius E.

Marton,2015-09-09 This book was born out of necessity and desire of the author to learn about proper church music in regards to melody harmony lyrics instrumentation and rhythm The necessity is for clearer guidelines for pastors and musicians since there are many debates and divisions over worship music The author desired a deeper understanding since he is a professional musician who was criticized for his choice of instruments style and genre This book informs the reader of the musicological and theological aspect of worship music It examines and explains the role of electric instruments and drums in 21st century worship It helps music leaders make better decisions when it comes to building a church band and selecting proper music This book also helps answering some myths people have about instrumentation style rhythm lyrics and harmony in respect to theology culture and musicology vs personal preference This book will encourage today s musicians to explore invent develop and enrich worship with their music It will also help mend the gap between generations in regards to change as good Christians will realize that drums were not invented by the devil and if rightly used could be a wonderful addition to the church band     Encyclopedia of Satanism James Lewis,     Popular Music Roman

hip hop to gospel showing just how transformative music has been and how much God wants to use it to change the world again Brown contends that it is time for all Christians to make a concerted effort to recover the potential of anointed music and song in our assemblies and in society in our services and on the streets in studios and in schools The counterculture revolution of the 1960s only succeeded with the help of satanically inspired music and mind altering drugs Could it be that today s Jesus revolution can only succeed with the help of Spirit inspired music and a life altering encounter with God What else will produce the necessary change in our perspective After reading this book believers will never again listen to music the same They will finally understand its power and divine origin but more importantly they will know how God wants to use it to usher in a global outpouring that will change the world forever This book will show you how music can either indoctrinate or educate you spark rebellion or patriotism and drive you to the devil or draw you closer to God This book will stir up musicians artists and worshippers everywhere to dive deeper into an appreciation and adoration of the One Himself who created sounds songs and melodies BECKAH SHAE Dove Award Nominated Singer Songwriter Musicians and non musicians alike will be inspired by the powerful ways God intends to use music in today s end time drama BOB SORGE Author of *Exploring Worship A Practical Guide to Praise and Worship* Dr Brown has written a must read for all musicians singers and songwriters who desire to harness the power of music to glorify Jesus change the atmosphere and release heaven s sound on the earth KELANIE GLOECKLER Worship Leader and Songwriter Executive Director of Access Worship International
