Encyclopedia of White-Collar & Corporate Crime Lawrence M. Salinger, 2005 In a thorough reappraisal of the white collar and corporate crime scene this Second Edition builds on the first edition to complete the criminal narrative in an outstanding reference resource

Gangster Capitalism Michael Woodiwiss, 2005 We know all about organized crime Blockbuster movies and books and thousands of news stories continually tell an eager public that organized crime is what gangsters do Closely knit ethnically distinct and ruthlessly efficient these mafias control the drugs trade people trafficking and other serious crimes If only states would take the threat seriously and recognize the global nature of modern organized crime the FBI s success against the New York mafias could be replicated throughout the world The wicked trade in addictive drugs could be halted The trouble is as Michael Woodiwiss demonstrates in shocking and surprising detail what everyone knows is pretty much completely wrong Organized crime is dominated by employees of multinational companies politicians and bureaucrats Gangsters are a problem but they are minor players when compared with the intelligence and law enforcement agencies that selectively enforce drugs prohibition and profit from it

The position of large corporations in the global economy provides the most mouth watering opportunities for illegal profits Woodiwiss shows how respectable businessmen and revered statesmen have seized these opportunities in an orgy of fraud and illegal violence that would leave the most hardened Mafioso speechless with admiration **Profit Without Honor**
Stephen M. Rosoff, Henry N. Pontell, Robert Tillman, 2002 For courses in American Culture White Collar Crime Social Problems Criminology and Law Society The second edition of Profit Without Honor discusses and explains various types of white collar crimes in easily understood terms in an engaging and entertaining manner The nature and extent of these acts are fully documented using academic and popular sources The text also looks at the damage inflicted upon victims and the larger society its institutions and culture as a whole showing it to be much greater than that of common crime *Time*
Briton Hadden, Henry Robinson Luce, 1991-10
