National Library of Medicine (U.S.)

Back To Basics Food And Shelter For The Elderly:

Back to Basics Patricia A. Wagner, John M. McRae, 1979 **Lifestyles and Housing of Older Adults** Leon A. Pastalan, Marie E. Cowart, 1989 How do living environments affect the well being of older residents Using one state s strategies for meeting the housing needs of record numbers of older adults experts illustrate how the living environment influences the cognition social support and self esteem of the elderly In this authoritative volume academicians architects builders planners gerontologists and policymakers will find an instructive in depth discussion on the housing requirements that are unique to the elderly Innovative solutions to the special physical and social challenges that older adults present to professionals are fully addressed **Nutrition and the Elderly** Charlotte Kenton, 1981 **Current Catalog** National Library of Medicine (U.S.), 1980 First multi year cumulation covers six years 1965 70 *Occupational Therapy Strategies and Adaptations for Independent Daily Living* Florence S. Cromwell, 1984 This volume contains the clinical expertise of some fourteen authors or author teams addressing the issue of occupational therapy to assist in independent daily living the articles range from an overview of the role of occupational therapists to specific applications and technical resources

Technology and Aging in America , 1985 Report on the impact of social change and technological change on older people in the USA briefly describes population trends discusses new health technology and the role of health services in prevention after care and care of the aged considers housing and living conditions and income generating activities and job adaptation to facilitate labour force participation of older workers etc Glossary graphs illustrations references statistical tables **Elder Law Portfolio** Harry S. Margolis, 1995-12-31 In depth timely and practical coverage of key issues in elder law practice Written by outstanding elder law experts this unique publication is the first place to look for detailed answers to pressing questions concerning Medicaid long term care planning healthcare issues trusts powers and guardianship every facet of today s elder law practice Each portfolio has distinctive title and author The series includes 28 portfolios to date

Literature Search National Library of Medicine (U.S.), 1981 **Alternative Planning History and Theory** Dorina Pojani, 2022-12-27 This book includes twelve newly commissioned and carefully curated chapters each of which presents an alternative planning history and theory written from the perspective of groups that have been historically marginalized or neglected In teaching planning history and theory many planning programs tend to follow the planning cannon a normative perspective that mostly accounts for the experience of white Anglo Christian middle class middle aged heterosexual able bodied men This book takes a unique approach It provides alternative planning history and theory timelines for each of the following groups women the poor LGBTQ communities people with disabilities older adults children religious minorities people of color migrants Indigenous people and colonized peoples in South Asia and Sub Saharan Anglophone Africa To allow for easy cross comparison chapters follow a similar chronological structure which extends from the late 19th century into the present The authors provide insights into the core planning issues in each time period and review the different stances and

critiques The book is a must read for planning students and instructors Each chapter includes the following pedagogical features 1 a boxed case study which presents a recent example of positive change to showcase theory in practice 2 a table which lays out an alternative planning history and theory timeline for the group covered in the chapter and 3 suggestions for further study comprising non academic sources such as books websites and films

Elderly People and the Environment Irwin Altman, M. Powell Lawton, Joachim F. Wohlwill, 2013-06-29 The present volume in our series follows the format of the immediately in dealing with a topical theme of considerable importance preceding ones in the environment and behavior field In view of current and projected demographic trends it is a certainty that a broad ranging set of issues concerned with the elderly and the physical environment will continue to be of focal pertinence if not of increasing importance in the remaining decades of this century The present volume also follows in the tradition of earlier volumes in the series in being eclectic with respect to content theory and methodology and in including contributions from a variety of disciplines such as anthropology economics psychology geography and urban and regional planning To have encompassed the whole array of disciplines and topics in this emerging field in a single volume would have been impossible We trust that the sample of contributions that we have selected is provocative and that it will illustrate the range of problems and topics and point to promising areas of study and analysis We are pleased to have M Powell Lawton as a guest co editor for this volume His broad ranging expertise perceptive judgment and fine editorial talents have contributed enormously to the volume
