## **Backpacking And Walking In Italy:**

*Backpacking and Walking in Italy* Stefano Ardito, 1987      *Walking the Alpine Parks of France & Northwest Italy* Marcia Lieberman, 1994 Suggests hikes in five French and one Italian national parks and offers tips on trip planning map sources and safe hiking      *Walking in Italy's Val Gardena* Laurel Barton, 2017-01-31 There are many hiking guides to Italy's Dolomites featuring long treks of 4-6 hours as well as multi-day ventures and the famous via ferrata. What makes this one so special? This is a guide to easier options for walking in Italy's breathtaking Val Gardena. Seniors, people with children, and anyone who wants to experience the mountains but not climb them will benefit from the 20 walks that are carefully described. In this book, Laurel and Ric Barton guide you through the breathtaking scenery using itineraries suitable for anyone who likes to walk, likes to be in nature, and who enjoys Italy but may not have the stamina for longer, more strenuous hikes. This unique guide includes 20 walks in and near the Val Gardena towns of Ortisei, Selva, and Santa Cristina, as well as information on when to visit, how to get around without a car, suggestions for lodging, and sample itineraries to help you plan your stay of 3, 5, 7, or more nights. Of special interest will be the easy hikes in the amazing Alpe di Siusi. Included are directions to the trailheads, walking time, and distance; where to eat along the trail; 39 beautiful photographs; plus details on how to use the system of mountain lifts and buses to access the high meadows and breathtaking Dolomite views. You will discover delightful rifugi, mountain restaurants offering shelter and great food, making each walk a special expedition. In addition, every walk is accessible by public transportation. The authors have traveled to Ortisei annually, exploring this mountain paradise, discovering and documenting the walks to share with you so you can be certain every hike is within your ability.      **Walking Italy** Rachael Martin, 2024-12-30 Walking holidays have become more popular, and it certainly looks like they're here to stay. In 2022, Mintel found that walking is the UK's most popular active holiday, while in June 2023, the New York Times ran a headline that claimed 2023 as the year of the walk. Whether it's setting off on a long walk or going walking for the day, it doesn't get much better than doing it in Italy. Italy has it all: mountains, hilltop towns, medieval squares, olive groves, vineyards, Renaissance art routes which speak the stories of people and places. This is a book about walking that's not necessarily for walkers. It's for those who love walking and go regularly, but it's also aimed at beginners, those of us who enjoy a walk followed by lunch or dinner in a medieval square and a night at a cosy B & B. Maybe you'll never actually go on any of the walks. This is also the book for you. It's full of the history and stories of routes and places so you can go on your own journey from the comfort of your living room. It gives you all the relevant links you'll need, such as up-to-date maps, detailed routes, GPS navigation, updates, further reading, and advice on the walking itself. Start reading, start dreaming, and maybe you too could be walking through Italy soon.      Scottish Wild Country Backpacking Peter Edwards, David Lintern, Stefan Durkacz, 2022-08-15 Stunning backpacking routes in the Scottish Highlands and Islands are covered in this inspiring large-format guidebook. 30 routes are described, ranging from 1-4 days, with most suitable for a long weekend.
