Coast Guard,1976 *Alaska Highway* Ed Readicker-Henderson,Lynn Readicker-Henderson,20012-06-15 The most comprehensive and enjoyable guide to traveling the highway from British Columbia up to Prudhoe Bay Covers Fairbanks Anchorage Denali National Park Valdez and much more Filled with inside tips on where to see wildlife the sites you shouldn t miss the best places to camp You ll also find information on sidetrips along alternate highways the Top of the World the Haines the Stewart Cassiar the South Klondike the Richardson and the Glen A one stop resource for Alaska bound travelers Includes a detailed chapter on the Alaska Marine Highway the ferry system that is one of the best ways to see and reach otherwise inaccessible areas While the Milepost will give you every pullout and scenic view on the highway this book is great reading about what to do and what to see on your way The information is very accurate and interesting In this book when you look up a certain place you end up reading on and on Amazon com customer I recently rode my motorcycle up the Alaska Highway and space was pretty limited I photocopied pages out of various other books but brought this one along intact It stayed in my tankbag every day was brought out at every meal and was pored over in hotel rooms at night I m also a writer and my Adventure Guide to the Alaska Highway became my de facto notebook on the trip post it notes of every color peek out from its pages notes line the margins There are a finite number of places to stop along the Alaska Highway most guidebooks will give you pretty much all of them What makes this one different is its tone The authors obvious enjoy both the road and writing about it Personal anecdotes are lightly sprinkled into the text giving the impression that yes the authors know what they re talking about I learned little bits of history about the areas I rode through not so much that it weighed down the book but just enough to pique my interest and send me scampering to the library once I got back Also the book is laid out very well The font is easy on the eyes bold section headers made it easy to find what I was looking for even while balancing the book on my tankbag after pulling to the side of some gravelly road in the middle of nowhere Carolyn Boyce reader If you think you ll ever want to plan a trip either by car or motorcycle to the great state of Alaska this book is a must have Not only does provide everything you could ever ask for it

comes in a small package that packs away nicely Big D reader I took this book with the AAA guidebook on my trip to Alaska read the AAA intro on the plane there and read only this book for the rest of the trip We traveled more than 2 000 miles on the Alaska Highway This book has been a great companion and guide book wherever we go I even did some more reading on the plane back home because the writing was interesting It may be partly because Alaska is such an interesting subject but the book is definitely fun to read Amazon com customer
