M. Alon,2015-11-08 The Pharaoh Akhenaten was one of the most enigmatic people in ancient Egyptian history Perhaps even in all of history Often referred to as the heretic King Akhenaten changed everything about Egypt From the way religion was practiced to the art Perhaps the most striking change was the art He was often depicted with odd physical characteristics These characteristics were not just relegated to his statuary but to Akhenaten and his family as well Until this day historians are trying to figure it out Some say these physical deformities were a result of inbreeding This would not be surprising since this was quite common in Ancient Egypt Akhenaten's inbreeding in his own family was well known so perhaps the historians are correct We may never know but one thing is for sure the mystery of the Pharaoh Akhenaten and his family will endure for eternity In this book we will cover ever so briefly the life of Akhenaten the Son of the Sun About The Interviews with History Series The goal of the Interviews with History series is to provide concise biographical information for people who want to read biographies but do not have the time to read hundreds of pages or purchase expensive study courses What you read in an Interviews with History Titles are the pertinent facts no filler Written in an easy to understand and conversational fashion
