Orozco was not part of the conspiracy He was unaware that he was to be the fall guy who would take the blame when the
news of the massacre broke Unwittingly Major Orozco played his role perfectly He promised Judge Cortes that he would
inform the general in charge of the region and request reinforcements Immediately he sent a report to General Jaime Usc
tegui He recommended sending three battalions in three helicopters Nothing was done Orozco's crime was clear He told the
truth In a system like the one that exists in Colombia the truth ruins everyone's prospects and accounts for the high level of
indifference and silence since no one will risk saying anything for fear of losing what they have Robin Kirk More Terrible

Museums, Exhibitions, and Memories of Violence in Colombia Jimena Perry, 2023-06-16 This book explores how recent Colombian historical memories are informed by cultural diversity and how some of the country's citizens remember the brutalities committed by the Army guerrillas and paramilitaries during the internal war 1980-2016 Its chapters delve into four case studies The first highlights the selections of what not to remember and what not to represent at the National Museum of the country The second focuses on the well received memories at the same institution by examining a display made to commemorate the assassination of a demobilized guerrilla fighter The third discusses how a rural marginal community decided to vividly remember the attacks they experienced by creating a display hall to aid in their collective and individual healing Lastly the fourth case study also about a rural peripheric community discusses their way of remembering which emphasizes peasant oral traditions through a traveling venue By bringing violence memory and museum studies together this text contributes to our understanding of how social groups severely impacted by atrocities recreate and remember their violent experiences By drawing on displays newspapers interviews catalogs and oral histories Jimena Perry shows how museums and exhibitions in Colombia become politically active subjects in the acts of reflection and mourning and how they foster new relationships between the state and
