Alain Resnais Qui Etesvous:

Landscapes of Loss Naomi Greene, 1999-04-18 In this book Naomi Greene makes new sense of the rich variety of postwar French films by exploring the obsession with the national past that has characterized French cinema since the late 1960s Observing that the sense of grandeur and destiny that once shaped French identity has eroded under the weight of recent history Greene examines the ways in which French cinema has represented traumatic and defining moments of the nation s past the political battles of the 1930s the Vichy era decolonization the collapse of ideologies Drawing upon a broad spectrum of films and directors she shows how postwar films have reflected contemporary concerns even as they have created images and myths that have helped determine the contours of French memory This study of the intricate links between French history memory and cinema begins by examining the long shadow cast by the Vichy past and shifting political and historical perspectives toward the nation s more distant past which also emerged in these years Finally the mood of nostalgia and melancholy that appears to haunt contemporary France is analyzed in the context of films about the nation s imperial past as well as those that hark back to a golden age a remembered paradis perdu of French cinema itself Cinema as a Worldbuilding Machine in the Digital Era Alain Boillat, 2022-08-09 This essay examines the primacy of worldbuilding in the age of CGI transmedia practices and high concept fiction by studying the principles that govern the creation of a multiverse in a wide range of film and TV productions Emphasis is placed on Hollywood sci fi movies and their on screen representation of imaginary machines that mirror the film medium following in the tradition of Philip K Dick's writings and the cyberpunk culture A typology of worlds is established as well as a number of analytical tools for assessing the impact of the coexistence of two or more worlds on the narrative structure the style uses of color editing practices the generic affiliation or hybridity the seriality and the discourse produced by a given film particularly in fictions linked to post 9 11 fantasies Among the various titles examined the reader is offered a detailed analysis of the Resident Evil film series Total Recall and its remake Dark City the Matrix trilogy Avatar Source Code and other time loop films TRON and its sequel Christopher Nolan's Tenet and several TV shows most notably HBO s Westworld but also Sliders Lost Fringe and Counterpart *Creative Encounters* with French Films Emily Zants,1993 Narration and Spectatorship in Moving Images Barbara Fisher Anderson, Joseph D. Anderson, 2009-03-26 Philosophers and students of the arts have wondered since the time of Aristotle about the nature of aesthetic experience and how this experience can seemingly be evoked by works of art For more than a century producers and directors of motion pictures have made decisions about how to craft them based upon assumptions about complex stylistic devices and the effects such patterns of organization have on viewers Over the past few years film scholars have made considerable progress in analyzing the manifold connections that exist between stylistic patterns and aesthetic effects for moving images of all kinds In doing so they have increasingly drawn upon insights and methodologies derived from psychology The international conference from which this volume takes its contributions and its title was organized to

encourage the seeking of descriptive models pertaining to those elements of filmic construction that account for specific aesthetic experience The focus of the current selection of twenty essays is therefore on the elements of filmic narration and their presumed aesthetic effects. The editors are pleased to strengthen the link between film studies and psychology in the interest of gaining tangible insight into the ancient mystery of the link between art and aesthetic experience à l'écran Gilles Visy, 2010 Litt rature et cin ma domaine que l on pourrait ouvrir aux productions t l visuelles constituent les objets d'tude premiers de Gilles Visy Des domaines aux liens paradoxaux et souvent tendus toutefois soud s par cette notion commune d criture Qu elle soit litt raire ou filmique qu elle concerne le passage de l un l autre d un support l autre elle est questionn e travers cette collection d'articles qui soul ve la probl matique de l'adaptation et ce qu'elle impose comme refonte du mat riau initial qui interroge la mani re dont le cin ma peut se positionner face sa soci t ou au temps mais encore les strat gies narratives mises en place au sein de deux grandes uvres francophones Un recueil d articles mosa que o il est question de cin ma ou de litt rature de cin ma et de litt rature de leurs rapports intimes voire substantiels mais aussi de leurs natures exclusives Et l on reconna tra au fil de ces pages et des analyses qu elles dispensent quelques uns des th mes transversaux chers Gilles Visy savoir celui des m tamorphoses de l crit celui du culte ceux encore de l image qu elle soit filmique ou litt raire et de la r ception de l uvre Un ouvrage qui s il prend la forme d un bilan de recherches atteste d une d marche de Nicholas Thomas, James Vinson, Samantha Cook, 1990 Each entry contains information lists of cast and crew a select bibliography and an essay by a specialist in the field Many include a still shot L'Année dernière à Marienbad (Last Year in Marienbad) Jean-Louis Leutrat, 2019-07-25 A quintessential work of 1960s European art cinema L Ann e derni re Marienbad Last Year in Marienbad 1961 was a collaboration between director Alain Resnais and New Novel enfant terrible Alain Robbe Grillet Three people known only by their initials move through the sprawling luxury of a mysterious hotel and its ornamental gardens Perhaps M is A s husband and X her lover Perhaps last year A promised X she would leave with him Or is there something more terrible in the past An abstract thriller a love story a philosophical puzzle the film's deviations are for Jean Louis Leutrat as complex as those of the human heart Biographical Sketches of Cartoonists & Illustrators in the Swann Collection of the Library of Congress Sara Duke, 2014-01-31 Inside this book are short biographical sketches about the many artists represented in the Library of Congress Swann Collection compiled by Erwin Swann 1906 1973 In the early 1960s Swann a New York advertising executive started collecting original cartoon drawings of artistic and humorous interest Included in the collection are political prints and drawings satires caricatures cartoon strips and panels and periodical illustrations by more than 500 artists most of whom are American The 2 085 items range from 1780 1977 with the bulk falling between 1890 1970 The Collection includes 1 922 drawings 124 prints 14 paintings 13 animation cels 9 collages 1 album 1 photographic print and 1 scrapbook Night and Fog Sylvie Lindeperg, 2014 Fran ois Truffaut called Night and

Fog the greatest film ever made But when Alain Resnais finished his documentary with its depiction of Nazi atrocities the resistance of the French censors was fierce A mere decade had passed since the end of the war and the French public was unprepared to confront the horrors shown in the film let alone the possibility of French complicity In fact it would be through Night and Fog that many viewers first learned as film critic Serge Daney put it that the worst had only just taken place An engrossing account of the genesis production and legacy of Resnais's incomparable film this book documents in extraordinary detail how a film that began as a cinematic spin off of an educational exhibition on resistance liberation and deportation went on to become a significant step in the building of a collective consciousness of the tragedy of World War II Sylvie Lindeperg frames her investigation with the story of historian Olga Wormser Migot who played an integral role in the research and writing of Night and Fog and whose slight error on one point gave purchase to the film's detractors and revisionists and Holocaust deniers Lindeperg follows the travails of Resnais Wormser Migot and their collaborators in a pan European search for footage photographs and other documentation She uncovers creative use of liberation footage to stand in for daily life of the camps featured to such shocking effect in the film a finding that raises hotly debated questions about reenactment and witnessing even as it enhances our understanding of the film's provenance and impact A microhistory of a film that altered the culture it reflected Night and Fog offers a unique interpretation of the interworking of biography history politics and film in one epoch making cultural moment Nuit et Brouillard Sylvie Lindeperg, 2007-01-18 C est par le cin ma que je sus que le pire venait juste d avoir lieu crivait le critique Serge Daney Plus pr cis ment gr ce Nuit et Brouillard le film d Alain Resnais sorti en 1956 Walter Benjamin incitait l'historien d'couvrir dans l'analyse du petit moment singulier le cristal de l v nement total C est ce que propose Sylvie Lindeperg dans cette microhistoire du court m trage qui a margu profond ment notre imaginaire des camps nazis partir d archives in dites elle reconstitue la gen se et les enjeux du film Elle s interroge sur les lectures et les usages parfois inattendus ou contradictoires dont Nuit et Brouillard a fait l'objet en France comme l'tranger Elle retrace le destin singulier de ce lieu de m moire en suivant l'volution des regards port s sur les images et sur l v nement depuis cinquante ans Elle pose dans toute son actualit la question du rapport entre l archive et la repr sentation des camps Sylvie Lindeperg historienne est ma tre de conf rences l'universit Paris III Sorbonne Elle a publi Les crans de l'ombre La Seconde Guerre mondiale dans le cin ma fran ais prix Jean Mitry de l'Institut Jean Vigo et Clio de 5 7 Les The French Review James Frederick Mason, Hélène Harvitt, 1988 actualit s film es de la Lib ration Dino Buzzati, Qui êtes-vous?
