**Pioneers of Modern Craft** Margot Coatts,1997 Pioneers of modern craft profiles key figures in the history of contemporary twentieth century crafts It focuses on the lives and times of prominent individuals who were or became influential throughout the pre and post war periods in Britain such as David Pye Gerald Benney Gerda Flockinger Edward Barnsley and William Staite Murray      *Improvisation Hypermedia and the Arts since 1945* Roger Dean,Hazel Smith,2013-11-05 First Published in 1997 The authors purpose in this book is to dissect developments in improvisation in the arts since 1945 with a particular emphasis on process and technique The approach is analytical and theoretical but is also relevant to practitioners and their audience Their key argument is that improvisation has been of great importance and value in the contemporary arts particularly because of its potential to develop new forms often by breaking definitions

**Modernism and the Occult** John Bramble,2015-03-04 This study of modernism s high imperial occult exotic affiliations presents many well known figures from the period 1880 1960 in a new light Modernism and the Occult traces the history of modernist engagement with irregular heterodox and imported knowledge      **Benezit Dictionary of British Graphic**

**Contemporary Art in Print** Charles Booth-Clibborn,2006      **Artists and Patrons in Post-war Britain** Courtauld Institute of Art,2017-11-01 This title was first published in 2001 An examination of art and patronage in Britain during the post war years It consists of five case studies initially written as MA theses that closely investigate aspects of the mechanisms of patronage outside the state institutions while indicating structural links within it The writers have sought to elucidate the relationship between patronage the production of art and its dissemination Without seeking to provide an inclusive account of patronage or art production in the early post war years their disparate and highly selective papers set up models for the structure of patronage under specific historical conditions They assume an understanding that works of art are embedded in their social contexts are products of the conditions under which they were produced and that these contexts and conditions are complex fluid and imbricated in one another      **Beyond the Page** Emily Hannam,2024-05-14 A richly illustrated

exploration of the impact of South Asian Miniature painting on contemporary art This book tells the dynamic story of contemporary art s engagement with the miniature painting traditions of South Asia from the sixteenth century onwards and the role of Britain in these developments This is the first publication to address this remarkable painting tradition on a transhistorical and transnational scale Readers are invited to admire the formal technical and conceptual innovations of some

of the most exciting historic and contemporary artists from South Asia while reflecting on questions of culture and power in the entangled histories of empire and globalization Many of the greatest collections of South Asian paintings are held in Britain and some of the pivotal encounters that shaped this story happened in London The process of these acquisitions and their central role within British and South Asian art histories are explored in this book The book also demonstrates how the traditions of South Asian miniature painting have been reclaimed and reinvented by modern and contemporary artists exploding beyond the pages of illuminated manuscripts to experimental forms that include installation sculpture and film While miniature painting represented a strand of cultural resistance to colonial rule in the early twentieth century artists continue to find contemporary relevance in the possibilities offered by this tradition Beyond the Page is richly illustrated with historic works from the Victoria Albert Museum the British Library the British Museum the Ashmolean the Bodleian Library and the Royal Collection Trust It also features work by artists from different generations working in dialogue with the miniature tradition including Hamra Abbas David Alesworth Nandalal Bose Noor Ali Chagani Lubna Chowdhary Adbur Rahman Chughtai Samuel Fyzee Rahamin N S Harsha Howard Hodgkin Ali Kazim Bhupen Khakhar Jess MacNeil Imran Qureshi Nusra Latif Qureshi Mohan Samant Nilima Sheikh the Singh Twins Shahzia Sikander and Abanindranath Tagore

*Annual Bibliography of Modern Art* Museum of Modern Art (New York, N.Y.). Library, 2001 **Historical Dictionary of Shamanism** Graham Harvey, Robert J. Wallis, 2015-12-15 A remarkable array of people have been called shamans while the phenomena identified as shamanism continues to proliferate This second edition of the Historical Dictionary of Shamanism contains with examples from antiquity up to today and from Siberia where the term shaman originated to Amazonia South Africa Chicago and many other places Many claims about shamans and shamanism are contentious and all are worthy of discussion In the most widespread understandings terms seem to refer particularly to people who alter states of consciousness or enter trances in order to seek knowledge and help from powerful other than human persons perhaps spirits But this says only a little about the artists community leaders spiritual healers or hucksters travelers in alternative realities and so on to which the label shaman has been applied This second edition contains a chronology an introduction and extensive bibliography The dictionary contains over 500 cross referenced dictionary entries on individuals groups practices

and cultures that have been called shamanic This book is an excellent access point for students researchers and anyone wanting to know more about Shamanism     *The Cumulative Book Index* ,1995 A world list of books in the English language

**The British National Bibliography** Arthur James Wells,1993     *Artbibliographies Modern* ,1994 Abstracts of journal articles books essays exhibition catalogs dissertations and exhibition reviews The scope of ARTbibliographies Modern extends from artists and movements beginning with Impressionism in the late 19th century up to the most recent works and trends in the late 20th century Photography is covered from its invention in 1839 to the present A particular emphasis is placed upon adding new and lesser known artists and on the coverage of foreign language literature Approximately 13 000 new entries are added each year Published with title LOMA from 1969 1971     *Art & Design* ,1993     **Secularism** Mike King,2007-11-29 Spirituality is a difficult subject in the modern world Everywhere from popular media to the university from the bookshelf to the dinner table religions are derided or marginalised and public figures such as Richard Dawkins set upon anyone who admits to a belief in God It seems that science and religion are fundamentally at odds and that a mutual respect is unacceptable to either in their parallel pursuit of truth Yet the majority of Enlightenment authors engaged with both science and spirituality and did not lose their faith Today we tend to see these authors as not having applied full scientific rigour to their religious beliefs but are we correct in dismissing this aspect of their lives so easily In *Secularism* Mike King examines the elements of religion philosophy and science which have contributed to an almost total disavowal of spirituality by contemporary western intellectuals He engages with a wide range of thinkers including Pythagoras Marx Spinoza Darwin and Nietzsche and incorporates detailed studies of a variety of spiritual leaders some of whom readers are unlikely to have considered in this way before to uncover why the western world no longer has any interest in devotion or accords it any respect     **Time and Tide** Nicola Hodges,1993
