Alaska Series 4 Frank Tobuk:

Canadiana ,1981 The History of the Central Brooks Range William Edward Brown,2007 The History of the Central Brooks Range uses rare primary sources in order to provide a chronological examination and history of the Koyukuk region including anthropological descriptions of the Native groups that make the Central Brooks Range and its surroundings their home The history of early exploration mining and the Klondike all overflow into the story of the Koyukuk region and its rich cultural heritage and William E Brown provides a fascinating history of the extraordinary ways of survival employed by pioneers in this rugged northern land Supplemented with detailed descriptions by Robert Marshall The History of the Central Brooks Range is further enhanced by over 150 beautiful full color illustrations from early exploration to the creation of the Gates of the Arctic National Park making this an essential volume for anyone interested in Alaska Native studies

Inventive Teaching Judith Kleinfeld,G. Williamson McDiarmid,William Parrett,1992 **Problems of Definition of Tribe in Alaska Relating to Public Law 93-638** United States. Congress. Senate. Committee on Interior and Insular Affairs. Subcommittee on Indian Affairs,1977 *Canadian Books in Print* ,1996 **Furs and Frontiers In the Far North** John R. Bockstoce,2009-09-15 This comprehensive history of the native and maritime fur trade in Alaska during the eighteenth and nineteenth centuries is without precedent The Bering Strait formed the nexus of the circumpolar fur trade in which Russians British Americans and members of fifty native nations competed and cooperated The desire to dominate the fur trade fed the European expansion into the most remote regions of Asia and America and was an agent of massive change in these regions Award winning author John R Bockstoce fills a major gap in the historiography of the area in covering the scientific commercial and foreign relations implications of the northern fur trade In addition the book provides rare insight into the relationship between the Western powers and the Native Americans who provided them with fur ivory and whalebone in exchange for manufactured goods tobacco tea alcohol and hundreds of other things But this is also the story of the enterprising individuals who energized the Alaskan fur trade and in doing so forever altered the region s history

Problems in Transporting Alaskan North Slope Oil to Domestic Markets United States. Congress. Senate. Committee on Interior and Insular Affairs,1976 **Regional Subsistence Bibliography: Interior Alaska, no. 1** David B. Andersen,1982

American Indian Reservations and Trust Areas Veronica E. Velarde Tiller,1996 Decisions on Geographic Names in the United States United States Board on Geographic Names,1974 Authentic Alaska Susan B. Andrews,John Creed,1998-01-01 In this lively and sometimes poignant collection of essays and autobiographies nearly fifty Alaska Native writers tell of their unique way of life and bear witness to the sweeping cultural changes occurring in their lifetimes They explore a range of experiences and issues including skinning a polar bear traditional domestic and subsistence practices marriage customs alcoholism the challenges and opportunities of modern education balancing traditional and contemporary demands discrimination adapting to urban life the treatment of Native peoples in school textbooks and the social realities of

speaking standard and village English With its fresh perspectives and unfailingly authentic voices this collection is essential for an understanding of Alaska Native peoples today Alliance and Conflict Ernest S. Burch, 2005-01-01 Alliance and Conflict combines a richly descriptive study of intersocietal relations in early nineteenth century Northwest Alaska with a bold theoretical treatise on the structure of the world system as it might have been in ancient times Ernest S Burch Jr illuminates one aspect of the traditional lives of the Iñupiaq Eskimos in unparalleled detail and depth Basing his account on observations made by early Western explorers interviews with Native historians and archeological research Burch describes the social boundaries and geographic borders formerly existing in Northwest Alaska and the various kinds of transactions that took place across them These ranged from violence of the most brutal sort at one extreme to relations of peace and friendship at the other Burch argues that the international system he describes approximated in many respects the type of system existing all over the world before the development of agriculture Based on that assumption he presents a series of hypotheses about what the world system may have been like when it consisted entirely of hunter gatherer societies and about how it became more centralized with the evolution of chiefdoms Accounts of specific people places and events add an immediate experiential dimension to the work complementing its theoretical apparatus and sweeping narrative scope Provocative and comprehensive Alliance and Conflict is a definitive look at the greater world of Native peoples of Northwest Alaska *Folklore, Culture, and Aging* David P. Shuldiner, 1997-04-16 A resource guide by and about elders and the process of aging this volume provides a list of over 1 500 references all annotated covering a wide range of subject areas It is organized under such topics as Customs and Beliefs Narratives Traditional Arts Health and Healing and Applied Folklore and is further divided into regional and topical subheadings It also features works on methods and concepts in field research in folklore oral history and community studies a chapter on general works from other fields of interest as well as a chapter on films The introduction offers not only a description of the nature and role of elders as creators and carriers of culture but also a challenge to readers reflected in the broad range of materials cited defying both narrow conceptions of aging and the aged and limited notions about the full scope of expressive culture addressed by folklore studies The Wolves of Alaska Jim Rearden, 2014-04-04 Jim Rearden is Alaska's most popular outdoors journalist He holds two degrees in wildlife management and was Professor of Wildlife Management at the University of Alaska Fairbanks 1950-54 As a member of the Alaska Board of Game 1954-82 he helped develop the Tanana Flats wolf control program He details with historical accuracy the controversy that erupted when the 1975 program was announced Counterpointing the modern controversy Rearden includes exciting segments of his best selling Alaska's Wolf Man the story of Frank Glaser Alaska's full time government wolf hunter who hunted wolves in the Territory of Alaska 1915-1955 Alaska's wolves are the main characters in this historically and biologically accurate recounting Included are vivid anecdotes about wolves with descriptions of their behavior and way of life examples of their intelligence and expressions of appreciation for their charm and beauty as well as an honest look at their
