Alaska And Back In Three Weeks We Drove The Alcan:

Alaska and Back in Three Weeks (We Drove the Alcan) Grace Kamp Bates, 1978-07 Account of author's trip to Alaska returning by the Alaska Highway in the summer of 1975 The Golden Years at Riverview Trebor Yelar, 2008-05 In my younger days a fondness for Mexico encouraged numerous travels to this wonderful place south of the border. Many pleasant memories linger of the times spent there laced with a liberal amount of unfortunate experiences. The Mexican travels are related in two parts: Mexico The Early Days, chapter 1 in two parts. And another much later, A Mexican Fiasco of the 90's, chapter 2 in three parts. Having an affinity for the North Country, we also traveled there for many years where I made many friends and had an abundance of wonderful experiences as well as a full ration of those less than favorable as described in chapter 3, Oh For a Northern Adventure or Northward Ho Ho. The good fortune of meeting my life-long Canadian friend, hunting and fishing partner, occurred on a return trip from the Northwest Territories in the sixties and is described in the Alaska, almost chapter 4. Moose, bird hunting and fishing were enjoyed during the years of these Canadian ventures; many of these stories and unforgettable incidents are included in the chapter 5, A Couple Times at Little Grebe. Also, numerous moose hunts and adventures are described in Lysander Root River moose hunt and The Mascara, chapters 6, 7 and 8. The second attempt at Alaska was a bit more productive than the earlier ones but even it was not without some interesting drawbacks as described in the Alaska, chapter 9. After retirement to my river cabin for the last 18 or so years, I continue with many undeniably outrageous but stupidly rewarding as well as amusing activities as described in Tar Baby and Ku Joe and the Buck, chapters 10 and 11. Las Vegas, chapter 12, relates an interesting experience on one of the many visits there.

Alaska Highway Flight Log William S. Walker, 2017-02-27 Flying To Alaska A Cross Continent Adventure. Join writer and pilot William S. Walker on one of general aviation's most revered long distance trips: a flight to Alaska. Walker writes Alaska is one of those ultimate journeys for aviators from the Lower 48 because it takes most of them completely out of their comfortable environments not for just a four hour stint or for a few days but for weeks or longer. We were in the air 74 hours flying more than 7,000 miles in a 59 year old Cessna. It was probably the longest flying trip I will ever undertake and perhaps the best I will ever fly although I hope there is even better to come. Alaska Highway Flight Log is Walker's personal daybook of the trip with distances, maps, airport identifiers and foremost his personal observations on the flying trip of a lifetime.

Alaskan homefront **The Heart of a Pilot** Thomas Lee Bangart,2010-04-09 It was during a time when his family was financially down that the author discovered his passion In a county fair where it was even hard for him and his mother to experience a single ride he found himself fascinated with only one amusement the old Curtis Robin airplane Luckily for him a family friend gave him the chance to ride it himself As soon as the engine roared to life and the airplane lurched forward across the rough pasture and into the sky where he could see the beautiful view from above he knew right then that he wanted to go flying for the rest of his life Now in his late seventies Bangart relives his wonderful journey through the skies and life to bring inspiration to others In this autobiography he reminisces his adventures as a pilot during the Great Depression treating the reader with an inside look at growing to manhood during the first half of the twentieth century His descriptions of the early days of Alaska bush flying and the trials and hazards of the early airline flying are given in great detail A person does not have to be a pilot or airplane enthusiast to enjoy this book It covers such things as driving the Alaska Canadian highway both in summer and winter weather making a home in Alaska with a new bride how government has brought many changes in our lives and many insights into life itself If you have been a passenger on an airliner during these early years this book will give you a perception to what went on behind the closed cabin door where the pilots were secluded

My Year As an Alaskan Bush Pilot Robert Brantner,2003-09 An Alaskan Adventure Alan R. Adaschik,2014-02-14 Alan Adaschiks dream was to visit Alaska Americas last frontier and a place which abounds with wildlife and unspoiled wilderness Upon retirement Al and his wife Gayle sold everything and bought a thirty seven foot Damon Intruder motor home to make his dream a reality An Alaskan Adventure is a narrative about Al and Gayles trip which highlights the places they visited and the wonderful things they experienced along the way An Alaskan Adventure commences in Indiana following a visit with Als relatives who live there After negotiating the traffic jams of Chicago Al and Gayle traveled I 94 across the northern Great Plains visiting Minnesota North Dakota and Montana along the way Heading north they visited Glacier National Park and continued on to tour Yoho Banff and Jasper national parks in Canada Afterwards Al Gayle picked up the Alaskan Highway which took them to a realization of Als dream The reminder of the book is about Al Gayles travels around the Great Alaskan Triangle a circuit of 900 miles defined by the cities of Tok Fairbanks and Anchorage While negotiating this triangle Al and Gayles primary goals were to find gold in one of the many streams they crossed and to also find a Woolly Mammoth frozen in a glacier Toward this end they took side trips to the White Mountains National Recreation Area Denali National Park The Top of the World Highway and the towns of Homer and Chicken An Alaskan Adventure is not just a book about touring Alaska Al is an environmentalist and a theme evident throughout the book is that the beauty we find around us is fleeting and that if we as a species continue to over populate our world what we see and value so highly is sure to go away
