Isaac Albéniz Walter Aaron Clark, 2002 Walter Aaron Clark's detailed and accurate account, the first in English, of one of the most intriguing figures of the Romantic period is now available in paperback. Isaac Albéniz (1860-1909), a renowned concert pianist, created a national style of Spanish piano music and also fostered the growth in Spain of the concerto, orchestral music, and opera. His career was to become the stuff of legend: a touring child prodigy who supposedly stowed away on a steamer to the New World, he later studied with Liszt and eventually became ensnared in a Faustian pact with the wealthy English librettist Frances Burdett Money Coutts. Based on a wealth of new and previously overlooked documentary evidence, this biography debunks the mythology surrounding Albéniz's career, much of it spun by the composer himself, and reveals a complex individual who was able to capture the mystery of Spain in his music yet who in reality felt estranged from his homeland.

Isaac Albeniz Walter Aaron Clark, 2013-07-04 This book presents the most up-to-date biography of the Spanish composer Isaac Albeniz (1860-1909) and is the first to offer a thorough annotated bibliography in addition to an extensive discography, chronology, and list of works. The bibliography treats not only articles, books, dissertations, and exhibition publications but also includes numerous reviews of his operas and other works. An overview of the nature and location of primary sources and the holdings of various archives in England, France, Belgium, Germany, and Spain is an especially useful feature of this book that is not available anywhere else. Albéniz's letters, manuscripts, library, photographs, and other important documents and personal effects are discussed. This guide to research sheds welcome light on one of the most important composers in the history of Spanish music, one whose works won the admiration of Faure, Debussy, and Messiaen and exerted a profound influence on Falla, Turina, and Rodrigo.
