Alberta The Canadian West:

Alberta Douglas Leighton,1995-01-01 *Canada West* Canada. Dept. of the Interior,2022-08-16 In *Canada West* presented by DigiCat Publishing the Canada Department of the Interior has curated a comprehensive exploration of the western territories of Canada Rich with geographical cultural and historical detail this text embodies a synthesis of meticulous government documentation and narrative flair situating it within a significant literary context Reproduced with the respect due to classic literature this edition allows the original integrity of the work to speak to modern readers through a fresh format that balances antiquity with accessibility The literary style while informative does not eschew the aesthetic qualities that elevate it from mere reportage to a work of enduring significance in both governmental literature and the broader tapestry of Canadian national identity The Department of the Interior a fundamental component of the Canadian government has historically held the responsibility of managing natural resources and national land policies Crafting *Canada West* may have stemmed from an innate desire to document the vastness and potential of the nation s landscapes while concurrently serving an administrative function of guiding settlement and economic development The intricate balance between utilitarian data presentation and the embodiment of national spirit reflects the Department s legacy underscoring its role in stewardship and in shaping the Canadian West s ethos *Canada West* is recommended not only to those with scholarly interests in geography history and Canadian studies but also to readers inclined toward the governmental prose that captures the spirit of an era Through DigiCat Publishing s meticulous editing a new audience receives in vivid detail an enduring testament to the landscapes resources and pioneering character of western Canada The book commands respect not merely as a governmental document but as an integral work of literature that through its resurrection in the modern era continues to inform and inspire an evolving canon of Canadian identity and heritage **Alberta, the Canadian West**

Douglas Leighton,1999-01-01 **Alberta (Foothills Cover)** Douglas Leighton,1999-01-01 *Wildlife Adventures in the Canadian West* Dick Dekker,2002 The ultimate in wilderness travel in western Canada This is the story of the author s travels and wildlife observations in all seasons of the year accompanied by his sometimes radical thoughts on wildlife preservation Driven by a deep personal sense of curiosity he paddled hundreds of miles down swift Yukon rivers the Peace River in northwestern Alberta and several remote lake systems in northern Saskatchewan in pursuit of his studies which focus on the intertwined lives of prey and predators From its beginnings the narrative flows like a clear untouched wilderness stream with lively ripples and quiet pools that give pause for reflection and perspective **Peel's Bibliography of the Canadian**

Prairies to 1953 Ernest Boyce Ingles,Bruce Braden Peel,Norman Merrill Distad,2003-01-01 The Prairie Provinces cover Alberta Saskatchewan and Manitoba **Forging Alberta's Constitutional Framework** Richard Connors,John M. Law,University of Alberta. Centre for Constitutional Studies,2005-11 *Forging Alberta s Constitutional Framework* analyzes the principal events and processes that precipitated the emergence and formation of the law and legal culture of Alberta

from the foundation of the Hudson's Bay in 1670 until the eve of the centenary of the Province in 2005. The formation of Alberta's constitution and legal institutions was by no means a simple process by which English and Canadian law was imposed upon a receptive and passive population. Challenges to authority, latent lawlessness, interaction between indigenous and settler societies, periods pre and post 1905 of jurisdictional confusion and demands for individual, group and provincial rights and recognitions are as much part of Alberta's legal history as the heroic and mythic images of an emergent and orderly Canadian west. Patrolled from the outset by red-coated mounted police and peopled by peaceful and law-abiding subjects of the Crown, Papers focus on the development of criminal law in the Canadian west in the nineteenth century, the Natural Resources Transfer Agreement of 1930, the National Energy Program of the 1980s, Federal-Provincial relations and the role and responsibilities of the offices of Justices of the Peace and of the Lieutenant Governor, and the legacies of the Lougheed and Klein governments. *Canadian West - Its Development* Gr. 7-8 Stanford, Frances, *The Borderlands of the American and Canadian West* Sterling Evans, 2006-01-01. The *Borderlands of the American and Canadian West* is the first collection of interdisciplinary essays bringing together scholars from both sides of the forty-ninth parallel to examine life in a transboundary region. The result is a text that reveals the diversity, difficulties and fortunes of this increasingly powerful but little understood part of the North American West. Contributions by historians, geographers, anthropologists and scholars of criminal justice and environmental studies provide a comprehensive picture of the history of the borderlands region of the western United States and Canada. The *Borderlands of the American and Canadian West* is divided into six parts: Defining the Region, Colonizing the Frontier, Farming and Other Labor Interactions, the Borderlands as a Refuge in the Nineteenth Century, the Borderlands as a Refuge in the Twentieth Century, and Natural Resources and Conservation along the Border. Topics include the borderlands environment, its aboriginal and gender history, frontier interactions and comparisons, agricultural and labor relations, tourism, the region as a refuge for Mormons, far-right groups and Vietnam War resisters, and conservation and natural resources. These areas show how the history and geography of the borderlands region has been transboundary, multidimensional and unique within North America. **The Canadian West** Douglas Leighton, 1997-01-01.

Immigration and Settlement, 1870-1939 Gregory P. Marchildon, 2009. *Immigration and Settlement 1870-1939* includes twenty articles organized under the following topics: the Opening of the Prairie West, First Nations and the Policy of Containment, Patterns of Settlement and Ethnic Relations, and Identity in the New West. The second volume in the *History of the Prairie West Series*, *Immigration and Settlement* includes chapters on early immigration patterns, including transportation routes and ethnic blocks, as well as the policy of containing First Nations on reserves. Other chapters grapple with the various identities, preferences and prejudices of settlers and their complex relationships with each other, as well as the larger polity.

Geological Survey of Canada, Open File 3674, **The Limits of Labour** David Bright, 2011-11-01. In a few short decades before the First World War, Calgary was transformed from a frontier outpost into a complex industrial metropolis.

With industrialization there emerged a diverse and equally complex working class David Bright explores the various levels of class formation and class identity in the city to argue that Calgary's reputation as a prewar centre of labour conservatism is in need of revision Bright also delineates the trials of the Calgary labour movement in the 1920s Internal divisions and dissent prevented the movement from realizing the potential strength of the working class Instead even as local capitalism restructured itself political and industrial labour organizations wilfully fragmented their own base of support In particular they failed to address the concerns and needs of the growing number of unemployed in the city a neglect that foreshadowed events of the 1930s This failure left the labour movement unable to meet the challenge of the Great Depression In part at least the demise of labour as a viable political alternative in Calgary paved the way for the rise of Social Credit Using Calgary as a model *The Limits of Labour* reasserts the need to place class formation at the heart of the development of western Canada and provides an historical context to the renewed struggle of labour for social justice in the 1990s *The Records of the Department of the Interior and Research Concerning Canada's Western Frontier of Settlement* Irene M. Spry, Bennett McCardle, University of Regina. Canadian Plains Research Center, 1993 The Dept of the Interior was in existence from 1873 to 1936 *Sandstone Petroleum Reservoirs* John H. Barwis, John G. McPherson, Joseph R.J. Studlick, 2012-12-06 Sandstone Petroleum Reservoirs presents an integrated multidisciplinary approach to the geology of sandstone oil and gas reservoirs Twenty two case studies involving a variety of depositional settings tectonic provinces and burial diagenetic histories emphasize depositional controls on reservoir architecture petrophysical properties and production performance An introductory section provides perspective to the nature of reservoir characterization and highlights the important questions that future studies need to address A reservoir summary following each case study aids the reader in gaining quick access to the main characteristics of each reservoir This casebook is heavily illustrated and most data have not been previously published The intended audience comprises a broad range of practicing earth scientists including petroleum geologists geophysicists and engineers Readers will value the integration of geological versus engineering interests provided here and will be enabled to improve exploration and production results **Prairie Warships** Gordon Errett Tolton, 2007 Richly illustrated and thoroughly researched *Prairie Warships* takes readers to an era when the frontier was under siege when prairie towns were ports of call when a region's lifeblood depended on transport and when the mood of the river determined the fate of a nation **Transforming the Nation** Raymond Benjamin Blake, 2007 The monumental reshaping of Canada during the Mulroney Era *Federal Register*, 1979 **Business America**, 1982 Includes articles on international business opportunities *Geological Survey of Canada, Open File 4111*,
