Levy, 2010-05-11 Seize this opportunity to look more deeply into the narrative themes symbols and mythic elements encountered in the Harry Potter books Drawing from diverse spiritual and scholarly sources The Seeker s Guide to Harry Potter offers seekers of all kinds an open minded guide to the rich layers of meaning and symbolism we encounter in all seven of the novels **Alchemy & Mysticism** Alexander Roob, 2005 Contains images of Christian mysticism art of the romantic era hieroglyphs of cabbalists and freemasons and early scientific illustrations in the fields of medicine chemistry optics and colour theory **Alchemy & Mysticism** Alexander Roob, 2018
Guide to Reprints K G Saur Publishing, 2005-10 The established reference work *Guide to Reprints* has been radically reworked for this edition Bibliographical data was substantially increased where information was obtainable In addition the user friendliness of *Guide to Reprints* was raised to the high level of other K G Saur directories through author title cross references a subject volume a person index and a publisher index In this edition the directory lists more than 60 000 titles from more than 350 publishers **Murshid** Mansur Johnson, 2006 Dear Reader Prepare for a unique adventure of spiritual discovery and transformation you have before you a wild bucking bronco of a ride Hold on from the foreward by Neil Douglas Klotz author of *THE SUFI BOOK OF LIFE* Otis B Johnson was a young college professor of English in the 1960s when he joined the exodus of hippies to California to meet someone his friend said could take them where they wanted to go the fastest Where did they want to go They wanted to meet the divinity obtain God consciousness get enlightened find love experience samadhi in short they didn t know for sure What happened Otis B Johnson became Mansur Johnson during a three year encounter with the world s first Guru Roshi Murshid Samuel L Lewis Murshid shows in intimate detail how Murshid the first Western born Sufi teacher Zen master and practitioner of Indian cosmic metaphysics accomplished his life s purpose
Back cover **The Hidden Gospel** Neil Douglas-Klotz, 2012-12-13 In two previous books Neil Douglas Klotz pioneered a radical new way of translating the words of Jesus filtering them through the imagistic worldview of the Aramaic language which Jesus himself spoke Seen through this lens familiar sayings such as Blessed are the meek come into vibrant contemporary focus as Healthy are those who have softened what is rigid within In *The Hidden Gospel* Douglas Klotz employs this approach to decode the spiritual and prophetic messages hidden within key words and concepts in the sayings and stories of Jesus We learn to our delight for instance that when Jesus spoke of goodness he used a word which in Aramaic means ripe and refers to actions which are in time and tune with the Sacred Unity of all life *The Hidden Gospel* aims to bridge the gap between the historical Jesus of the scholar and the Jesus of faith of Christian believers It will appeal to everyone looking for an alternative spiritual vision of Jesus and his message **Books in Print** , 1982 *Religious Books*

and Serials in Print ,1982 **Arts & Humanities Citation Index** ,1997 **Paperbound Books in Print** ,1982 *The Cumulative Book Index* ,1995 A world list of books in the English language Mysticism and Alchemy through the Ages
 Gary Edson,2012-09-14 An in depth look into the foundations of mysticism and alchemy this book describes both physical and spiritual aspects of the various theories and practices of transformation with attention to the beliefs of Buddhism Christianity Hinduism Islam Judaism Sufism Tantrism Taoism and Yoga The connection between early mystical pursuits and the development of alchemy from ancient China India and Egypt through Moorish Spain and into Latin Europe are illuminated along with the activities of early alchemists The book which is heavily illustrated describes the beliefs experiments and secret messages that drew the believers and dreamers of the world together in search of wealth and immortality Alchemy, Ancient and Modern H. Stanley Redgrove,2017-09-08 Excerpt from Alchemy Ancient and Modern Being a Brief Account of the Alchemistic Doctrines and Their Relations to Mysticism on the One Hand and to Recent Discoveries in Physical Science on the Other Hand It is a regrettable fact that the majority of works dealing with the subject of Alchemy take a one sided point of view The chemists generally take a purely physical view of the subject and instead of trying to understand its mystical language often we do not say always prefer to label it nonsense and the alchemist a fool On the other hand the mystics in many cases take a purely transcendental view of the subject forgetting the fact that the alchemists were for the most part concerned with operations of a physical nature For a proper understanding of Alchemy as we hope to make plain in the first chapter of this work a synthesis of both points of view is essential and since these two aspects are so intimately and essentially connected with one another this is necessary even when as in the follow ing work one is concerned primarily with the physical rather than the purely mystical aspect of the subject Now the author of this book may lay claim to being a humble student of both Chemistry and what may be generalised under the terms Mysticism and Transcendentalism and he hopes that this perhaps rather unusual combination of studies has enabled him to take a broad minded View of the theories of the alchemists and to adopt a sympathetic attitude towards them About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Hidden Symbolism of Alchemy and the Occult** Herbert Silberer,Desmond Gahan,2012-05-19 We thus arrive at a science which may be called paleo psychology Its fossils are the thought forms throughout the ages and such a science seeks to show fundamental likenesses behind the more superficial dissimilarities The present work is a contribution to such a science in that it shows the essential relationships of what is found in the unconscious of present day mankind to many forms of thinking of the Middle

Ages These same trends are present to day in all of us though hidden behind a different set of structural terms utilizing different mechanisms for energy expression *Azoth: or, the star in the East* Arthur Edward Waite,1973 *The Diary of an Alchemist* Dr. Douglas M. Baker,2014-04-15 The Diary of an Alchemist In its attempt to demonstrate the applicability of the fundamental principles of Mysticism to the things of the physical realm Alchemy apparently failed and ended its days in fraud It appears however that this true aim of alchemistic art particularly the demonstration of the validity of the theory that all the various forms of matter are produced by an evolutionary process from some one primal element or quintessence is being realised by recent research in the domain of physics and chemical science The object of the alchemist s search was to satisfy their material needs their intellectual capacities and their spiritual yearning Alchemists of the nobler sort always made the first of these objects subsidiary to the other two There is a distinct difference between what may be called esoteric and exoteric alchemy The latter has an outer and more direct approach in which transmutation is attempted through the employment of purely physical forces This has been the main attraction for the quacks and the curious and has succeeded in concealing mercifully the esoteric approach to alchemy The true alchemist is someone capable of radiating his essence thus affecting the centermost being of those about him This work biographical in nature reveals the author s own struggle in working the basic theme of alchemy which is the acceptance and expression of Cosmic Fire in the service of humanity This is the path of a fire god his birth initiation into and baptism by Fire The alchemists saw the likeness of it in so many chemical reactions in their laboratories that they were struck by certain parallels After all they were witnessing the birth of modern chemistry with all its inorganic phenomena of amalgams silver gold and mercurial platings without any of the rationale which a chemist possesses today This thoroughly researched volume contains many excerpts from the author s diary images lists and drawings
