## **Alcohol And Emerging Markets Patterns Problems And Response:**

*Alcohol And Emerging Markets* Marcus Grant, 2013-05-13 Divided into two parts Alcohol and Emerging Markets begins with a series of case studies that assess alcohol issues in four regions Asia Central and Eastern Europe Latin America and Sub Saharan Africa and four countries China India Mexico and Russia Issues such as past and current public policy developments prevention programs and treatment of alcohol related disorders are addressed as well as the health consequences of alcohol use and abuse In the second part the contributors consider the issues relevant to the entire geographical region covered by the book The book also includes a chapter that examines the role of the industry in emerging markets and suggests a set of guidelines that address alcohol misuse issues

**Alcohol and Emerging Markets** Marcus Grant, 1998 First Published in 1999 Routledge is an imprint of Taylor Francis an informa company

**Drinking in Context** Gerry Stimson, Marcus Grant, Marie Choquet, Preston Garrison, 2013-05-13 Drinking beverage alcohol is a widespread source of individual and social pleasure in most countries around the world Yet some drinking patterns can lead to serious physical mental and social harms Drinking in Context is intended to complement existing volumes dealing with international alcohol policy by focusing on three main themes drinking patterns targeted interventions and partnership development An understanding that patterns of drinking are important predictors of outcomes has led to a growing realization that alcohol policies and prevention strategies need to focus on excessive or irresponsible drinking As a result there has been a shift towards interventions that address the targeted reduction of harm These approaches recognize socio cultural differences and avoid trying to impose a one size fits all solution In this context multi stakeholder partnerships offer an excellent opportunity to promote the complex mix of measures required by each society Shared responsibilities lead to shared solutions

**Drinking Occasions** Dwight B. Heath, 2012-12-06 The main purpose of this book is to describe the variety of drinking occasions that exist around the world primarily in modern industrialized countries As such it celebrates the diversity of normal drinking behavior and illustrates a wide range of beneficial drinking patterns Attention is also paid to the relations between drink and culture that prevail in non Western societies and in developing countries The aims of the book are twofold to deal directly with the challenge of how to define responsible drinking in the face of the world s many different drinking styles and to portray the many ways in which people have thought about or used alcohol as an integral part of their culture

Sex, Drugs and Young People Peter Aggleton, Andrew Ball, Purnima Mane, 2013-09-13 Sexual practices and drug use among the young are examined in this book calling into question mainstream assumptions about adolescence Bringing together a range of cross cultural and cross national contributions the book reveals both similarities and important differences that mark sexuality and drug use among young in different social and cultural settings In doing so it allows the reader to build up a clearer understanding of the challenges that must be faced in public health and education if we are to develop programs and interventions that really serve the needs of young people The book will be of interest to professionals

working with young people and is suitable for a wide range of multidisciplinary courses covering areas such as human sexuality sex education public health and social work

**From Science to Action? 100 Years Later - Alcohol Policies Revisited** Richard Müller, Harald Klingemann, 2007-05-08 Alcohol has been central to social religious and personal use throughout the history Alcohol drinking goes back almost as far as the human race does A hundred years therefore may be seen as only a flash The past century however has witnessed a fundamental change in dealing with alcohol problems Hence to give an overview of a hundred years of alcohol policies is a rather ambitious task and the contributions to this book shed only some light on the way in which alcohol policy issues have changed in this period This authoritative volume is relevant to both scientists and policy makers providing a state of the art in alcohol policy from different perspectives covering both science research treatment and prevention practice and linking these areas

*Learning About Drinking* Eleni Houghton, Anne M. Roche, 2013-05-13 This book is based on the premise that drinking behaviors are primarily learned The contributors to the book explore the complex array of individual and social factors that impact the development of drinking patterns They traverse family and culture influences and the role played by schools government and the beverage alcohol industry Learning About Drinking offers a rigorous and scholarly examination of drinking behavior brought to life with illustrative cases drawn from around the world Social policymakers historians anthropologists public health specialists as well as mental health professionals will find this book of value Learning About Drinking offers a refreshing evidence based look at a process that has too often been taken for granted

**Corporate Social Responsibility and Alcohol** Marcus Grant, Joyce O'Connor, 2013-05-13 Increased scrutiny on the part of the general public media and government has warranted a reexamination of corporate responsibilities standards of accountability the company's role in its local and extended community and its ethical position in our society and culture Corporate Social Responsibility and Alcohol considers the basic values ethics policies and practices of a company's business Particular attention will be paid to the alcohol beverage industry and the many unique issues that are specific to this business such as responsible marketing promotional and advertising campaigns and strategies the particular risks inherent in any alcoholic product issues of abuse prevention research and legal and ethical aspects of alcohol This will be the seventh volume in the ICAP Series on Alcohol in Society

*Alcohol in World History* Gina Hames, 2014-08-21 Presents a history of the effect of alcohol in world history and argues that the production trade consumption and regulation of alcohol has shaped virtually every civilization

**Alcohol and Pleasure** Stanton Peele, Marcus Grant, 2013-05-13 There is no simple threshold between the experience of drinking and the pleasure it can bring on the one hand and the pain and suffering caused by alcohol abuse on the other But if we are to understand the role of alcohol in society then at the very least we need to acknowledge the pleasure as well as the pain Alcohol and Pleasure aims to bring together existing knowledge on the role of pleasure in drinking and determine whether the concept is useful for scientific understanding and policy consideration

**Working Together to Reduce Harmful Drinking** Marcus

Grant, Mark Leverton, 2009-10-05 This book is intended to contribute to the World Health Organization's WHO global strategy to reduce the harmful use of alcohol. It explores areas where alcohol producers' technical competence can and does make a positive contribution to reducing harmful drinking and where industry input has been welcomed by WHO. The book describes each of these areas: producing beer, wine, and spirits; addressing availability of noncommercial beverages; pricing; marketing; and selling beverage alcohol; encouraging responsible choices; and working with others. The final chapter sets out views of how alcohol producers can contribute to reducing harmful drinking in countries where they are present. The messages recurring throughout the book are that reasonable regulation provides the context for good alcohol policy; excessive regulation often leads to unintended negative consequences; leading producers have a proud record of making positive contributions to implementing effective alcohol policies; but there are opportunities to do much more. Russian-U.S. Cooperation in the Fight Against Alcoholism United States. Congress. Commission on Security and Cooperation in Europe, 2014 **Urban Violence and Insecurity** Caroline O N Moser, 2004 **Swimming with Crocodiles** Marjana Martinic, Fiona Measham, 2008-06-19 There is evidence that a distinct pattern of alcohol consumption is emerging across the world and is a cause for concern because of its relationship with a range of health and social problems. Its visibility, particularly its high involvement of young people, makes this not only an issue for public safety and order in many countries but also a highly contentious and politicized subject. This book examines the rapid and heavy drinking behavior by young people described in a number of countries, positioning it within its appropriate social, historical, and cultural contexts. The book argues in favor of a new term, extreme drinking, to fully encapsulate the many facets of this behavior, taking into account the underlying motivations for the heavy, excessive, and unrestrained drinking patterns of many young people. It also acknowledges the drinking process itself and accommodates greater focus on outcomes that are likely to follow. In many ways, extreme drinking is not so far removed from other extreme behaviors such as extreme sports; all offer a challenge; their pursuit is motivated by an expectation of pleasure; and they are, by design, not without risk to those who engage in them, others around them, and society as a whole. Edited by Marjana Martinic and Fiona Measham, *Swimming with Crocodiles* is the ninth volume in the ICAP Book Series on Alcohol in Society. The authors discuss the factors that motivate extreme drinking, address the developmental, cultural, and historical contexts that have surrounded it, and offer a new approach to addressing this behavior through prevention and policy. The centerpiece of the book is a series of focus groups conducted with young people in Brazil, China, Italy, Nigeria, Russia, South Africa, and the United Kingdom, which examine their views on extreme drinking, motivations behind it, and the cultural similarities and differences that exist, conferring at once risk and protective factors. Reasonable Risk Marjana Martinic, Barbara C. Leigh, 2004 First Published in 2004 Routledge is an imprint of Taylor & Francis, an informa company *Handbook of European Homicide Research* Marieke C. A. Liem, William Alex Pridemore, 2011-10-17 This comprehensive work provides a sourcebook of information about the substantive methodological

and policy oriented aspects of homicide research in Europe Part one of this work covers the most recent substantive and methodological information about European homicide research The second part will contains detailed case studies on homicide research in 15 20 individual European nations This work will be both conceptual and practical conceptual and practical Conceptual aspects will focus on theoretical frameworks and patterns and trends of violence in Europe Practical aspects will examine the results of empirical research topics relating to different data sources and the variation of legal definitions of violence throughout Europe and policy issues relating to variation in homicide prevention and punishment of homicide offenders throughout Europe This handbook will not only provide an up to date reference that brings together known information but will also offer previously unpublished comprehensive literature reviews and original research findings The editors distinctive approach is to provide readers with an English language central source of information about the voluminous literature on European homicide research that is currently spread widely in dozens of different European and American journals

**Beer, Sociability, and Masculinity in South Africa** Anne Kelk Mager, 2010 Beer connects commercial social and political history in this sobering look at the culture of drinking in South Africa Beginning where stories of colonial liquor control Mager looks at the current commerce of beer its valorizing of male sociability and sports and the corporate culture of South African Breweries

**Contemporary Issues in Mental Health Care in sub-Saharan Africa** Omigbodun, Olayinka, Oyebode, Femi, 2018-03-13 Seventy percent of the global burden of mental disorders is located in low and middle income countries LMIC including sub Saharan Africa SSA However in Africa only 0 62% of the national health budget is allocated to mental health compared to a global median of 2 8% and 5% in Europe The government is the source of funding in 62% of patients with severe mental disorder in the World Health Organisation WHO Africa Region the lowest of all the WHO regions and lower compared to a global median of 79% This is compounded by poor resources with mental health outpatient facilities in WHO Africa Region being less than 10% of the global median To address these problems the WHO launched its Mental Health Action Gap Programme mhGAP in 2008 to scale up mental health services in low and middle income countries LMIC The book is directed to all policy makers in sub Saharan Africa to aid decision making about the urgent need for sustainable and relevant mental health care strategies and the important areas that need priority The book should be helpful to local and international researchers in formulating research questions relevant to the African continent and it will be of interest to medical practitioners and students in the region as adjunct to standard text books

**Gender Dimensions of Alcohol Consumption and Alcohol-related Problems in Latin America and the Caribbean** Hnin Hnin Pyne, Mariam Claeson, Maria Correia, 2002-01-01 While the World Bank has included the issue of alcohol consumption and production on its agenda for the past ten years it has not included gender dimensions in the issue By focusing on alcohol consumption in Latin America and the Caribbean the instances of death disease and domestic violence arising from alcoholism were tracked This study recommends an approach to dealing with the damage done by alcohol consumption and

production that goes beyond controlling its availability Specifically the measures recommended include increasing knowledge through research developing indicators to measure consumption levels and patterns among men and women and the economic and social consequence of alcohol use integrating the issue of alcohol use and related problems into consultations with governments and civil society organizations and investment lending where appropriate to address the issue

*Vodka Politics* Mark Schrad, 2014-03 Alcohol and alcoholism have long been prominent features in Russian life and culture But as Mark Schrad vividly shows in *Vodka Politics* it has also been central to Russian politics Not simply a chronicle of drinking in Russia this book shows how alcohol has been a key shaping force in Russian political history
