Sims,2014-01-01 Share Don t Take the Lead is a book that offers an alternative perspective on leadership The philosophy of shared leadership is straightforward Leadership does not derive solely from position authority or hierarchy Instead leadership is something that can be executed by anyone who has the best knowledge or skill to undertake the leadership necessary in any given situation Shared leadership is especially relevant for example in empowered teams where shared leadership can be initiated from any team member at any time depending on the needs of the moment and the capabilities of the individuals But the notion of shared leadership is also appropriate in a larger context For example an individual lower in the hierarchy can provide leadership if that person is best qualified to exercise it Shared leadership also shows how hierarchical leaders with formal authority can use empowerment to develop leadership in others This book tells the tales of how multiple trail blazing organizations used shared leadership to build high performance The notion of shared leadership seems to contradict many of the bedrock ideas of efficient management and effective organizations A typical first reaction is It ll never work here Yet the organizations that get it and implement this new powerful approach tend to be more innovative and to out perform their nay sayer competitors In fact shared leadership is one of the most important ideas to hit business in recent years our recent feature article about shared leadership in the Wall Street Journal is testimony to that Shared leadership can provide a way for companies to increase productivity quality and flexibility while meeting the competitiveness challenge Share the Lead provides new insights and information about how to push the organizational envelope to new frontiers *The Alcoholism Trap* Angie Lewis,2007-06-28 Complete book on alcohol addiction in two parts The first part is written for the alcoholic Why does the alcoholic drink and how they can beat alcohol addiction for good The second part is written for the loved one enabler rescuer of an alcoholic Do you feel trapped with the alcoholic Do you feel like you are married to a Jekyll and Hyde You re not alone You can break free when you stop trying to rescue the alcoholic and rescue you instead See the chapter preview at Lulu On the Highway of Life Gunnar Brehme,2019-02-27 A few final remarks from me I had intended to write down a few thoughts as bullet points by hand Loving advice from a father to his children One day after all he won t be there

any longer Just one or two suggestions and tips on how to take charge of their lives But my bullet points turned into lines And each line became a page and the pages were transformed over time into a book The book is called On the Highway of Life and it is a self help guide for teenagers and young adults Easy to understand open honest and timeless in its approach it aims to support those individuals who need to establish their priorities in life Its author is a husband and a father in the middle of his life writing about life for life Born 1971 in Halle an der Saale Sachsen Anhalt Germany Background in agriculture as trainee student researcher and now professional Husband and father friend and author Living with Alcoholism and Drug Addiction Nicholas Lessa,Sara D.
