

Aleksandr Fedorovich Kerenskii

Spencer Tucker

Aleksandr Fedorovich Kerenskii:

The Fall of Tsarism Semion Lyandres,2013-02-07 Reveals to the world for the first time a unique and hitherto undiscovered selection of interviews with leading participants in the February Revolution of 1917 representing the most significant contemporary testimony on the overthrow of Europe s last old regime **The Catastrophe** Aleksandr Fyodorovich Kerensky,1927 Bog skrevet af russeren Kerenskij som blev regeringschef efter martsrevolutionen 1917 Forfatteren giver kritik af den russiske revolution og omtale af interessante politiske eller milit re personer frem til bolsjevikernes magtovertagelse i november 1917 **World War I Almanac** David R. Woodward,2009 Presents a day by day chronology of the events of World War I and a biographical dictionary of people involved in the conflict **Comrade Kerensky** Boris Kolonitskii,2020-10-22 As one of the heroes of the 1917 February Revolution and then Prime Minister at the head of the Provisional Government Alexander Kerensky was passionately even fanatically lauded as a leader during his brief political reign Symbolic artefacts sculptures badges and medals featuring his likeness abounded Streets were renamed after him his speeches were quoted on gravestones and literary odes dedicated to him proliferated in the major press But by October Kerensky had been unceremoniously dethroned in the Bolshevik takeover and had fled to Paris and then to the US where he would remain exiled and removed from his former glory until his death The breakneck trajectory of his rise and fall and the intensity of his popularity were not merely a symptom of the chaos of those times but offer a window onto a much broader historical phenomenon which did not just begin with Lenin and Stalin the cult of the leader In this major new study of the Russian leadership cult Boris Kolonitskii uses the figure of Kerensky to show how popular engagement with the idea of the leader became a key component of a cultural re imagining of the political landscape after the fall of the monarchy A parallel revolution was taking place on the level of creating a resonant political vocabulary where one had not existed before and it was in the shared exercise of bestowing and dissolving authority that a politicised way of seeing began to emerge Kolonitskii plots the unfurling of this symbolic revolution by examining the tapestry of images woven by Kerensky and those around him and in so doing exposes his vital role in the development of nascent Soviet political culture This highly original portrait of a revolutionary sheds new light on the cult of Kerensky that developed around this charismatic leader during the months following the overthrow of the tsar It will be of value to students and scholars of Russian history and to those interested in political culture **National Union Catalog** ,1978 Includes entries for maps and atlases **European Powers in the First World War** Spencer Tucker,2018-12-07 First published in 1996 The First World War was the single most important event of the twentieth century This volume concentrates on non U S aspects of the conflict Organized alphabetically its more than 600 detailed entries offer information and insight on such subjects as the causes of the conflict major battles and campaigns weapons systems including military aviation chemical warfare the submarine and the tank and the terms of the peace Some 350 biographies provide information on the roles played in the conflict by generals admirals and

civilian leaders There are also biographies of individuals who were shaped by the war such as Charles De Gaulle Adolf Hitler Benito Mussolini and Joseph Stalin essays on each of the countries involved in the conflict new appraisals of such subjects as military medicine and artillery tactics and essays on such diverse subjects as art literature and music in the war Each entry has references for additional reading and a subject index provides easy access The volume is an excellent reference source for scholar and neophyte alike

Russian Women, 1698-1917 Robin Bisha, 2002-09-16 Women can do everything men can do the rest Between a woman's yes and a woman's no it's hard to pass a needle What goes in with mother's milk goes out with the soul Russian proverbs This rich anthology of source materials makes available for the first time in any language an extensive variety of primary sources on the lives of Russian women from the reign of Peter the Great to the Bolshevik revolution The selections are drawn from a wide variety of sources published and unpublished including memoirs diaries legal codes correspondence short fiction poetry ethnographic observations and folklore with primacy given to sources produced by women and previously unavailable in English translation Organised thematically the documents focus on women's family life work and schooling public activism creative self expression and sexuality and spirituality as well as on the cultural ideals and legal framework which constrained women of all social classes Introductions to chapters and to individual selections provide context for the sources and highlight both the continuities and changes that occurred in Russian women's lives over time This compendium serves as a unique guide to the social economic political and cultural history of women in Imperial Russia The volume includes illustrations a chronology a glossary of Russian terms a map and a guide to further reading Russian Women Experience and Expression is an ideal collection for classroom use in Russian history literature and culture courses and in comparative courses in women's history

Who's Who in Russia since 1900 Martin McCauley, 2002-09-11 Who's Who is Russia and the Soviet Union is a unique reference guide which examines the leading political economic cultural military scientific and sporting personalities from 1900 1991 Through analysis of figures such as Stalin Brezhnev Khrushchev Yeltsin Ratushinskaya and Sakharov a comprehensive portrait of Russian and Soviet society in this era emerges The book takes the reader up to the collapse of the Soviet Union and provides detailed biographical information on each leading figure bibliographical references with entries as an aid to further research a comprehensive glossary of Russian terms concepts and institutions and a useful chronology of events an accessible and user friendly A Z layout an invaluable guide for students teachers researchers and the general reader alike

Parliaments in the Late Russian Empire, Revolutionary Russia, and the Soviet Union Ivan Sablin, 2024-02-12 This book examines the meanings that were attached to the terms parliament and parliamentarism in the different historical and discursive contexts of the late Russian Empire revolutionary and Soviet Russia and the Soviet Union It discusses those institutions referred to as parliaments by contemporaries gives special attention to their functions and traces the broader debates on parliamentarism within Russia and the Soviet Union in Russian migr circles and among foreign observers It highlights that

only the late imperial and perestroika assemblies can be considered legislative institutions that expressed dissensus but argues that other assemblies often referred to as rubber stamp parliaments due to their lack of legislative competence and influence over other authorities should not be dismissed The Supreme Soviet for instance provided an integrative function binding society and elites in a top down manner while its deputies engaged in information acquisition and state micromanagement through interactions with their constituents It also played an important role in interparliamentary relations and as one of the first institutions of nominal parliamentarism in an autocratic single party regime of which there were many in the twentieth century served as a model for numerous state socialist regimes By addressing the role of parliaments in reassembling imperial spaces through political representation and the functions of nominal legislative institutions the book explores the contribution of Russian and Soviet assemblies to global political modernity

Passage Through Armageddon W. Bruce Lincoln, 1994 Invaded by foreign armies and threatened by the terrors of civil strife Russia's leaders mobilized more than fifteen million fighting men between 1914 and 1918 only to find that at least a quarter of them had no boots rifles or ammunition With field casualties soaring into the millions scourges of starvation and disease joined the enemy's guns to double and treble Russia's human losses Never in modern history had war so devastated a nation Recounting the tale of the Russians' passage through the shattering experience of the First World War and the revolutions of 1917 W. Bruce Lincoln offers a profoundly intelligent and detailed chronology of the watershed events and devastating hardships that led to the Bolshevik Revolution Mining an abundance of resources including letters diaries memoirs government reports military dispatches and testimony given to the revolution's first Supreme Commission of Inquiry he allows the reader to step directly into army headquarters state council chambers boudoirs trenches and underground revolutionary hideaways of the men and women who shaped the events of this crucial era

The Russian Revolution and Civil War 1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature *The Russian Revolution and Civil War 1917-1921* offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state

A Catalog of Books Represented by Library of Congress Printed Cards Issued to July 31, 1942, 1942

An Anti-Communist on the Eastern Front Vladimir Kovalevski, 2023-02-16 Vladimir Kovalevskii's memoirs record in graphic detail a remarkable military career As a soldier a committed anti-communist and Russian patriot he saw from the inside a series of conflicts that

ravaged Europe in the first half of the twentieth century In the First World War he fought the Germans as a White Russian he opposed the Bolsheviks He joined the French Foreign Legion and served in Africa before fighting for Franco in the Spanish Civil War and for Hitler in the Spanish Blue Division on the Eastern Front in the Second World War His memoirs give a vivid insight into the armies he fought with and the causes he fought for and they show how eventually the mental toll became so great that he was devoured by his own contradictions and the contradictions of his times His experiences on the Eastern Front during the Second World War were shocking He hoped the German campaign in the Soviet Union would liberate the Russian people but after witnessing the grim suffering inflicted on the civilian population by a brutal occupying army he was deeply disillusioned and tormented by a sense of guilt In the late 1940s in order to make sense of his life as a soldier and to document the extraordinary sights he had seen he wrote these memoirs in Russian They were buried in an archive for over seventy years but they have now been edited annotated and translated for this first English edition *The Bloomsbury Handbook of the Russian Revolution* Geoffrey Swain, Charlotte Alston, Michael C. Hickey, Boris Kolonitskii, Franziska Schedewie, 2023-01-12 Through 30 interpretative essays The Bloomsbury Handbook of the Russian Revolution sees an international team of leading scholars comprehensively examine Russia's revolutionary years In the wake of the 2017 centenary this handbook is the first reference point for anyone wishing to learn more about the changes which took place in Russia between 1917 and 1921 and subsequently the 20th century Split into six sections covering political crises politicians and parties social groups identities regions and peoples and civil war the volume covers the collapse of Tsarism and the February Revolution the emergence of the Provisional Government and major historical figures such as Lenin Kerensky and the Socialist Revolutionary leader Viktor Chernov It also explores the events surrounding the Bolshevik seizure of power in October 1917 the first year of Soviet Government until the Bolshevik dictatorship was established and the impact on Russia of the subsequent civil war The focus is broader than these issues of high politics however since this handbook also considers events in the provinces as well as revolutionary Petrograd and examines the social impact of the revolution in terms of class gender age and culture

Catalog of Foreign Books & Microfilms in the Possession of the Library of the Faculty of Economics, the University of Tokyo Tōkyō Daigaku. Keizai Gakubu, 1962 **Readings on the Russian Revolution** Melissa K. Stockdale, 2020-09-03 Melissa K Stockdale's Readings on the Russian Revolution brings together and contextualizes 16 of the most important writings on the history of the Russian Revolution It is structured in such a way as to highlight key debates in the field and contrasting methodological approaches to the revolution in order to help readers better understand the issues and interpretative fault lines that exist in this contested area of history The book opens with an original introduction which provides essential background and vital context for the pieces that follow The volume is then structured around four parts Actors and Agency War Revolution Empire Revolutionary Dreams and Identities and Outcomes and Impacts that ensure a detailed exploration of the beginnings events and outcomes of the Russian Revolution as well as

examinations of the central figures key topics and major historiographical battlegrounds Stockdale selects and individually introduces vital scholarship from leading US and UK based academics and also provides translations of two crucial Russian language works published here in English for the first time The book also includes 20 images 10 maps and useful pedagogical features such as further reading lists a glossary and a chronology to further aid study Readings on the Russian Revolution is an essential collection for anyone studying the Russian Revolution The Occult in Russian and Soviet Culture Bernice Glatzer Rosenthal,1997 A comprehensive account of the influence of occult beliefs and doctrines on intellectual and cultural life in twentieth century Russia The Making of Three Russian Revolutionaries Ziva Galili y Garcia,Richard Wortman,1987 This book presents the life histories of three prominent survivors of the Menshevik party Lydia Dan Boris Nicolaevsky and George Denike **Canadian-American Slavic Studies** ,1992 A quarterly journal devoted to Russia and East Europe *The Bolsheviks Come to Power* Alexander Rabinowitch,2004 For generations in the West Cold War animosity blocked dispassionate accounts of the Russian Revolution This history authoritatively restores the upheaval s primary social actors workers soldiers and peasants to their rightful place at the center of the revolutionary process

Aleksandr Fedorovich Kerenskii Introduction

In today's digital age, the availability of Aleksandr Fedorovich Kerenskii books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Aleksandr Fedorovich Kerenskii books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Aleksandr Fedorovich Kerenskii books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Aleksandr Fedorovich Kerenskii versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Aleksandr Fedorovich Kerenskii books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Aleksandr Fedorovich Kerenskii books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Aleksandr Fedorovich Kerenskii books and manuals is Open Library. Open Library is an initiative of the

Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Aleksandr Fedorovich Kerenskii books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Aleksandr Fedorovich Kerenskii books and manuals for download and embark on your journey of knowledge?

FAQs About Aleksandr Fedorovich Kerenskii Books

1. Where can I buy Aleksandr Fedorovich Kerenskii books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
