"A curious and lovely book"—*The New Yorker*

Almanac For Moderns

Andrew Hadfield

Almanac For Moderns:

An Almanac for Moderns Donald Culross Peattie, 2013-10-10 An Almanac for Moderns contains a short essay for each day of the year that contemplates a unique but factual aspect of unbridled nature According to a review in Nation this collection of essays manages to appeal to the ordinary lover of nature but the turn of Peattie's mind is poetic and speculative The New York Times calls this book a fine and subtle perception rising at times to an intense lyric beauty a book which the reader will deeply treasure and to which he will repeatedly return

An Almanac for Moderns, by Donald Culross Peattie; with Drawings by Lynd Ward Donald Culross Peattie, 1935

Modern American Environmentalists George A.

Cevasco, Richard P. Harmond, 2009-04-27 Modern American Environmentalists profiles the lives and contributions of nearly 140 major figures during the twentieth century environmental movement Included are iconic environmentalists such as Rachel Carson E O Wilson Gifford Pinchot and Al Gore and important but less expected names including John Steinbeck and Allen Ginsberg The entries recount how each individual became active in environmental conservation detail his or her significant contributions trace the influence of each on future efforts and discuss the person's legacy The individuals selected for the book displayed either an unparalleled commitment to the conservation preservation restoration and enhancement of the natural environment or made a major contribution to the growth of environmentalism during its first century With a foreword by environmental historian Everett I Mendolsohn a time line of key environmental events a bibliography of groundbreaking works and an index organized by specialization this biographical encyclopedia is a handy and complete guide to the major people involved in the modern American environmental movement Mark Harvey Autumn Susan M.

Felch, 2005-08 Discover how this transitional season can reveal both the abundance and the limitations of our everyday lives Autumn with all its traditional images of colorful trees frost covered pumpkins and piles of wood stored up against winter's cold can be a season filled with anticipation The harvest the imminent onset of cold and snow the resumption of old routines and the beginning of the school year all require preparation and planning If summer has been something of a pause autumn helps us to see the passage of time more clearly Autumn is a season of fruition and reaping of thanksgiving and celebration of abundance and goodness of the earth But it is also a season that starkly and realistically encourages us to see our own limitations Warm and stirring pieces by E B White Anne Lamott P D James Julian of Norwich May Sarton Kimiko Hahn and many others in this beautiful book rejoice in autumn as a time of preparation and reflection when the results of hard labor are ripe for harvest

Waste Paper in Early Modern England Anna Reynolds, 2024 Waste Paper in Early Modern England argues that rhetorical commonplaces referring to waste paper are indicative of everyday material experience of an author's reader's housewife's or city dweller's immersion in an environment brimming with repurposed scraps and sheets The Path to a Modern South Walter L. Buenger, 2010-06-28 The forces that turned Northeast Texas from a poverty stricken region into a more economically prosperous area Winner Texas State Historical Association Coral H Tullis Memorial Award for best

book on Texas history 2001 Federal New Deal programs of the 1930s and World War II are often credited for transforming the South including Texas from a poverty stricken region mired in Confederate mythology into a more modern and economically prosperous part of the United States By contrast this history of Northeast Texas one of the most culturally southern areas of the state offers persuasive evidence that political economic and social modernization began long before the 1930s and prepared Texans to take advantage of the opportunities presented by the New Deal and World War II Walter L Buenger draws on extensive primary research to tell the story of change in Northeast Texas from 1887 to 1930 Moving beyond previous more narrowly focused studies of the South he traces and interconnects the significant changes that occurred in politics race relations business and the economy and women s roles He also reveals how altered memories of the past and the emergence of a stronger identification with Texas history affected all facets of life in Northeast Texas

Blackie's Modern Cyclopedia of Universal Information ..., 1890 *Thomas Middleton and Early Modern Textual Culture* Gary Taylor, John Lavagnino, 2007 *Thomas Middleton and Early Modern Textual Culture* is a comprehensive companion to *The Collected Works of Thomas Middleton* providing detailed introductions to and full editorial apparatus for the works themselves as well as a wealth of information about Middleton s historical and literary context [The Changing Face of Early Modern Time, 1550-1770](#) Jane Desborough, 2019-03-27 This book provides a reinterpretation of early modern clock and watch dials on the basis of use Between 1550 and the emergence of a standard format in 1770 dials represented combinations of calendrical lunar and astronomical information using multiple concentric rings subsidiary dials and apertures Change was gradual but significant Over the course of eight chapters and with reference to thirty five exceptional images this book unlocks the meaning embedded within these early combinations The true significance of dial change can only be fully understood by comparing dials with printed paper sources such as almanacs diagrams and craft pamphlets Clock and watch makers drew on traditional communication methods utilised different formats to generate trust in their work and tried to be help users in different contexts The calendar lunar and astronomical functions were useful as a memory prompt for astrology up until the mid late seventeenth century After the decline of this practice the three functions continued to be useful for other purposes but eventually declined **Blackie's modern cyclopedia of universal information, ed. by C. Annandale** Blackie & Son, 1896 **The Birth of Modern Political Satire** Meredith McNeill Hale, 2020 Meredith M Hale presents the first chapter in the history of modern political satire one that is critical to the media s emergence as the fourth estate Discussing themes relevant today the study locates Dutch printmaker Romeyn de Hooghe 1645 1708 at the birth of modern political satire and political satire at the heart of the modern media [The Ashgate Research Companion to Popular Culture in Early Modern England](#) Andrew Hadfield, Matthew Dimmock, Abigail Shinn, 2016-03-23 *The Ashgate Research Companion to Popular Culture in Early Modern England* is a comprehensive interdisciplinary examination of current research on popular culture in the early modern era For the first time a detailed yet wide ranging consideration of

the breadth and scope of early modern popular culture in England is collected in one volume highlighting the interplay of low and high modes of cultural production while also questioning the validity of such terminology The authors examine how popular culture impacted upon people s everyday lives during the period helping to define how individuals and groups experienced the world Issues as disparate as popular reading cultures games food and drink time textiles religious belief and superstition and the function of festivals and rituals are discussed This research companion will be an essential resource for scholars and students of early modern history and culture *Predictions Realised in Modern Times. Now First Collected by H. W. Horace WELBY (pseud. [i.e. John Timbs.]),1862 **The Agricultural Gazette and Modern Farming** ,1897*

Literature and Popular Culture in Early Modern England Andrew Hadfield,2016-12-05 1978 witnessed the publication of Peter Burke s groundbreaking study *Popular Culture in Early Modern Europe* Now in its third edition this remarkable book has for thirty years set the benchmark for cultural historians with its wide ranging and imaginative exploration of early modern European popular culture In order to celebrate this achievement and to explore the ways in which perceptions of popular culture have changed in the intervening years a group of leading scholars are brought together in this new volume to examine Burke s thesis in relation to England Adopting an appropriately interdisciplinary approach the collection offers an unprecedented survey of the field of popular culture in early modern England as it currently stands bringing together scholars at the forefront of developments in an expanding area Taking as its starting point Burke s argument that popular culture was everyone s culture distinguishing it from high culture which only a restricted social group could access it explores an intriguing variety of sources to discover whether this was in fact the case in early modern England It further explores the meaning and significance of the term popular culture when applied to the early modern period how did people distinguish between high and low culture could they in fact do so Concluded by an Afterword by Peter Burke the volume provides a vivid sense of the range and significance of early modern popular culture and the difficulties involved in defining and studying it **Quo Vadis: Evolution of Modern Navigation** F. G. Major,2013-10-16 Quo Vadis Evolution of Modern Navigation presents an intelligent and intelligible account of the essential principles underlying the design of satellite navigational systems with introductory chapters placing them in context with the early development of navigational methods The material is organized roughly as follows the first third of the book deals with navigation in the natural world the early history of navigation navigating by the stars precise mechanical chronometers for the determination of longitude at sea and the development of precise quartz controlled clocks Then the reader is introduced to quantum ideas as a lead in to a discussion of microwave and optical interactions with atoms atomic clocks laser gyrocompasses and time based navigation The final third of the book deals with satellite based systems including orbit theory early satellite navigation systems and a detailed treatment of the Global Positioning System GPS Intended for non specialists with some knowledge of physics or engineering at the college level this book covers in an intuitive manner a broad range of topics relevant to the evolution of

surface and space navigation with minimum mathematical formalism *The South in Modern America* Dewey W. Grantham,2001-07-01 The South in Modern America is a lively and illuminating account of the Southern experience since the end of Reconstruction In the twentieth century as in the nineteenth the South has been the region most sharply at odds with the rest of the nation No other part of the country has as clear cut a sectional image The interplay between the South the North and the rest of the nation represents a rich and instructive part of the United States history illustrating much of the nation s conflict and tension the way it has tried to reconcile divergent issues and its struggles to realize its historical ideals In this new treatment of modern Southern history Dewey W Grantham illuminates the features that make the South a distinctive region while clarifying how it has converged socially and politically with the rest of the country during this century

Autobiography in Early Modern England Adam Smyth,2010-08-05 Explores life writing forms almanacs financial accounts commonplace books and parish registers which emerged during the sixteenth and seventeenth centuries [The Oxford Handbook of Religion in Modern Ireland](#) Gladys Ganiel,Andrew R. Holmes,2024 This volume offers a range of sociological political and historical perspectives on religion in Ireland from 1800 to the present Going beyond the usual Catholicism Protestantism dichotomy and adopting an all island approach the book s contributors address religion s interaction with several contemporary themes and debates in modern Ireland *Ephemeral Print Culture in Early Modern England* Tim Somers,2021 Uses the collections of ephemera popular in the late seventeenth century as a way to understand the reading habits publishing strategies and thought processes of late Stuart print culture Cheap genres of print such as ballads almanacs and playing cards were part of everyday life in seventeenth century society ubiquitous and disposable Toward the end of the century however individuals began to preserve arrange and display articles of cheap print within carefully curated collections What motivated this sudden urge to preserve the ephemeral This book answers that question by analysing the social political and intellectual factors behind the formation of cheap print collections how these collections were used by their owners and what this activity can tell us about print culture in the early modern period The book s central collector is John Bagford 1650 1715 a shoemaker who became a dealer of prints and other curiosities to important collectors of the time such as Samuel Pepys Hans Sloane and Robert Harley Bagford s own rich and largely unstudied collection is a fascinating study in its own right and his position at the centre of commercial and intellectual networks opens up a whole world of collecting This world encompasses later Stuart partisan political culture when modern parties and the public sphere first emerged the New Science and virtuoso culture with its milieu of natural philosophers antiquaries and artisans the aural and visual landscape of marketplaces streets and alehouses and developing practices of record keeping life writing and historical writing during the long eighteenth century
