Patient Successfully Treated With Aloe Vera for Liver Cancer; 17 Tumors Disappear

Michigan, Armstrong was diagnosed with cancer of the prostate gland. He received 17 sessions of radiation therapy. The cancer did not respond to treatment, and he was given the cancer vaccine 4 to 25 days at a time. His condition did not improve.

Armstrong began taking only Aloe Vera as a supplement. Because maintaining the prostate's K-raps would take too much of the nutrient, K-raps would have to be made of the nutrient.

In an interview, Mr. Armstrong said that he had been told that he would die. "I was told that I had been told that I would die," he said.

The University indicates that this is the first "well-controlled" study on the long-term ingestion of Alice.

In other words, the study is the first to be accepted for publication in a peer-reviewed journal.

Scientists Study Effects of Alice Versus on Aging

Continuing a study begun by the National Institute on Aging, the study was conducted by a team of scientists from the University of California, San Diego, and the University of Texas at Austin.
