Always Right Selected Writings Of Midge Decter

Alexander Bloom

Always Right Selected Writings Of Midge Decter:

Always Right Midge Decter, 2002 In the selections reprinted here Midge Decter surveys American culture and finds a real mess If we Americans cannot be said to have gone mad we have certainly been getting nuttier by the day She directs us down two paths to sanity a return to respect for the wisdom of our forefathers and profound gratitude for the bountiful goods we enjoy in this wonderful country To feminists she offers particular counsel End your futile war against nature and surrender to it Midge Decter draws her insight from her own unusual experience She has as the song lyric puts it looked at life from both sides now liberal and conservative She journeyed from the left to the right on a one way ticket and is here to stay always right It was a remarkable journey and you will discover in this volume why Midge Decter is one of the most remarkable minds on the American scene Provided by publisher [Write Like a Man](#) Ronnie Grinberg, 2024-03-26 How virility and Jewishness became hallmarks of postwar New York's combative intellectual scene In the years following World War II the New York intellectuals became some of the most renowned critics and writers in the country Although mostly male and Jewish this prominent group also included women and non Jews Yet all of its members embraced a secular Jewish machismo that became a defining characteristic of the contemporary experience Write like a Man examines how the New York intellectuals shared a uniquely American conception of Jewish masculinity that prized verbal confrontation polemical aggression and an unflinching style of argumentation Ronnie Grinberg paints illuminating portraits of figures such as Norman Mailer Hannah Arendt Lionel and Diana Trilling Mary McCarthy Norman Podhoretz Midge Decter and Irving Howe She describes how their construction of Jewish masculinity helped to propel the American Jew from outsider to insider even as they clashed over its meaning in a deeply anxious project of self definition Along the way Grinberg sheds light on their fraught encounters with the most contentious issues and ideas of the day from student radicalism and the civil rights movement to feminism Freudianism and neoconservatism A spellbinding chronicle of mid century America Write like a Man shows how a combative and intellectually grounded vision of Jewish manhood contributed to the masculinization of intellectual life and shaped some of the most important political and cultural debates of the postwar era [Taking the Fight to the Enemy](#) Adam L. Fuller, 2012-01-01 Neoconservatism is more of a disposition than a single political theory but it is an attitude that has had a profound impact on the broader conservative effort in the United States since the Fifties It is a unique blend of skepticism and fortitude about a host of wide ranging issues spanning culture economics and national defense This book looks at six neoconservative intellectuals Irving Kristol Gertrude Himmelfarb Norman Podhoretz Midge Decter Daniel Bell and Nathan Glazer and the intellectual influences on their thinking about the defects of communism fascism progressivism the dominant American culture and even capitalism itself This book looks at the gestation of political criticism within the pages of the neoconservatives own writings as well as the books they read and the thinkers they either learned from or came to fear The book looks at the ways in which the neoconservatives adapted Lenin's formula for success to

conservative efforts in the United States arguing that neoconservatism is an anti ideology ideology in that it considers a New Class of professional ideologically motivated reformers to be the greatest problem facing the United States because of their increased efforts to technocratize ordinary life their moral relativism their efforts to usurp human nature and supplant it with their own utopian visions their anti Americanism and their unwillingness to face imminent dangers threatening the American way of life The book argues that the neoconservative political strategy is to take the fight to the enemy *Israel and the Neoconservatives* Adam L. Fuller,2019-11-08 For forty years the neoconservatives have been an influential wing on the American Right Their critics accuse them of being more loyal to a foreign government than to American interests But is that true In this book the author argues that their support of Israel is rooted just as much in their liberal democratic priorities

American Conservatism Bruce Frohnen,Jeremy Beer,Nelson O. Jeffrey,2014-05-20 A must own title National Review Online American Conservatism An Encyclopedia is the first comprehensive reference volume to cover what is surely the most influential political and intellectual movement of the past half century More than fifteen years in the making and more than half a million words in length this informative and entertaining encyclopedia contains substantive entries on those persons events organizations and concepts of major importance to postwar American conservatism Its contributors include iconic patriarchs of the conservative and libertarian movements celebrated scholars well known authors and influential movement activists and leaders Ranging from abortion to Zoll Donald Atwell and written from viewpoints as various as those which have informed the postwar conservative movement itself the encyclopedia s more than 600 entries will orient readers of all kinds to the people and ideas that have given shape to contemporary American conservatism This long awaited volume is not to be missed New Books on Women and Feminism ,2004 *American Book Publishing Record* ,2003 Gore Vidal's State of the Union Gore Vidal,2013-05-06 The essays collected here all appeared in The Nation magazine between 1958 and 2005 The early literary ones reflected Vidal s status as a rising young novelist of the postwar generation and as he expanded confidently into nonfiction his essays range widely over politics religion society manners and morals We see him emerge as the pre eminent essayist of his generation winning a 1993 Nation Book Award for a collection of nonfiction works Vidal s Nation years his Golden Age at the magazine really commenced in 1981 when Victor Navasky invited him to become a contributing editor Gore s first contribution Some Jews and the Gays would be his most explosive one This collection exemplifies his critical vision in great works like Requiem for the American Empire Monotheism and Its Discontents Notes on Our Patriarchal State and the delightful Birds and the Bees with its Monica Lewinsky era sequel The Birds and the Bees and Clinton Prepare to have your preconceptions challenged Prepare also to smile or laugh out loud Fourth Wave Feminism in Science Fiction and Fantasy Valerie Estelle Frankel,2019-10-29 Fourth wave feminism has entered the national conversation and established a highly visible presence in popular media especially in cutting edge science fiction and fantasy films and television series Wonder Woman the Wasp and Captain Marvel headline superhero films while Black Panther

celebrates nonwestern power Disney princesses value sisterhood over conventional marriage This first of two companion volumes addresses cinema exploring how since 2012 such films as the Hunger Games trilogy Mad Max Fury Road and recent Star Wars installments have showcased women of action The true innovation is a product of the Internet age Though the web has accelerated fan engagement to the point that progressivism and backlash happen simultaneously new films increasingly emphasize diversity over toxic masculinity They defy net trolls to provide stunning role models for viewers across the spectrum of age gender and nationality *Last Rights* Barbara Logue,1993-01-01 Several recent trends demographic social and economic are increasing the incidence and public support of deliberate death among the old and sick The number of elderly people is at an all time high Medical technology can prolong the lives of these men and women but it cannot keep them independent free of pain or competent to manage their own affairs Never before have so many been so sick for so long Changes in the size and structure of the American family make long term home care almost impossible while exorbitant health costs and scarce resources limit the provision of highquality care by paid workers Researcher Barbara J Logue refers to any deliberate behavior that causes death as death control She points out that death control like birth control involves very serious and deeply personal decisions choices that ought to be made on the basis of reliable information with care and compassion without coercion She goes on to assert that like birth control death control should be performed legally and with the help of the medical community Without access to assisted deaths many frail old people are left to endure wretched deaths Some die slowly of neglect or malnutrition in nursing homes Others take their own lives sometimes by violent means while they can still act independently because they are afraid that no one will help them if they wait until they are very sick Some die alone fearful of implicating friends or relatives in their back alley euthanasia While some die too soon because they are poor uneducated or hard to manage others are overtreated and their deaths delayed because doctors and hospitals want to increase their income or fearprosecution if they help a patient die Barbara Logue describes these and many other hazards inherent in our present long term care system noting that all too often the system causes suffering instead of alleviating it After assessing the alternatives she urges that we must make compassionate death control as available as birth control We must regulate and monitor it like any other medical procedure taking steps to minimize the risks while maximizing the benefits *Reading Lists in Radical Social Science* Mark H. Maier,Dan Gilroy,1982 **The Political Junkie Handbook** Michael Crane,2004 This easy to use book is designed to inform the American public about the political system that influences much of their lives **The New York Review of Books** ,1963 **The New York Public Intellectuals and Beyond** Ethan Goffman,Daniel Morris,2009 Here a variety of distinguished scholars revisit and rethink the legacy of the New York intellectuals showing how this small predominantly Jewish group moved from communist and socialist roots to become a primary voice of liberal humanism and in the case of a few to launch a new conservative movement **The Intellectual Species** John Rodden,2022-01-17 This book explores the prospects for survival of what we have come to know as the

intellectual in the post Gutenberg age It addresses the contemporary history of this species spawned in the print age meditating on the precarious future of international intellectual life in the digital era of nanosecond soundbites fake news smart phones and clicks and scrolls in lieu of reading The book ponders these issues as it addresses the examples of a diverse group of British American French and German intellectuals of the post World War II era These case histories showcase concretely the state of the culture in the context of particular lives offering diverse intellectual portraiture featuring a wide range of writers across the ideological spectrum The key family resemblance of these figures is that most of them are contrarians regardless of whether they were freelance writers or academic intellectuals American or British or European and chiefly imaginative writers or non fiction writers and scholars Among the intellectuals discussed are George Orwell Dwight Macdonald Irving Howe Camille Paglia Albert Camus Robert Havemann and others Regardless of which intellectual domains occupied their energies the histories of all of them yield insight into the transformation of cultural life in recent decades and the contrasting challenges faced by intellectuals of earlier eras versus our own These issues are of paramount significance for all those who care about the life of the mind and the future of homo sapiens

The Presidency and Rhetorical Leadership Leroy G. Dorsey, 2008-03-26 Successful presidential leadership depends upon words as well as deeds In this multifaceted look at rhetorical leadership twelve leading scholars in three different disciplines provide in depth studies of how words have served or disserved American presidents At the heart of rhetorical leadership lies the classical concept of prudence practical wisdom that combines good sense with good character From their disparate treatments of a range of presidencies an underlying agreement emerges among the historians political scientists and communication scholars included in the volume To be effective they find presidents must be able to articulate the common good in a particular situation and they must be credible on the basis of their own character Who they are and what they can do are thus twin pillars of successful rhetorical leadership Leroy G Dorsey introduces these themes and David Zarefsky picks them up in looking at the historical development of rhetorical leadership within the office of the presidency Each succeeding chapter then examines the rhetorical leadership of a particular president often within the context of a specific incident or challenge that marked his term in office Chapters dealing with George Washington John Adams Thomas Jefferson Theodore Roosevelt Woodrow Wilson Franklin Roosevelt Dwight Eisenhower Ronald Reagan and Bill Clinton offer the specifics for a clearer understanding of how rhetoric serves leadership in the American presidency This book provides an indispensable addition to the literature on the presidency and in leadership studies

Congressional Record United States. Congress, 1995

Prodigal Sons Alexander Bloom, 1986 From Lionel Trilling to Irving Kristol from Philip Rahv to Norman Podhoretz this book offers a comprehensive look at New York intellectual life over the past half century Bloom traces the rise of the New York intellectuals from their origins poor Jewish the children of immigrants to their coming to prominence in our intellectual establishment It takes us through nearly all the crucial intellectual and political events of the last decades and behind the

scenes at such important journals as Partisan Review Commentary and The Public Interest *A Partisan View* William Phillips, Since its founding in 1937 Partisan Review has been one of the most important and culturally influential journals in America Under the legendary editorship of William Phillips and Philip Rahv Partisan Review began as a publication of the John Reed Club but soon broke away to establish itself as a free voice of critical dissent As such it counteracted the inroads of cultural Stalinism and took up the fight for aesthetic modernism at a time when the latter was fiercely contested by both the political left and the right In *A Partisan View* William Phillips gives a vivid account of his own part in the magazine's eventful history As the magazine's current editor Edith Kurzweil notes in her new introduction many of the literary and political disagreements that famously marked Partisan Review's history originated in the editors' initial adherence to a program of radical politics and avant gardism Although this proved increasingly unworkable Phillips and Rahv even from the outset never allowed sectarian narrowness to determine the magazine's contents Over the decades Partisan Review published work by authors as far from radicalism as T S Eliot and Wallace Stevens or from Marxist orthodoxy as Albert Camus and George Orwell In literature its contributors were as stylistically and intellectually varied as Saul Bellow Vladimir Nabokov Robert Lowell and Isaac Bashevis Singer In short Partisan Review featured the best fiction poetry and essays of the 1940s and postwar decades Beyond its literary preeminence Partisan Review was famed as the most representative journal of the New York Intellectuals Much of the quality of Partisan Review came from Phillips' own broad culture cosmopolitanism and intellectual tolerance As Edith Kurzweil writes he kept trying to find a category of criticism that might enable us all to better come to grips with the complexities of our ever changing world Now in paperback *A Partisan View* will be of keen interest to intellectual historians as well as literary scholars William Phillips 1907 2002 was one of the founding editors of Partisan Review and served as editor in chief from the late 1960s He was the author of *A Sense of the Present* Edith Kurzweil is the editor of Partisan Review She is the author of many essays on American and European culture and of *The Freudians* and *The Age of Structuralism* both available from Transaction **Book Review Digest** ,1964
