Lost Country Houses of Suffolk William Morys Roberts, 2010 Lavishly illustrated account of forty magnificent country houses destroyed in the last century The *Lost Country Houses of Suffolk* well researched and written and copiously illustrated will help the reader to imagine the county's landscape refurnished with the many elegant mansions which are now sadly lost JOHN BLATCHLY During the twentieth century some forty of Suffolk's finest country houses vanished forever a few by fire but more frequently through demolition

either because uneconomic to run or through the deterioration of their fabric. This book relates their tragic stories with lavish use of engravings, images and pictures to bring to life what has now gone forever. It offers an account of each house, its history, its family, its architect, with a description of the buildings and particular information on how it came to be destroyed. The houses are put into their wider context by an introductory section covering the economic and social circumstances which caused difficulties for the owners of country houses at the time and comparing the loss in Suffolk with losses in England as a whole. Houses covered: Acton Place, Assington Hall, Barking Hall, Barton Hall, Boulge Hall, Bramford Hall, Branches Park, Bredfield House, Brome Hall, Campsea Ashe, High House, Carlton Hall, Cavenham Hall, Chediston Hall, Downham Hall, Drinkstone Park, Easton Park, Edwardstone Hall, Flixton Hall, Fornham Hall, Hardwick House, Henham Hall, Hobland Hall, Holton Hall, Hunston Hall, Livermere Hall, The Manor House, Mildenhall, Moulton Paddocks, Oakley Park, Ousden Hall, The Red House, Ipswich, Redgrave Hall, Rendlesham Hall, Rougham Hall, Rushbrooke Hall, Stoke Park, Sudbourne Hall, Tendring Hall, Thorington Hall, Thornham Hall, Ufford Place.

The Story of the Country House Clive Aslet, 2021-01-01

The fascinating story of the evolution of the country house in Britain from its Roman precursors to the present. An eclectic scholarly account tracing the evolution of the country house from the hunting lodges of the Middle Ages to the modern villas of today. Mr Aslet is an elegant writer with a wry sense of humor. Moira Hodgson, Wall Street Journal. Aslet doesn't just tell us who built what and for whom and in what style, but about the prevailing economic circumstances and fashions of each period. Simon Heffer, Daily Telegraph.

The Story of the Country House is an authoritative and vivid account of the British country house, exploring how they have evolved with the changing political and economic landscape. Clive Aslet reveals the captivating stories behind individual houses, their architects and occupants, and paints a vivid picture of the wider context in which the country house in Britain flourished and subsequently fell into decline before enjoying a renaissance in the twenty-first century. The genesis, style and purpose of architectural masterpieces such as Hardwick Hall, Hatfield House and Chatsworth are explored alongside the numerous country houses lost to war and economic decline. We also meet a cavalcade of characters, owners with all their dynastic obsessions and diverse sources of wealth, and architects such as Inigo Jones, Sir John Vanbrugh, Robert Adam, Sir John Soane and A. W. N. Pugin who dazzled or in some cases outraged their contemporaries. **The Story of the Country House** takes a fresh look at this enduringly popular building type, exploring why it continues to hold such fascination for us today.

Country House Brewing in England, 1500-1900 Pamela Sambrook, 1996-07-01

Until the 18th century or even later, beer was the staple drink of most men and women at all levels of society. Tea and coffee were expensive luxuries while water might well carry disease. To supply the needs of both owners and servants, every country house with an

accessible source of water had a brewhouse usually close at hand Although many of the brewhouses still stand in some cases with the original brewing vessels as at Lacock and Charlecote their habitual conversion to other uses has allowed them to be ignored Yet they are distinctive buildings as much part of a country house as an ice house or stables which need both to be recognized and preserved The scale of brewing in country houses which went on to a surprisingly late date in the 19th century with odd survivals such as Hickleton in Yorkshire in the 20th was often considerable if small besides that of commercial brewing Copious records for both brewing and consumption exist Pamela Sambrook describes the brewing equipment such as coppers mash tuns underbacks and coolers the types of beers brewed from strong ale to small beer and how they were kept and the brewers themselves their skills and attitudes English Country House Brewing 1500 1900 shows the role beer played in the life of the country house with beer allowances and beer money an integral part of servants rewards Generous allowances were made for arduous tasks such as harvesting For celebrations such as the heir's coming of age extra strong ale was provided This book which is heavily illustrated is an important and original contribution to architectural brewing and social history

How the Country House Became English Stephanie Barczewski, 2023-09-19 The story of how the country house historically a site of violent disruption came to symbolize English stability during the eighteenth century Country houses are quintessentially English not only architecturally but also in that they embody national values of continuity and insularity The English country house however has more often been the site of violent disruption than continuous peace So how is it that the country house came to represent an uncomplicated nostalgic vision of English history This book explores the evolution of the country house beginning with the Reformation and Civil War and shows how the political events of the eighteenth century which culminated in the reaction against the French Revolution led to country houses being recast as symbols of England's
