The Country of the Pointed Firs Sarah Orne Jewett, 2005 The Country of the Pointed Firs and Selected Short Fiction by Sarah Orne Jewett is part of the Barnes some include illustrations of historical interest Barnes Noble Classics pulls together a constellation of influences biographical historical and literary to enrich each reader's understanding of these enduring works Even the title of Sarah Orne Jewett's most celebrated work seems to revel in the love of landscape and language that flows through it Though nominally a novel The Country of the Pointed Firs lacks the coherent unifying plot of more traditional books Instead Jewett creates a mosaic of tales and character sketches all set in the fictional Maine fishing hamlet of Dunnet Landing The unnamed narrator an unmarried female writer like Jewett herself has come to the town seeking a summer of solitude and work But she's drawn to the villagers she meets Most of them are over sixty alone and covering a roiling inner ocean of feeling with a craggy exterior as rocky as the ragged coastline Entranced by their stories she allows them to enter her life When the book first appeared Willa Cather prophesied that the young students of American literature in far distant years to come will take up this book and say a masterpiece Now more than a century later Cather's words resonate more urgently than ever This edition also includes A White Heron A Winter Courtship A Native of Winby and several other of Jewett's cogent short stories Ted Olson is Associate Professor at East Tennessee State University in Johnson City Tennessee and the author of Blue Ridge Folklife University Press of Mississippi 1998

The Country of the Pointed Firs Sarah Orne Jewett, 2017-04-25 How is this book unique Font adjustments however its structure is unified through both setting and theme The novel can be read as a study of the effects of isolation and hardship experienced by the inhabitants of the decaying fishing villages along the Maine coast Sarah Orne Jewett who wrote the book when she was 47 was largely responsible for popularizing the regionalism genre with her sketches of the fictional Maine fishing village of Dunnet Landing Like Jewett the narrator is a woman a writer unattached genteel in demeanor intermittently feisty and zealously protective of her time to write The narrator removes herself from her landlady's company and writes in an empty schoolhouse but she also continues to spend a great deal of time with Mrs Todd befriending her hostess and her hostess's family and friends Plot The narrator a Bostonian returns after a brief visit a few summers prior to the small coastal town of Dunnet Maine in order to finish writing her book Upon arriving she settles in with Almira Todd a widow in her sixties and the local apothecary and herbalist The

narrator occasionally assists Mrs Todd with her frequent callers but this distracts her from her writing and she seeks a room of her own Renting an empty schoolhouse with a broad view of Dunnet Landing the narrator can apparently concentrate on her writing although Jewett does not use the schoolhouse to show the narrator at work but rather in meditation and receiving company The schoolhouse is one of many locations in the novel which Jewett elevates to mythic significance and for the narrator the location is a center of writerly consciousness from which she makes journeys out and to which oth

Country of the Pointed Firs Sarah Orne Jewett, 2017-08-21 The Country of the Pointed Firs 1896 is considered Jewett's finest work described by Henry James as her beautiful little quantum of achievement Despite James's diminutives the novel remains a classic Because it is loosely structured many critics view the book not as a novel but a series of sketches however its structure is unified through both setting and theme Jewett herself felt that her strengths as a writer lay not in plot development or dramatic tension but in character development Indeed she determined early in her career to preserve a disappearing way of life and her novel can be read as a study of the effects of isolation and hardship on the inhabitants who lived in the decaying fishing villages along the Maine coast
