The Interior Frederico Freitas, Jacob Blanc, 2025-01-28 A new history of Brazil told through the lens of the often overlooked interior regions In colonial Brazil observers frequently complained that Portuguese settlers appeared content to remain clinging to the coastline like crabs From their perspective the vast Brazilian interior seemed like an untapped expanse waiting to be explored and colonized This divide between a thriving coastal area and a less developed hinterland has become deeply ingrained in the nation's collective

imagination perpetuating the notion of the interior as a homogeneous stagnant periphery awaiting the dynamic influence of coastal Brazil The Interior challenges these narratives and reexamines the history of Brazil using an interior history perspective This approach aims to reverse the conventional conceptual and geographical boundaries often employed to study Brazilian history and by extension Latin America as a whole Through the work of twelve leading scholars the volume highlights how the people and spaces within the interior have played a pivotal role in shaping national identities politics the economy and culture The Interior goes beyond the traditional boundaries of borderland and frontier history expands on the current wave of scholarship on regionalism in Brazil and by asking new questions about space and nation provides a fresh perspective on Brazil s history Old House Interiors ,1998 National architectural magazine now in its fifteenth year covering period inspired design 1700 1950 Commissioned photographs show real homes inspired by the past but livable Historical and interpretive rooms are included new construction additions and new kitchens and baths take their place along with restoration work A feature on furniture appears in every issue Product coverage is extensive Experts offer advice for homeowners and designers on finishing decorating and furnishing period homes of every era A garden feature essays archival material events and exhibitions and book reviews round out the editorial Many readers claim the beautiful advertising all of it design related no lifestyle ads is as important to them as the articles **Memoir of W.
