Countryside Conflicts The Politics Of Farming Forestry And Conservation:

Countryside Conflicts Philip Lowe,1986 *Rural Politics* Michael Winter,2013-05-13 The rural areas of Britain Europe and the developed world are undergoing massive changes with increasing concern about productivity agricultural methods and environmental policy Rural Politics examines the issues affecting rural areas such as water pollution forestry and the greening of agricultural policy It looks in particular at the political parameters to these issues and how concern for the countryside is essentially a part of a wider set of political processes Rural Politics provides a much needed examination of the evolution and content of policies affecting today s countryside both in terms of major land uses and economic and social development [A Bibliography of British History, 1914-1989](#) Keith Robbins,American Historical Association,Royal Historical Society (Great Britain),1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index **Agriculture and EU Environmental Law** Brian Jack,2016-03-23 This book critically examines the development and current structure of European Union agri environmental measures at a substantive level Examining the measures in an integrated manner showing how they interrelate linking different aspects of European Union agricultural law and policy this volume examines the legislation adopted at European Union level as well as the impact of particular national measures to implement that legislation Where appropriate comparisons are drawn between the manner in which European Union legislation has been implemented among various Member States Critically assessing European Union and national measures in the light of other policy pressures such as the influence of world trade agreements and the political pressures exerted by the agricultural sector within the national legal systems of individual Member States this volume is a valuable resource for academics researching and practitioners working in the areas of European Union environmental and agricultural law **Net Zero, Food and Farming** Neil Ward,2022-08-04 This book examines the implications of the net zero transition for food and farming in the UK and how these can be managed to avoid catastrophic climate change in the crucial decades ahead For the UK to meet its international obligations for reducing greenhouse gas emissions nothing short of a revolution is required in our use of land our farming practices and our diet Taking a historical approach the book examines the evolution of agriculture and the food system in the UK over the last century and discusses the implications of tackling climate change for food farming and land use setting the UK situation in an international context The chapters analyse the key challenges for this transition including dietary change and food waste afforestation and energy crops and low emission farming practices This historical perspective helps develop an understanding of how our food farming and land use system has evolved to be the way that it is and draws lessons for how the agri food system could evolve further to support the transition to net zero and avoid catastrophic climate change Written in a clear and accessible style this book will be essential reading to students and scholars of food agriculture and the

environment as well as policymakers and professionals involved climate change policy and the agriculture and food industry

The English Rural Community Brian Short,1992-06-04 This book examines the English rural community past and present in its variety and dynamism The distinguished team of contributors brings a variety of disciplinary perspectives to bear upon the central issues of movement and migration the farm family and rural labour force the development of contrasting rural communities the portrayal of rural labour in both high and popular culture the changing nature of religious practice in the English countryside the rural urban fringe and the spread of notions of a rural English arcadia within a predominantly urban society Fully illustrated with accompanying maps paintings and photographs The English Rural Community provides an important and innovative overview of a subject where history myth and debate are inseparably entwined A full bibliography will assist a broad range of general readers and students of social history historical geography and development studies approaching the subject for the first time and the whole should establish itself as the central analytical account in an area where image and reality are notoriously hard to unravel

Rural Change and Planning Gordon Cherry,Alan Rogers,2018-12-07 Originally published in 1996 Rural Change and Planning describes the turbulent changes that have occurred in rural England and Wales since the outbreak of the First World War The book describes the changes from an agriculturally dominated countryside to one which has had to increasingly adapt to urban pressures Looking at the changes chronologically the book provides an integrated history of rural planning in the twentieth century and the developments which have taken place within the State which has facilitated those changes The book looks at the social and economic impacts of two world wars on agricultural communities and the pressures of industry new settlements and the effects of recreation on rural landscapes

Moralizing The Environment Philip Lowe,Judy Clark,Susanne Seymour,Neil Ward,2023-03-24 First published in 1997 There was a time when pollution was equated with the urban and the industrial But things have changed What were previously mutually exclusive categories of agriculture and pollution have been brought together in a new morally charged atmosphere Moralizing the environment is a study of how this shift came about It examines the emergence of the farm pollution problem in Britain in the 1980s It draws upon a study of the regulation of farm wastes cattle slurry silage effluent and the dirty water from farmyards conducted between 1989 and 1995 Detailed surveys and ethnographic fieldwork were carried out in the south west of England among dairy farmers pollution inspectors agricultural advisers and environmentalists In trying to get to grips with farm pollution they were pursuing different notions not only of sound agricultural practice but also of nature morality and the law What ultimately was at stake was who could be trusted to safeguard the countryside

The Differentiated Countryside Philip Lowe,Terry Marsden and,Jonathan Murdoch,Neil Ward,2005-07-08 Using an innovative theoretical approach based on networks of conventions the book investigates the regionalisation of the English countryside through case studies of the preserved the contested and the paternalistic countryside

Rural Wales in the Twenty-First Century Paul Milbourne,2011-10-15 This book explores the

changing relations between people place and environment in rural Wales in the twenty first century and provides new understandings of rural geography and rural sociology *Constructing The Countryside* Terry Marsden,Jonathon Murdoch,Philip Lowe,Richard C Munton,Andrew Flynn,2005-08-16 As the first book in the Restructuring Rural Areas series Constructing the countryside presents a new methodological approach to the analysis of rural change The authors seek to link wider developments in the global political economy to the behaviour of local actors and in so doing they place research into rural studies much more firmly than hitherto in the mainstream of social science enquiry The outcome is a book that promotes a truly interdisciplinary approach through which the constant reconstruction of the countryside can be properly understood This holistic perspective sustained by an historical analysis of rural change has been made possible by the extensive research experience of the authors The book is a product of the work done at the London Countryside Research Centre which was set up in 1989 by the Economic and Social Research Council The Centre s research has focused upon the social and political forces for change in rural areas and how these relate to rapid alterations in national economic circumstances and to public policies affecting the countryside for example the Common Agricultural Policy of the EC On the one hand the book provides a set of insights into the trends that will guide rural change in advanced economies into the next century on the other it offers a challenging account of how they can be investigated Constructing the countryside will appeal to both students and staff in a wide range of social science disciplines including agricultural economics environmental management planning land economy geography and rural sociology and to all those concerned with the future development of rural areas This book is intended for students and researchers in rural planning and environmental geographical studies whether within a geographical or a sociological milieu *Rural Europe* Keith Hoggart,Richard Black,Henry Buller,2014-02-25 Examines the interaction of the economic political and social change processes within Europe which are bringing about fundamental transformations in rural areas The authors expand on this view of rural Europe and place its significance within the broader field of rural studies **Britain's Changing Environment from the Air** Tim Bayliss-Smith,Susan E. Owens,1990-11-15 Commercial pressures and mechanization have rendered almost unrecognizable the natural and man made landscapes of Britain as they existed before World War I How this happened and how we can best conserve what is left is charted using the perspective of aerial photography in this book **Companion Encyclopedia of Geography** Prof Ian Douglas,Ian Douglas,Richard John Hugget,Mike Robinson,2003-09-01 The Companion Encyclopedia of Geography provides an authoritative and provocative source of reference for all those concerned with the earth and its people Examining both physical and human geography and charting human activities within their habitat up to the present day this Companion also asks what lies in the future A differentiated world A world transformed by the growth of a global economy The global scale of habitat modification A world of questions Changing worlds changing geographies Geographical futures The forty five self contained chapters are bound into a unifying whole by the editors general and part introductions

each chapter provides details of the most useful sources of further reading and research and the volume is concluded with a comprehensive index This is an invaluable resource not only for students teachers and researchers in the academic domain but also professionals in interested commercial and public sector organisations CAP and the Rural Environment in Transition Floor Brouwer, Philip Lowe, 1998-09-01 In recent years policy makers have had to respond to criticisms of the environmentally damaging role of the Common Agricultural Policy CAP The 1992 reform of the CAP partly addressed the criticisms by reducing the incentives to intensify production and by promoting the beneficial effects of agriculture on landscape and biodiversity In assessing the consequences of these changes it is important to bear in mind the variability of agricultural production systems and of environmental conditions in different EU Member States Uniform responses or single environmental outcomes from a change in agricultural policy are unlikely The book therefore addresses addresses the environmental effects of agricultural policy reform from the different national perspectives In providing an overview of the role of the CAP in the rural environment in transition it explores key linkages between agricultural policy and the physical environment landscape and biodiversity The book is aimed at policy makers and researchers in the fields of agricultural and environmental economics and rural geography interested in the linkages between agricultural policy and the environment

The Rural Idyll G. E. Mingay, 2017-07-06 This book first published in 1989 recounts the changing perceptions of the countryside throughout the nineteenth and twentieth centuries helping us to understand more fully the issues that have influenced our view of the ideal countryside past and present Some of the chapters are concerned with ways in which Victorian artists poets and prose writers portrayed the countryside of their day others with the landowners impressive and costly country houses and their prettification of model villages reflecting fashionable romantic and Gothic styles This title will be of interest to students of history *UK Environmental Policy in the 1990s* Tim S. Gray, 2016-07-27 The central controversy running through this book is whether Mrs Thatcher s famous green speeches of 1988 marked a fundamental shift by the Conservative Government towards environmentalism or whether they were merely political rhetoric designed to rule out a temporary surge of popular support for the Green Party The conclusion arrived at is mixed in some policy areas a definite shift has occurred but in others it is business as usual An overall change of gear is still awaited The Politics of the Environment Neil Carter, 2001-11-29 The rising profile of the environment in politics reflects growing public concern that we may be facing a large scale ecological crisis This unique textbook surveys the politics of the environment providing a comprehensive and comparative introduction to ideas activism and policy Part One explores environmental philosophy and green political thought assessing the relationship between green ideas and other political doctrines Part Two considers parties and movements including the development of green parties from protest parties the response of established political parties to the environmental challenge and the evolution of the environmental movement Part Three analyses public policy making and environmental issues at the international national and local levels As well as considering a wide variety of

examples from around the world this important new textbook includes glossary lists of key issues chapter summaries and guides to further study **Landscape and Sustainability** John F. Benson, Maggie H. Roe, 2005-11-29 Sustainability is highly topical but no one has yet examined its relationship to landscape architecture in any detail Contributions from leading academics and professionals in the field Will be regarded as the definitive work on the subject Breadth of approach subject examined from planning design science and management perspectives **Rural Development** Keith Hoggart, Henry Buller, 2015-12-22 This book originally published in 1987 provides an integrative analytical approach to rural areas in advanced economies Causation and the consequences of societal change have been emphasised in a framework which draws out processes which operate at different geographical scales and with varying intensities across space
