Courthouses of the Commonwealth George Peet, Gabrielle Keller, 1984 Courthouses of the Commonwealth George Peet, Gabrielle Keller, 1984 **Virginia's Historic Courthouses** Margaret T. Peters, 1995 They examine historic structures ranging from the Essex County courthouse 1729 and the King William County courthouse built ca 1725 and one of the oldest public buildings in continuous use in the nation to the newer historic courthouses such as Richmond's massive Supreme Court State Library Building dedicated in 1941 **Criminal Justice Agencies in [each State of the United States] 1971** National Institute of Law Enforcement and Criminal Justice. Statistics Division, 1972 Scott Reed Federal Building and United States Courthouse United States. Congress. House. Statistics Division, 1972 *Criminal Justice Agencies in Region* United States. National Criminal Justice Information and Statistics Service, 1970 **Representing Justice** Judith Resnik, Dennis Edward Curtis, 2011-01-01 A remnant of the Renaissance the transnational iconography of justice Civic space the public square and good governance Obedience the judge as the loyal servant of the state Of eyes and ostriches Why eyes color blindness and impartiality Representations and abstractions identity politics and rights From seventeenth century town halls to twentieth century courts A building and litigation boom in Twentieth Century federal courts Late Twentieth Century United States courts monumentality security and eclectic imagery Monuments to the present and museums of the past national courts and prisons Constructing regional rights Multi jurisdictional premises from peace to crimes From rites to rights Courts in and out of sight site and cite An iconography for democratic adjudication *U.S. Courthouse, Springfield, Hampden County, Massachusetts*, 2000 *Light and Liberty* Robert M. S. McDonald, 2012-02-02 Although Thomas Jefferson's status as a champion of education is widely known the essays in *Light and Liberty* make clear that his efforts to enlighten fellow citizens reflected not only a love of learning but also a love of freedom Using as a starting point Jefferson's conviction that knowledge is the basis of republican self government the contributors examine his educational projects not as disparate attempts to advance knowledge for its own sake but instead as a result of his unyielding almost obsessive desire to bolster Americans republican virtues and values Whether by establishing schools or through broader extra institutional efforts to disseminate knowledge Jefferson's endeavors embraced his vision for a dynamic and meritocratic America He aimed not only to provide Americans with the ability to govern themselves and participate in the government of others but also to influence Americans

to remake their society in accordance with his own principles Written in clear and accessible prose Light and Liberty reveals the startling diversity of Jefferson s attempts to rid citizens of the ignorance and vice that in the view of Jefferson and many contemporaries had corroded and corrupted once great civilizations Never wavering from his faith that knowledge is power Jefferson embraced an expansive understanding of education as the foundation for a republic of free and responsible individuals who understood their rights and stood ready to defend them
