Bali and the Tourist Industry David Shavit, 2019-07-18 The island of Bali's sensational image was created by the tourists artists and scholars who visited the tiny nation between the two world wars A Dutch colony from 1908 Bali was a source of revenue for the Dutch government which began to develop its image as the ultimate vacation spot The tourism industry spread the idea of Bali as a paradise in which noble happy spiritual Balinese all prodigiously creative artists lived in innocence Sensual images of beautiful people on an enchanted isle unspoiled by modernity predominated Bali also acquired a reputation as a homosexual paradise A host of books and articles fed these images of Bali until it evolved into one of the most romantic stops on the tourist itinerary The Balinese people however made little profit from the tourist traffic This history of the development of tourism in Bali stretches from the Dutch occupation in 1906 to the Japanese occupation in 1942 After exhaustive research in published records and in unpublished letters diaries and oral histories left by many of the American and European visitors to the island as well as the Balinese residents the author explores the reasons for Bali's popularity among Westerners and their effects on the native culture

Bali's silent crisis Jeff Lewis, Belinda Lewis, 2009-04-16 Bali and Balinese culture have become central to western

imaginings of the east Along with its natural beauty and tropical sensuality Bali's rich and complex culture has proved intensely alluring for western artists scholars and travelers However as this aesthetic imagining and desire for beauty have evolved into a mass tourism industry the island people and their culture have experienced radical and rapid transformation While many in the international community were stunned by the horror of the militant bombings in 2002 and 2005 these attacks were merely the apex of a profound and ongoing crisis which resonates through the period of Bali's modernization and engagement with the global economy of pleasure Bali's Silent Crisis examines and elucidates the complex cultural and political environment of contemporary Bali The book explains the conditions of crisis in Bali in terms of a powerful collision of cultural elements and trends focusing specifically on the double matrix of desire and violence that has characterized Bali's recent past Moving beyond a simple opposition between tradition and the modern this book reveals a society that is struggling to reconcile its own profound aesthetic and sense of historical identity with the intense agonisms that are generated through rapid social and cultural change Through its thematic approach Bali's Silent Crisis presents an image of community trauma creative resilience and pluralization The book records the challenges and horrors associated with transition as well as the formidable beauty that remains intrinsic to the island's sense of cultural destiny

Island of Bali [by] Miguel Covarrubias Miguel Covarrubias, 1937

Bali and Beyond Shinji Yamashita, 2003 Based on field research carried out over two decades the author surveys the development of the anthropology of tourism and its significance using case studies drawn from Indonesia New Guinea and Japan He argues that tourism once seen as rather peripheral by anthropologists has to be treated as a phenomenon of major importance both because the size of the flows of people and capital involved and because it is one of the major sites in which the meeting and hybridization of culture takes place Tourism he suggests leads not to the destruction of local cultures as many critics have implied but rather to the emergence of new cultural forms The central part of the book presents a detailed case study of the island of Bali in Indonesia It traces the development of tourism there during the colonial period and the ways in which Balinese traditional culture was developed first by western artists and scholars in the colonial period and more recently by Balinese government officials in the guise of cultural tourism The general theme of the presentation of tradition is also discussed in relation to Toraja funerals in the Indonesian province of Sulawesi western visitors to the Sepik River in Papua New Guinea and the small city of Tono in northern Japan which has become a center for the study of folk lore

A Modern Miscellany Paul Bevan, 2015-11-02 In *A Modern Miscellany* Shanghai Cartoon Artists Shao Xunmei's Circle and the Travels of Jack Chen 1926-1938 Paul Bevan explores how the cartoon *manhua* emerged from its place in the Chinese modern art world to become a propaganda tool in the hands of left wing artists The artists involved in what was largely a transcultural phenomenon were an eclectic group working in the areas of fashion and commercial art and design The book demonstrates that during the build up to all out war the cartoon was not only important in the sphere of Shanghai popular culture in the eyes of the publishers and readers of

pictorial magazines but that it occupied a central place in the primary discourse of Chinese modern art history Magic Coins of Java, Bali, and the Malay Peninsula Joe Cribb, Sir Thomas Stamford Raffles, 1999 **One Man Talking: Selected Essays of Shao Xunmei, 1929-1939** Paul Bevan, Susan Daruvala, 2023-07-19 Shao Xunmei poet essayist publisher and printer played a significant role in the publication and dissemination of journals and pictorial magazines in Shanghai during the 1920s and 1930s His poetry has been translated by several prominent scholars through the years but remarkably few of his essays have received the same attention and this is the first collection of his prose writings to be published in English Shao has been described by a phalanx of scholars as the most seriously underestimated modern cultural Chinese figure This collection of his writings joins several recent publications that aim to raise Shao's literary and historical profile It will appeal to a broad swathe of readers interested in the transnational and transcultural dimensions of twentieth century experience that have become so important for contemporary scholarship The essays in this book some of which were selected by the writer's daughter Shao Xiaohong include long essays such as *One Man Talking* and *A Year in Shanghai* as well as several shorter essays on subjects as diverse as the caricatures of Miguel Covarrubias woodblock printing and pictorial magazines all of which were published in Shao's own magazines Although his essays may be less well known than those of other writers of the same period without his unique and valuable contribution the literary artistic and poetic worlds of twentieth century Shanghai would have been very different indeed Enter the New Negroes Martha Jane Nadell, 2004 With the appearance of the urban modern diverse New Negro in the Harlem Renaissance writers and critics began a vibrant debate on the nature of African American identity community and history Martha Jane Nadell offers an illuminating new perspective on the period and the decades immediately following it in a fascinating exploration of the neglected role played by visual images of race in that debate After tracing the literary and visual images of nineteenth century Old Negro stereotypes Nadell focuses on works from the 1920s through the 1940s that showcased important visual elements Alain Locke and Wallace Thurman published magazines and anthologies that embraced modernist images Zora Neale Hurston's *Mules and Men* with illustrations by Mexican caricaturist Miguel Covarrubias meditated on the nature of black Southern folk culture In the folk history *Twelve Million Black Voices* Richard Wright matched prose to Farm Security Administration photographs And in the 1948 Langston Hughes poetry collection *One Way Ticket* Jacob Lawrence produced a series of drawings engaging with Hughes's themes of lynching race relations and black culture These collaborations addressed questions at the heart of the movement and in the era that followed it Who exactly were the New Negroes How could they attack past stereotypes How should images convey their sense of newness possibility and individuality In what directions should African American arts and letters move Featuring many compelling contemporary illustrations Enter the New Negroes restores a critical visual aspect to African American culture as it evokes the passion of a community determined to shape its own identity and image Miguel Covarrubias Y Bali Miguel Covarrubias, Estados Unidos Mexicanos (Mexico), Museum Pasifika (Nusa Dua), 2013 Drama
