**Tony Evans**

## **Covenantal Rights:**

**Covenantal Rights** David Novak, 2009-11-02 *Covenantal Rights* is a groundbreaking work of political theory a comprehensive philosophically sophisticated attempt to bring insights from the Jewish political tradition into current political and legal debates about rights and to bring rights discourse more fully into Jewish thought David Novak pursues these aims by presenting a theory of rights founded on the covenant between God and the Jewish people as that covenant is constituted by Scripture and the rabbinic tradition In doing so he presents a powerful challenge to prevailing liberal and conservative positions on rights and duties and opens a new chapter in contemporary Jewish political thinking For Novak covenantal rights are rooted in God's primary rights as creator of the universe and as the elector of a particular community whose members relate to this God as their sovereign The subsequent rights of individuals and communities flow from God's covenantal promises which function as irrevocable entitlements This presents a sharp contrast to the liberal tradition in which rights flow above all from individuals It also challenges the conservative idea that duties can take precedence over rights since Novak argues that there are no covenantal duties that are not backed by correlative rights Novak explains carefully and clearly how this theory of covenantal rights fits into Jewish tradition and applies to the relationships among God the covenanted community and individuals This work is a profound and provocative contribution to contemporary religious and political theory

**Care and Covenant** Jason Weiner, 2023-03 The Jewish tradition has important perspectives history and wisdom that can contribute significantly to crucial contemporary healthcare deliberations This book is an attempt to show how numerous classic Jewish texts and ideas have significant things to say about some of the most urgent debates in the world of medicine today with the potential to significantly expand and benefit the field of bioethics But this book is not only about applying classical Jewish values to bioethical dilemmas It seeks to develop an approach that is primarily informed by personal and communal obligations and social responsibilities Jewish values focus on requirements obligations and commandments and has thus sometimes been called an Ethics of Responsibility by advancing new relevant approaches that can encourage healthcare providers to remain dedicated to preventing harm and providing compassionate care to all based on these inspiring and timeless values Each chapter of this book explores questions such as Are we expected to risk our lives on behalf of others When we can only help a limited number of people how do we prioritize What are the obligations and expectations of a society or government Are issues of cultural sensitivity relevant in how we discharge our obligations to others What should we do when obligations for others violate our own moral principles or commitments Are there limits to how far one can be expected to go for others These and other issues are addressed in this book as it attempts to describe a meaningful and compassionate Jewish bioethic of responsibility for our times

*Covenantal Rights* David Novak, 2000 In doing so he presents a powerful challenge to prevailing liberal and conservative positions on rights and duties and opens a new chapter in contemporary Jewish political thinking

BOOK JACKET *Covenantal Thinking* Paul E. Nahme, Yaniv

Feller,2024-03-01 The philosophy and theology of David Novak one of the most prominent and creative contemporary Jewish thinkers grapples with Judaism Christian theology the tradition of natural law and the Western philosophical canon Never shying away from contested ethical and religious themes Novak s original insights and intellectual spirit have spanned voluminous publications and inspired Jewish Christian and Muslim thinkers to engage concepts such as religious liberty covenantal morality and the importance of theological reasoning Written primarily by scholars in the field of Jewish thought Covenantal Thinking is a collection of essays dedicated to Novak s work The book examines topics such as election natural law Jewish political thought Zionism and the relation between reason and revelation This collection is unique because it includes Novak s replies to his critics including his clarifications of his philosophical and theological positions Offering a vital contribution to contemporary Jewish thought Covenantal Thinking illuminates Novak s contributions as a scholar who trained conversed with and inspired the next generation of philosophical theologians **Politics Reformed** Glenn A.

Moots,2010-06-09 Many studies have considered the Bible s relationship to politics but almost all have ignored the heart of its narrative and theology the covenant In this book Glenn Moots explores the political meaning of covenants past and present by focusing on the theory and application of covenantal politics from the sixteenth through the eighteenth centuries Moots demands that we revisit political theology because it served as the most important school of politics in early modern Europe and America He describes the strengths of the covenant tradition while also presenting its limitations and dangers Contemporary political scientists such as Eric Voegelin Daniel Elazar and David Novak are called on to provide insight into both the covenant s history and its relevance today Moots s work chronicles and critiques the covenant tradition while warning against both political ideology and religious enthusiasm It provides an inclusive and objective outline of covenantal politics by considering the variations of Reformed theology and their respective consequences for political practice This includes a careful account of how covenant theology took root on the European continent in the sixteenth century and then inspired ecclesiastical and civil politics in England Scotland and America Moots goes beyond the usual categories of Calvinism or Puritanism to consider the larger movement of which both were a part By integrating philosophy theology and history Moots also invites investigation of broader political traditions such as natural law and natural right Politics Reformed demonstrates how the application of political theology over three centuries has important lessons for our own dilemmas about church and state It makes a provocative contribution to understanding foundational questions in an era of rising fundamentalism and emboldened secularism inspiring readers to rethink the importance of religion in political theory and practice and the role of the covenant tradition in particular **Covenantal Biomedical Ethics for Contemporary**

**Medicine** James J. Rusthoven,2014-04-29 Principles based biomedical ethics has been a dominant paradigm for the teaching and practice of biomedical ethics for over three decades Attractive in its conceptual and linguistic simplicity it has also been criticized for its lack of moral content and justification and its lack of attention to relationships This book identifies the

modernist and postmodernist worldviews and philosophical roots of principlism that ground the moral minimalism of its common morality premise Building on previous work by prominent Christian bioethicists an alternative covenantal ethical framework is presented in our contemporary context Relationships constitute the core of medicine and understanding the ethical meaning of those relationships is important in providing competent and empathic care While the notion of covenant is articulated through the richness of meaning taught in the Christian Scriptures covenantal commitment is also appreciated in Islamic Jewish and even pagan traditions as well In a world of increasing medical knowledge and consequent complexity of care such commitment can help to resist enticements toward the pursuit of self interest It can also improve relationships among caregivers each of whose specific expertise must be woven into a matrix of care that constitutes optimal medical practice for each vulnerable and needy patient

**Contextualising The International Covenant On Economic, Social And Cultural Rights** Mary Dowell-Jones,2004 This work studies the economic foundations of the international covenant on economic social and cultural rights It is argued that legal principles alone cannot fully actualise this instrument only sustained inter disciplinary elaboration of its guarantees can give this instrument full effect *Covenant & Polity in Biblical Israel* Daniel J. Elazar, In this first volume of a trilogy Daniel J Elazar addresses political uses of the idea of covenant the tradition that has adhered to that idea and the political arrangements that flow from it Among the topics covered are covenant as a political concept the Bible as a political commentary the post biblical tradition medieval covenant theory and Jewish political culture *COVENANT THEOLOGY: A Critical Analysis Of Current Pentecostal Covenant Theology* ,

**Progress Toward Completion of Human Rights Covenant** James Simsarian,1952 *International Covenant on Civil and Political Rights* United States. Congress. Senate. Committee on Foreign Relations,1992 **Covenant Marriage in**

**Comparative Perspective** John Witte (Jr.),Eliza Ellison,2005-10-20 Covenant marriages requiring premarital counseling and tighter strictures on divorce have recently emerged in some American states At the same time the doctrine of covenant has reemerged in religious circles as a common way to map the spiritual dimensions of marriage Covenant Marriage in Comparative Perspective brings together eminent scholars from Jewish Orthodox Catholic Protestant and Islamic religious traditions as well as experts on American covenant marriage The introduction carries out an unprecedented comparison of contract and covenant in Jewish Christian and Muslim understandings of marriage The rest of the book elucidates various facets of marriage from the perspectives of both jurisprudence and religion producing an enlightening integrated picture of the legal and spiritual dimensions of marriage *Social System, Rationality and Revolution* ,2025-02-10 **The**

**International Covenant on Economic, Social and Cultural Rights** Ben Saul,David Kinley,Jaqueline Mowbray,2014-03 Economic social and cultural rights are finally coming of age This book brings together all essential documents materials and case law relating to the International Covenant on Economic Social and Cultural Rights ICESCR one of the most important human rights instruments in international law and its Optional Protocol This book presents extracts from primary materials

alongside critical commentary and analysis placing the documents in their wider context and situating economic social and cultural rights within the broader human rights framework There is increasing interest internationally regionally and in domestic legal systems in the protection of economic social and cultural rights The Optional Protocol of 2008 allows for individual communications to be made to the UN Committee on Economic Social and Cultural Rights after its entry into force in 2013 At the regional level socio economic rights are well embedded in human rights systems in Europe Africa and the Americas At the national level constitutions and courts have increasingly regarded socio economic rights as justiciable narrowing the traditional divide with civil and political rights This book contextualises these developments in the context of the ICESCR It provides detailed analysis of the ICESCR structured around its articles drawing on national as well as international case law and materials and containing all of the key primary materials in its extensive appendices This book is indispensable for the judiciary human rights practitioners government legal advisers and agencies national human rights institutions international organisations regional human rights bodies NGOs and human rights activists academics and students alike

*The International Covenant on Economic, Social and Cultural Rights* Great Britain. Parliament. Joint Committee on Human Rights, 2004 The Joint Committee on Human Rights examined the implementation of the UN International Covenant on Economic Social and Cultural Rights in the UK Domestic legislation protects many of the economic social and cultural rights with the Covenant itself having little impact in UK domestic law The Committee believes that there is scope for incorporating further protection of rights in the UK by enshrining some of the guarantees contained in the Covenant Further that for the Covenant rights to be effective they should be part of a framework for government policy development and that Government along with the Commission for Equality and Human Rights should develop ways of measuring the progress of these rights The Committee also recommends that explanatory notes to Bills should include discussion of the Bills compatibility with Covenant rights which is a way of enhancing the scrutiny of proposed Government legislation Furthermore the Committee recommends the introduction of an Equality Bill to address the concerns of discrimination faced by ethnic minorities and persons with disabilities in employment housing and education

**Proposed Human Rights Covenant, Revised at 1950 Session of Commission on Human Rights** James Simons, 1950

**Living in Financial Victory SAMPLER** Tony Evans, 2012-12-10 Enjoy these SAMPLE pages from Living in Financial Victory None of what you think you own do you really own All that you so call own really belongs to God even your money Money is a gift from God And while we may or may not recognize that fact most of the time we live as if the money we have belongs to us spending it consuming it wasting it The truth is that we are merely stewards over the money we have When we choose to view our finances apart from God s ownership we miss the blessings that come with recognizing this fact and suffer loss and financial bondage Dr Tony Evans wants to help you discover the answers to everyday financial issues by helping you see that God has a purpose for your money The clearer you see God s hand in everything the less problem you will have

accepting His ownership and honoring that ownership

**Rights Covenant** John William Bricker, 1952

**The Bricker Amendment and the Proposed U.N. Human**

**Theology and the Soul of the Liberal State** Leonard V. Kaplan, Charles

L. Cohen, 2010-01-01 Rising calls in both the United States and abroad for theologizing national agendas have renewed examinations about whether liberal states can accommodate such programs without either endangering citizens rights or trivializing religious concerns Conventional wisdom suggests that theology is necessarily unfriendly to the liberal state but neither philosophical analysis nor empirical argument has convincingly established that conclusion Examining the problem from a variety of perspectives including law philosophy history political theory and religious studies the essays in *Theology and the Soul of the Liberal State* suggest the possibilities for and limits on what theological reflection might contribute to liberal polities across the globe *Theology and the Soul of the Liberal State* develops these issues under five headings Part One explores The Nature of Religious Argument as it can inflect discussions of public policy political theory jurisprudence and education Part Two Theologies of the Marketplace notes that theology can by turns be highly critical neutral or even inordinately supportive of market operations Part Three European Perspectives reviews and develops arguments from Abraham Kuyper Karl Barth and French post modernists concerning how one might integrate theological discourse into the public sphere Part Four offers Israel Pakistan and Tibet as Asian Perspectives on how theology may comport with liberalism in recently created states or in the last case a diasporic government in exile where powerful religious constituencies make secular civil action extremely problematic Finally Part V Religion and Terror probes the vexed relationship between conceptions of divine and human justice where the imperatives of theology and state confront each other most nakedly Collectively *Theology and the Soul of the Liberal State* suggests that the liberal state cannot keep theology out of public discourse and may even benefit from its intervention but that their intersection if potentially beneficial is always fraught

*The Kingdom Agenda* Tony Evans, 2013-07-26 God s kingdom isn t just about theology and church It isn t just a quaint religious idea or an obscure theological concept It is about a whole new way of seeing the world and your place in it Tony Evans legacy work *The Kingdom Agenda* offers a fresh and powerful vision that will help you think differently about your life your relationships and your walk with God When you start with a Kingdom agenda living in relationship with the true King and embracing your place in His Kingdom nothing will ever be the same In these pages we ll explore how under God this kingdom vision Helps you find greater purpose for your life Guides your family toward Him Deepens your understanding of God s use of the church Changes the way you think about politics culture and philosophy Join Dr Tony Evans one of the greatest Bible teachers of our time as he unfolds this biblical and practical approach to life an approach that has the power to change people families neighborhoods churches and even nations Discover the power of the Kingdom agenda
