Covert Agenda The British Governments Ufo Top Secrets Exposed:

A Covert Agenda Nicholas Redfern,1997 This text describes how the government has been concealing the evidence of routine penetration of British airspace by rationally controlled machines from outside Earth over which the military infrastructure has little or no control It suggests that there is evidence that there has been an official shift in policy and that there is a desire to disseminate to the public top secret UFO data collected over the past 50 years Having examined the available evidence the author is convinced that there is an active alien presence on the Earth and that official confirmation of such a presence will soon be forthcoming

A Covert Agenda Nick Redfern,2014-06-29 Researcher Nick Redfern discovered that the British government has been tracking UFOs since 1947 The Ministry of Defence has documented and investigated hundreds of Royal Air Force police and public encounters with UFOs But it has never acknowledged these activities and has deliberately prevented its citizens from discovering these UFO encounters But according to Redfern this conspiracy of silence is cracking After decades of cover up the truth can finally be told UFOs are real and the British government knows it

Light and Dark Trevor J. Hawkeswood,2013 Trevor J Hawkeswood is a scientist who has experienced hundreds of paranormal events in his lifetime In Light and Dark he recounts some of these incredible interactions He believes that reality occurs on two separate but interwoven planes of existence the Earth plane and the multiple levels of the spiritual planes including the lower levels from where the dark souls of humans who have died reach out to us He has experienced more than one hundred sightings of the shadow people or black ghosts He credits guardian angels with saving him from harm or certain death on a number of occasions Hawkeswood also shares accounts of his numerous sightings of strange aerial phenomena he believes were caused by UFOs He has personally experienced clairaudience voices from beyond and precognition or the ability to see the future His detailed account of a unique out of body experience OOB challenges what is known about this remarkable ability His OOB was unlike anything that has ever been described by others who have experienced it and he shares it all in Light and Dark But it hasn't all been safe or pleasant At eighteen he survived a terrifying encounter with a demon gargoyle who tried to steal his soul energy after paralysing him A comprehensive handbook for the paranormal enthusiast Hawkeswood's work also provides a glossary and reference list of English language UFO books In Light and Dark he shares a lifetime of experiences ideas and theories about this fascinating field of study

A Covert Agenda Nick Redfern,2004-01-01 Researcher Nick Redfern discovered that the British government has been tracking UFOs since 1947 The Ministry of Defence has documented and investigated hundreds of Royal Air Force police and public encounters with UFOs But it has never acknowledged these activities and has deliberately prevented its citizens from discovering these UFO encounters But according to Redfern this conspiracy of silence is cracking After decades of cover up the truth can finally be told UFOs are real and the British government knows it

The UFO Files David Clarke,2013-03-30 What does all this stuff about flying saucers amount to What can it mean What is the truth Winston Churchill prime minister's personal minute 28th

July 1952 The UFO Files tells the story of over 100 years of UFO sightings drawing on formerly secret government documents at the National Archives in London Alongside extraordinary reports by ordinary people it reveals details of official interest and investigations stretching back more than 80 years In this remarkable book fully updated for this second edition David Clarke reveals an array of startling stories from possible UFO reports hidden among Met Office investigations of aerial phenomena in the 1920s to the conclusions of Project Condign the secret British Intelligence UFO study completed in 2000 As well as covering Roswell and Britain s own Rendlesham Forest mystery Clarke raids the records for dramatic stories of abductions and close encounters ghost aircraft and crop circles and UFO reports by both civilian aircrew and military personnel Dramatic witness statements and interviews combine with rarely seen photographs drawings and newly available documents to offer a unique guide to one of our most intriguing mysteries UFO Case Files Of Scotland (Volume 1):

Amazing Real Life Alien Encounters Malcolm Robinson,2017-06-21 The subject of UFOs has been hotly debated Are UFOs space vehicles from another world Are they top secret military aircraft of some kind Or are they simply a figment of our imagination Malcolm Robinson is a UFO Paranormal Researcher with over 40 year s expertise and has had hands on experience with each of the cases contained in this book The full story regarding the wave of UFO sightings over the town of Bonnybridge is given here as is the full story of Scotland s first reported UFO abduction the A70 Incident This book presents the most fascinating UFO cases that Scotland has to offer and clearly shows that Scotland as a country has been touched by the UFO presence This book will leave you with little doubt that mankind is dealing with a very real and bona fide

phenomenon as the witnesses in this book can clearly testify to **Body Snatchers in the Desert** Nick Redfern,2005-06-21 Body Snatchers in the Desert reveals the events that really happened in the New Mexico desert in 1947 that birthed the Rosewell Myth RAAF captures flying saucer on ranch in Roswell region Ever since this provocative headline appeared on July 8 1947 conspiracy theorists have sincerely believed that the U S government has maintained an extensive operation of cover up and denial regarding its knowledge of alien life But there was in fact no UFO crash with dead alien bodies What really happened on that fateful day is much more sinister The persistent rumors surrounding the UFO crash in Roswell New Mexico are part of a bigger conspiracy one orchestrated and fostered by the government itself as a smokescreen to bury a truth that is much darker and disturbingly far more believable Now through never before revealed testimony from military whistleblowers eyewitness intelligence reports and an astonishing body of corroborative evidence Nick Redfern lays out a shockingly plausible new theory on the Roswell incident that the crash site discovery of prototype military aircraft would expose a damning secret a highly confidential U S government sanctioned program to conduct medical experiments on deformed handicapped disfigured and diseased Japanese POWs exploited as expendable victims by their captors An important account that forces us to take a closer look at both the Roswell story and post war American history Body Snatchers in the Desert casts a startling new light on a shocking conspiracy more than half a century in the making
