Covert Entry Spies Lies And Crimes Inside Canadas Secret Service:

Covert Entry Andrew Mitrovica, 2003 A unique unprecedented look at the inner workings of our domestic secret service by a leading investigative reporter An alarming portrait of incompetence and worse inside the agency that is supposed to protect us from terrorism Canada's espionage agency enjoys operating deep in the shadows Set up as a civilian force in the early eighties after the RCMP spy service was abolished for criminal excesses no news is good news for the Canadian Security Intelligence Service CSIS This country's spymasters work diligently to prevent journalists politicians and watchdog agencies from prying into their secret world Few journalists have come close to rivalling Andrew Mitrovica at unveiling the stories CSIS does not want told In **Covert Entry** the award winning investigative reporter uncovers a disturbing pattern of corruption law breaking and incompetence deep inside the service and provides readers with a troubling window on its daily operations At its core **Covert Entry** traces the eventful career of a veteran undercover operative who worked on some of the service's most sensitive cases and was ordered to break the law by senior CSIS officers in the name of national security Like Philip Agee's **Inside the Company** CIA Diary Mitrovica's book delivers a ground level day to day look at who is actually running the show in clandestine operations inside Canada The picture he paints does not fill one with confidence and definitively shatters the myth that CSIS respects the rights and liberties it is charged with protecting From the Hardcover edition

Secret Service Reginald Whitaker, Gregory S. Kealey, Andrew Parnaby, 2012-01-01 Drawing on previously classified government records the authors reveal that for over 150 years Canada has run spy operations largely hidden from public or parliamentary scrutiny complete with undercover agents secret sources agent provocateurs coded communications elaborate files and all the usual apparatus of deception and betrayal so familiar to fans of spy fiction As they argue what makes Canada unique among Western countries is its insistent focus of its surveillance inwards and usually against Canadian citizens

Canada's Spies Attacked Me Mark Garzone, 2006 This is a true story about how the Canadian Security Intelligence Service CSIS attacked me in America The story starts back in 1998 when my father Mario Garzone a Croatian Canadian telephoned the Croatian Embassy in Canada asking for a list of publishers for a book he was writing on Nostradamus He later faxed a sample of his writings as a gift to the Croatian Embassy Either CSIS or the Canadian Security Establishment CSE monitored these contacts Once being brought to the attention of Canada's security establishment my family was doomed For you see Canada and Britain fought a secret war against the Croatian military on behalf of the Serbs when Canadian Peacekeepers went to the Balkans during the breakup of Yugoslavia in the early 1990's The book contains the Nostradamus writings that drove CSIS into a witch hunt frenzy

Law, Privacy and Surveillance in Canada in the Post-Snowden Era Michael Geist, 2015-05-28 Years of surveillance related leaks from US whistleblower Edward Snowden have fuelled an international debate on privacy spying and Internet surveillance Much of the focus has centered on the role of the US National Security Agency yet there is an important Canadian side to the story The Communications Security

Establishment the Canadian counterpart to the NSA has played an active role in surveillance activities both at home and abroad raising a host of challenging legal and policy questions With contributions by leading experts in the field Law Privacy and Surveillance in Canada in the Post Snowden Era is the right book at the right time From the effectiveness of accountability and oversight programs to the legal issues raised by metadata collection to the privacy challenges surrounding new technologies this book explores current issues torn from the headlines with a uniquely Canadian perspective *Riding to the Rescue* Steve Hewitt,2006-01-01 The Mountie may be one of Canada s best known national symbols yet much of the post nineteenth century history of the Royal Canadian Mounted Police remains unexamined particularly the period between 1914 and 1939 when the RCMP underwent enormous transformation The nature of this transformation as it took place in Alberta and Saskatchewan where the Mounties have traditionally dominated policing is the focus of Steve Hewitt s *Riding to the Rescue* During the 1914 to 1939 period the nineteenth century model of the RCMP was evolving into a twentieth century version and the institution that emerged responded to a nation that was being transformed as well Forces such as industrialization mass immigration urbanization and political radicalism compelled the Mounties to look away from the frontier and toward a new era Incorporating previously classified material which explores the RCMP both in the context of its ordinary policing role and in its work as Canada s domestic spy agency Hewitt demonstrates how much of the impetus behind the RCMP s transformation was ensuring its own survival and continued relevance *Riding to the Rescue* is a provocative and incisive look behind one of Canada s most enduring icons at the cusp of the modern era **The Essential Mystery Lists** Roger M Sobin,2011-09-30 For the first time in one place Roger M Sobin has compiled a list of nominees and award winners of virtually every mystery award ever presented He has also included many of the best of lists by more than fifty of the most important contributors to the genre Mr Sobin spent more than two decades gathering the data and lists in this volume much of that time he used to recheck the accuracy of the material he had collected Several of the best of lists appear here for the first time in book form Several others have been unavailable for a number of years Of special note are Anthony Boucher s Best Picks for the Year Boucher one of the major mystery reviewers of all time reviewed for The San Francisco Chronicle Ellery Queen Mystery Magazine and The New York Times From these resources Mr Sobin created Boucher s Best and Important Lists to Consider lists that provide insight into important writing in the field from 1942 through Boucher s death in 1968 This is a great resource for all mystery readers and collectors Winner of the 2008 Macavity Awards for Best Mystery Nonfiction *Homegrown Radicals* Youcef Soufi,2025-02-04 The powerful story of how the War on Terror created the conditions for the emergence of a novel theory of jihad On March 7th 2007 three Muslim university students left their small city on the Canadian Prairies seemingly without a trace In the ensuing months their disappearance raised fears among Canadian and US security agencies that the men had become radicalized posing a grave threat to national security From presidential briefings and targeted drone assassinations to a politically charged trial in a Brooklyn courtroom the men s story

sheds new light not only on the figure of the radical but also on the moderate Muslim represented by a community forever changed by the men s departure Homegrown Radicals offers a case study of the complex entanglements of the radical and moderate Muslim in post 9 11 North America Youcef Soufi brings these figures together in uneasy tension providing insight into how state violence has inextricably tied them together Focusing on the radicalization of the three Muslim students the book traces the general sense of affective injury among North American Muslims over the loss of Muslim life in Western military campaigns overseas In this context a new theory of jihad rooted in a Muslim utopian imagination emerged marking a significant rupture with premodern Islamic thought The three radicals were among thousands of Anglophone Muslims who found this new theory compelling as both a diagnosis and a solution to the violence unleashed in the War on Terror The book examines how and why this theory resonated as well as its consequences for the men s families friends and Muslim community Homegrown Radicals highlights how post 9 11 Islamophobia has operated through the conceptual blurring of the line between moderate and radical Muslims and asks what alternative forms of solidarity may transcend the violent boundaries of the nation state **Criminologists on Terrorism and Homeland Security** Brian Forst,Jack R.

Greene,James P. Lynch,2011-02-07 This volume presents 19 original essays addressing what is widely regarded as the most serious problem confronting America today and for years to come terrorism from the unique perspective of criminology The chapters collected here address such issues as the prevention of terrorism the applicability of community policing and routine activities models of crime to the problem of terrorism how to balance liberty and security and how to think about and manage the fear of terrorism as well as the coordination of federal and local efforts to prevent and counter terrorism Criminologists on Terrorism and Homeland Security will be of interest to anyone concerned about violence prevention in general and terrorism in particular policing prosecution adjudication sentencing and restorative justice **Getting What You Deserve** Dale Goldhawk,2003-10-01 For 12 years Dale Goldhawk journeyed through the streets of Canada and into the hearts of thousands of Canadians Written in Goldhawk s punchy to the point style this book links his life as a journalist and advocate with those who were his clients For the first time he reveals the background battles and adventures he and his team had as well as the stories of his clients and where they are today The narrative paints a vivid picture of how working on Canada s most original advocacy team changed their lives as journalists and Canadians **Cautious Beginnings** Kurt F.

Jensen,2009-01-01 Kurt F Jensen argues that Canada was a more active intelligence partner in the Second World War alliance than has previously been suggested He describes Canada s contributions to Allied intelligence before the war began as well as the distinctly Canadian activities that started from that point He reveals how the government created an intelligence organization during the war to aid Allied resources This is a convincing portrait of a nation with an active role in Second World War intelligence gathering one that continues to influence the architecture of its current capabilities

[The Book Trade in Canada](#) ,2004 **Just Watch Us** Christabelle Sethna,Steve Hewitt,2018-03-21 From the late 1960s to the mid 1980s in the midst of the Cold War and second wave feminism the RCMP security service prompted by fears of left wing and communist subversion monitored and infiltrated the women's liberation movement in Canada and Quebec Just Watch Us investigates why and how this movement was targeted weighing carefully the presumed threat its left wing ties presented to the Canadian government against the defiant challenge its campaign for gender equality posed to Canadian society Based on a close reading of thousands of pages of RCMP documents declassified under Canada's Access to Information Act and the corresponding Privacy Act Just Watch Us demonstrates that the security service's longstanding anti Communist focus distorted its threat assessment of feminist organizing Combining gender analysis and critical approaches to state surveillance Christabelle Sethna and Steve Hewitt consider the machinations of the RCMP including its bureaucratic evolution intelligence gathering operations and impact as well as the evolution of the

women's liberation movement from its broad transnational influences to its elusive quest for unity among women across lines of ideology and identity. Significantly, the authors also grapple with the historiographical, methodological, and ethical difficulties of working with declassified security documents and sensitive information. A sharp-eyed inquiry into spy policies and tactics in Cold War Canada. *Just Watch Us* speaks to the serious political implications of state surveillance for social justice activism in liberal democracies.

Stand on Guard Stephanie Carvin, 2021-06-01 In *Stand on Guard* Stephanie Carvin sets out to explain the range of activities considered national security threats by Canadian security services today. As new forms of terrorism and extremism appear, especially online, we need a responsibly widened view of such threats and how they manifest in the contemporary world. Canadians should not be more fearful, Carvin explains, but a more sophisticated understanding among security services personnel and the general public is needed if we are to anticipate and ameliorate threats to national security. As a former security analyst tasked with providing threat assessments to high levels of government, Carvin writes with both authority and urgency. Her book presents an insider's look at the issues facing the Canadian security and intelligence community. Timely and accessible, *Stand on Guard* will be required reading for scholars, practitioners, and any Canadian concerned about national security in the twenty-first century.

Diversity in Criminology and Criminal Justice Studies Derek M.D. Silva, Mathieu Deflem, 2022-05-12 This volume explores the theoretical and methodological maturity and diversity in reflexive accounts of criminology and criminal justice in a number of areas such as and teaching and research in criminology, queer criminology, the intersections of race and gender, indigeneity and decolonization, domestic violence, and human rights.

Canada and the Cold War Reginald Whitaker, Steve Hewitt, 2003-10-19 *Canada and the Cold War* is a fascinating historical overview of a key period in Canadian history. The focus is on how Canada and Canadians responded to the Soviet Union and to America's demands on its northern neighbour.
