Coyote Tales Of The Native American Indians G.W. Mullins, 2021-09-24 Native American Mythology began long before the European settlers arrived on North American soil Contrary to popular beliefs there is more to Native American Folklore than stories of buffalo hunts teepee living and animal stories Hundreds of tribes throughout North American created a huge mythological system that has rivaled that of the Greeks Many of these tales have been lost or are often hard to find This collection represents a history that should be remembered As a Native American myself I embrace these stories Native Americans tribes offer such a rich heritage They have recorded a huge amount of their history through storytelling In these stories you will relive their history and the lives of North America s First People The stories in this book have been handed down from generation to generation And in such tradition they are now handed down to you to share with the next generation Included in this anthology are a group of collected works from the well known to the often forgotten tribes The tales included within this book feature one of the most familiar animals in Native American folklore the trickster known as the Coyote Often deceptive and always out for himself the Coyote was often the bad guy in stories as you will read in the folklore within this collection Among the stories in the anthology are Tale of Coyote and the Origin of Death Creation Myth

Levy, 2023-04-28 Jerrold E Levy s masterly analysis of Navajo creation and origin myths shows what other interpretations often overlook that the Navajo religion is as complete and nuanced an attempt to answer humanity s big questions as the religions brought to North America by Europeans Looking first at the historical context of the Navajo narratives Levy points out that Navajo society has never during its known history been either homogeneous or unchanging and he goes on to identify in the myths persisting traditions that represent differing points of view within the society The major transformations of the Navajo people from a northern hunting and gathering society to a farming then herding then wage earning society in the American Southwest were accompanied by changes not only in social organization but also in religion Levy sees evidence of internal historical conflicts in the varying versions of the creation myth and their reflection in the origin myths associated with healing rituals Levy also compares Navajo answers to the perennial questions about the creation of the cosmos and why people are the way they are with the answers provided by Judaism and Christianity And without suggesting that they are equivalent Levy discusses certain parallels between Navajo religious ideas and contemporary scientific cosmology The possibility that in the future Navajo religion will be as much altered by changing conditions as it has been in the past makes this fascinating account all the more timely This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1998 Jerrold E Levy

Navaho Indian Myths Aileen O'Bryan, 2012-05-04 Rich compilation of Navaho origin and creation myths recorded directly from a tribal elder The Creation of the Sun and Moon The Maiden who Became a Bear and many more **The Black Panther of the Navaho** Warren Hastings Miller, COLONEL COLVIN sat in a great roomy armchair in the Colvin Trophy Den puffing reminiscently at a short black pipe and gazing abstractedly into the flickering flames of glowing logs in the rugged stone fireplace that was the heart of the Den Sid his son and Sid's chum Scotty were patching their cruiser moccasins with hand sewing awls the former now and then glancing over at his father anxiously The Colonel looked peaked and worn a thin gray ghost of his former robust self for his duty during the War had been onerous in the extreme as head of the Army Detail Office at Washington Sid feared a total collapse of the old Indian fighter for nothing is harder on the system of a man raised to years of violent outdoor life than a long period of desk work Sid knew the only road back to health His father knew it too but so far he had not made the first move toward hitting the trail again However a certain expectant look in the Colonel's eyes certain mysterious telegrams which the boy had been detailed to send addressed to an old Army friend out in Arkansas had distilled the air of big events to come which hovered persistently in the atmosphere of the Den Sid himself was heavier and even more bronzed than when we saw him last on his hunt for the Ring Necked Grizzly out in Montana The War he realized had been but an episode a tremendous episode it is true but still only an episode in his life For some mysterious reason both he and Scotty had been transferred to the artillery where he had risen to sergeant and had been the little king over two six inch howitzers His memories of the War had been of miles and miles of muddy roads and ceaseless rain of tractors and tanks that had hauled his howitzers always forward behind the Front of dog tired days and weeks when they had crept toward the Vesle ditched for passing staff cars and corduroyed out of mud sinks around shell holes And then there had been glorious stunning vivid moments when he had stood between his two guns telephone receivers over ears shaken off his feet by the blinding yellow flashes all around him watching the timing correcting the ranges and deflections coming in from his spotter or rushing to the gun shields when a Boche H E seemed about to register a direct hit It was a man's job while it lasted almost unnoticed Nature had put on his upper lip a fine black fuzz that told the world that Sid was no longer a boy To Scotty the War had been more than an episode It had introduced a great change in the red haired boy's life for he now wore a black bandage on his arm and the Henderson service flag bore a gold star Of them all the good old Doctor had not returned A Fokker plane bomb had found out the first aid dressing station where the grizzled old physician had stood bathed to his shoulders in gore working without rest or sleep for the thirty six hours of a major engagement That was all there was nothing left of the dugout after that shell had crashed through its roof and exploded But there were aching hearts in the Henderson home because of it and Scotty looked older and sadder The worry of measuring his earning power
