Carl Philipp Emanuel Bach Doris Bosworth Powers, 2002 First Published in 2002 Routledge is an imprint of Taylor Francis an informa company C.P.E. Bach Doris Powers, 2002-04-19 Although he is the son of J S Bach C P E Bach is an important composer in his own right this long awaited annotated bibliography presents a complete listing of the works of C P E Bach This volume in the Routledge Music Bibliographies series includes many different aspects of his work the editing of his father s masterpieces his concert *The Music of Carl Philipp Emanuel Bach* David Schulenberg, 2014 Of the four sons of J S Bach who became composers Carl Philipp Emanuel 1714-88 was the most prolific the most original and the most influential both during and after his lifetime This first full length English language study critically surveys his output examining not only the famous keyboard sonatas and concertos but also the songs chamber music and sacred works many of which resurfaced in 1999 and have not previously been evaluated The book also outlines the composer s career from his student days at Leipzig and Frankfurt Oder to his nearly three decades as court musician to Prussian King Frederick the Great and his last twenty years as cantor at Hamburg Focusing on the composer s choices within his social and historical context the book shows how C P E Bach deliberately avoided his father s style while adopting the manner of his Berlin colleagues derived from Italian opera A new perspective on the composer emerges from the demonstration that C P E Bach best known for his virtuoso keyboard works refashioned himself as a writer of vocal music and popular chamber compositions in response to changing cultural and aesthetic trends Supplementary texts and musical examples are included on a companion website David Schulenberg is professor of music at Wagner College and teaches historical performance at the Juilliard School He is the author of *The Music of Wilhelm Friedemann Bach* University of Rochester Press 2010 Carl Philipp Emanuel Bach Studies Annette Richards, 2006-08-03 C P E Bach Studies collects together nine wide ranging essays by leading scholars of eighteenth century music Offering fresh perspectives on one of the towering figures of the period the authors explore Bach s music in its cultural contexts and show in diverse and complementary ways the reciprocal relationship between Bach s work and contemporary literary theological and aesthetic debates Topics include Bach s relation to theories of sensibility and the sublime the free fantasy and concepts of self and being and Bach s engagement with music history and the legacy of his predecessors Wider questions of C P E Bach reception also play an important part in the book which explores not only the interpretation of Bach s music in his time but also its reception over the two centuries since his death **The Cambridge Companion to the Lied** James Parsons, 2004-07 Beginning several generations before Schubert the Lied first appears as domestic entertainment In the century that follows it becomes one of the primary modes of music making By the time German song comes to its presumed conclusion with Richard Strauss s 1948 *Vier letzte Lieder* this rich repertoire has moved beyond the home and keyboard accompaniment to the symphony hall This is a 2004 introductory chronicle of this fascinating genre In essays by eminent scholars this Companion places the Lied in its full context at once

musical literary and cultural with chapters devoted to focal composers as well as important issues such as the way in which the Lied influenced other musical genres its use as a musical commodity and issues of performance The volume is framed by a detailed chronology of German music and poetry from the late 1730s to the present and also contains a comprehensive bibliography

The Temple of Fame and Friendship Annette Richards, 2022-09-20 This book examines the renowned portrait collection assembled by C P E Bach J S Bach's second son One of the most celebrated German composers of the eighteenth century C P E Bach spent decades assembling an extensive portrait collection of some four hundred music related items from oil paintings to engraved prints The collection was dispersed after Bach's death in 1788 but with Annette Richards's painstaking reconstruction the portraits once again present a vivid panorama of music history and culture reanimating the sensibility and humor of Bach's time Far more than a mere multitude of faces Richards argues the collection was a major part of the composer's work that sought to establish music as an object of aesthetic philosophical and historical study The Temple of Fame and Friendship brings C P E Bach's collection to life giving readers a sense of what it was like for visitors to tour the portrait gallery and experience music in rooms thick with the faces of friends colleagues and forebears She uses the collection to analyze the portraiture aspect of Bach's music engaging with the influential theories of Swiss physiognomist Johann Caspar Lavater She also explores the collection as a mode of cultivating and preserving friendship connecting this to the culture of remembrance that resonates in Bach's domestic music Richards shows how the new music historiography of the late eighteenth century rich in anecdote memoir and verbal portrait was deeply indebted to portrait collecting and its negotiation between presence and detachment fact and feeling

Unfinished Music Richard Kramer, 2012-07-12 Unfinished Music explores with subtle insight the uneasy relationship between the finished work and the elusive provocative traces of the profound labors buried in its past

Komponisten im Spannungsfeld von höfischer und städtischer Musikkultur Carsten Lange, Brit Reipsch, 2014-12-31 Georg Philipp Telemanns Lebensstationen sein uvre und Tätigkeitsfeld seine Korrespondenz und autobiographischen Äußerungen widerspiegeln exemplarisch Facetten des für das 18. Jahrhundert charakteristischen Spannungsfeldes zwischen höfischer und städtischer Musikkultur über seinen Wechsel vom höfischen in ein städtisches Amt schrieb Telemann Wer Zeit seines Lebens fest sitzen wollte musste sich in einer Republick niederlassen Die Vorzüge städtischer Anstellungen hat er zu schätzen gewusst Leipzig Frankfurt und Hamburg lieferten ihm das optimale Umfeld im Hinblick auf die Entfaltung seiner vielseitigen Persönlichkeit als Komponist Musiker Verleger Dichter Theoretiker und Konzertveranstalter Andererseits erinnerte er sich auch positiv an höfische Dienstverhältnisse sowie an musikliebende inspirierende Dienstherrn Auch als städtischer Musikdirektor präsentierte er sich mit von verschiedenen Höfen verliehenen Kapellmeistertiteln Vor diesem Hintergrund widmet sich der Band Unterscheidungsmomenten und Gemeinsamkeiten von städtischer und höfischer Kultur fragt nach dem Einfluss aristokratischer Kreise auf die Verbürgerlichung des Musiklebens nach Transformation gewachsener und Etablierung neuer kultureller Strukturen diskutiert höfische Repräsentationsformen außerhalb und innerhalb städtischer Kultur Enthält die Beiträge einer internationalen Tagung die anlässlich der 20. Magdeburger Telemann Festtage veranstaltet wurde The phases of Georg Philipp Telemann's life his work his field of activity his correspondence and his autobiographical statements are an exemplary reflection of typical 18th century tensions between courtly and municipal musical culture Telemann wrote of his move from a courtly to a municipal post A man who wants to spend his life in one place would have to settle in a republic He understood the value of municipal appointments Leipzig Frankfurt and Hamburg offered him the optimal environment for the development of his many faceted personality as composer musician publisher poet theoretician and concert promoter On the other hand he had positive memories of service at court and of music loving and inspiring masters Even as a municipal director of music he presented himself using titles given to him by various courts In this context this book examines differences and similarities between municipal and courtly

culture looks at the influence of aristocratic circles on the bourgeoisification of musical life and at the transformation of established cultural structures and the establishment of new ones and discusses courtly forms of display both within and outside municipal culture It brings together the papers from an international conference organised to mark the 20th anniversary of the Magdeburg Telemann Festival Zwischen Komposition und Hermeneutik Ariane Jessulat, Andreas Ickstadt, Martin Ullrich, 2005 Music for a Mixed Taste Steven David Zohn, 2015 This first full length study of Telemann's concertos sonatas and suites focuses on his imaginative mixing of styles and genres Special attention is also devoted to the extra musical meanings and humor of his programmatic overture suites his unprecedented self publishing enterprise and the social resonances of his Polish style works E.T.A.
