Alaska Natives And American Laws:

Alaska Natives and American Laws David S. Case, David A. Voluck, 2012-06-15 Now in its third edition *Alaska Natives and American Laws* is still the only work of its kind canvassing federal law and its history as applied to the indigenous peoples of Alaska. Covering 1867 through 2011, the authors offer lucid explanations of the often tangled history of policy and law as applied to Alaska's first peoples. Divided conceptually into four broad themes of indigenous rights to land, subsistence, services, and sovereignty, the book offers a thorough and balanced analysis of the evolution of these rights in the forty-ninth state. This third edition brings the volume fully up to date with consideration of the broader evolution of indigenous rights in

international law and recent developments on the ground in Alaska. **Alaska Natives and American Laws** David S. Case, David Avraham Voluck, 2002 Besides an updated analysis of the Alaska Native Claims Settlement Act 1971, this reference surveys the Special Relationship of Alaska Natives to the Federal Government, the title of the 1978 edition as reflected in rulings relevant to land, human services, subsistence, and self-government issues. This edition includes the foreword to the Alaska Native Foundation, first edition, a revised University of Alaska Press edition appeared in 1984. Case is an Alaska-based lawyer who has played a major role in Alaska Native law for decades; co-author Voluck is also a lawyer. Annotation copyrighted by Book News Inc., Portland, OR.

New Directions in American Indian History Colin Gordon Calloway, 1992 Each year more than five hundred new books appear in the field of North American Indian history. There exists, however, no means by which scholars can easily judge which are most significant, which explore new fields of inquiry, and ask new questions, and which areas are the subject of especially strong inquiry or are being overlooked. *New Directions in American Indian History* provides some answers to these questions by bringing together a collection of bibliographic essays by historians, anthropologists, sociologists, religionists, linguists, economists, and legal scholars who are working at the cutting edge of Indian history. This volume responds to the label "new directions" in two ways. First, it describes what new directions have been pursued recently by historians of the Indian experience. Second, it points out some new directions that remain to be pursued. Part One, "Recent Trends," contains six essays reviewing the following six areas where there has been significant interest and activity: quantitative methods in Native American history by Melissa L. Meyer and Russell Thornton; American Indian women by Deborah Welch; new developments in Mesoamerican history by Dennis F. K. Madill; recent developments in southern Plains Indian history by Willard Rollings; Indians and the law by George S. Grossman; and twentieth-century Indian history by James Riding In. Part Two, "Emerging Trends," contains essays on aspects of Indian history that remain undeveloped: language study and Plains Indian history by Douglas R. Parks; economics and American Indian history by Ronald L. Trosper; and religious changes in Native American societies by Robert A. Brightman. These latter essays present a critique of current scholarship and sketch an agenda for future inquiry. Taken together, the nine essays in this book will help students at all levels to evaluate recent scholarship and tap the immense contemporary literature on American Indian history. A Companion to the

Anthropology of American Indians Thomas Biolsi, 2008-03-10 This Companion is comprised of 27 original contributions by leading scholars in the field and summarizes the state of anthropological knowledge of Indian peoples as well as the history that got us to this point. Surveys the full range of American Indian anthropology from ecological and political economic questions to topics concerning religion, language and expressive culture. Each chapter provides definitive coverage of its topic as well as situating ethnographic and ethnohistorical data into larger frameworks. Explores anthropology's contribution to knowledge, its historic and ongoing complicities with colonialism and its political and ethical obligations toward the people studied.

Polar Law Textbook Nordic Council of Ministers, 2010 The idea for this textbook developed from the recognition of the need to disseminate information about Polar Law as an emerging field of legal studies, an area of study long overdue greater recognition. Developments in the Polar Regions, the Arctic and Antarctica are now the subject of growing interest and importance. They concern a divergent range of global and regional development issues and beg further inquiry into the role of law in dealing with many of these issues. This textbook is the first educational material of its kind. It attempts to illustrate the importance of legal values in addressing various challenges across the Nordic region among remote Arctic communities and globally. The textbook focuses on the various developments in international and domestic law concerning the Polar Regions, e.g. issues of environmental law, law of the sea, resources, human rights law and Indigenous peoples' rights etc. By looking at linkages between different areas of law and the other social sciences, the textbook also explores the relevant aspects of the economic, social and political developments affecting both Polar areas, e.g. questions of Polar governance, economics and the political situation in some of the Arctic areas.

Elgar Concise Encyclopedia of Polar Law Donald R. Rothwell, Evan T. Bloom, Suzanne Lalonde, Jeffrey McGee, 2025-08-11 This Encyclopedia examines modern polar law and the specific legal regimes applicable in the Antarctic and the Arctic. It outlines related areas of international law including law of the sea and environmental law, providing an invaluable overview and encouraging further research. Analyzing a breadth of topics including biodiversity, marine protected areas and maritime zones, the Encyclopedia reflects increased global attention on the polar regions, their resources, environment and governance.

Constitutionalism and Native Americans, 1903-1968 John R. Wunder, 1996 First Published in 1997 Routledge is an imprint of Taylor & Francis, an informa company.

Native American Estate Linda S. Parker, 2021-05-25 Points out the similarities between the struggle of Native Hawaiians and Native Americans to stop land divestment.

Hospital and Haven Mary F. Ehrlander, Hild M. Peters, 2023-10 Hospital and Haven tells the story of an Episcopal missionary couple who lived their entire married life from 1910 to 1938 among the Gwich'in peoples of northern Alaska, devoting themselves to the peoples' physical, social and spiritual well-being. The era was marked by great social disruption within Alaska Native communities and high disease and death rates owing to the influx of non-Natives in the region, inadequate sanitation and hygiene, minimal law enforcement and insufficient government funding for Alaska Native health care. Hospital and Haven reveals the sometimes contentious yet promising relationship between missionaries

Alaska Natives other migrants and Progressive Era medicine St Stephen s Mission stood at the center of community life and formed a bulwark against the forces that threatened the Native peoples lifeways and lives Dr Grafton Happy or Hap Burke directed the Hudson Stuck Memorial Hospital the only hospital to serve Alaska Natives within a several hundred mile radius Clara Burke focused on orphaned needy and convalescing children raising hundreds in St Stephen s Mission Home The Gwich in in turn embraced and engaged in the church and hospital work making them community institutions Bishop Peter Trimble Rowe came to recognize the hospital and orphanage work at Fort Yukon as the church s most important work in Alaska

Subsistence United States. Congress. Senate. Committee on Energy and Natural Resources,2013 **Alaska**

Politics and Public Policy Clive S. Thomas,Laura Savatgy,Kristina Klimovich,2016-09-15 Politics in Alaska have changed significantly since the last major book on the subject was published more than twenty years ago with the rise and fall of Sarah Palin and the rise and fall of oil prices being but two of the many developments to alter the political landscape This book the most comprehensive on the subject to date focuses on the question of how beliefs institutions personalities and power interact to shape Alaska politics and public policy Drawing on these interactions the contributors explain how and why certain issues get dealt with successfully and others unsuccessfully and why some issues are taken up quickly while others are not addressed at all This comprehensive guide to the political climate of Alaska will be essential to anyone studying the politics of America s largest and in some ways most unusual state

Native America in the Twentieth Century Mary B. Davis,2014-05-01 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company

American Indians Jack Utter,2001 Who is an Indian Who is a Native American What are Indian self determination and sovereignty What defines an Indian tribe These and more than one hundred other questions are asked and answered in this critically acclaimed overview of Indian country The second edition of Jack Utter s classic work covers the hottest issues facing American Indians today tribal sovereignty gaming water rights treaty rights cultural rights and the evolving history of federal Indian policy Revised and updated with many new questions eight new illustrations historical and contemporary maps three hundred new references and informative tables American Indians provides the best single source available today on a variety of Indian country issues past and present

Constitutional Crises and Regionalism Vito Breda,2023-08-14 This informative book analyses regional constitutional crises where a large portion of residents no longer believe that the rule of law as defined by central institutions governs them Laying out a framework for effective governance in divided societies Vito Breda argues that peace and collaboration are linked to managing shared beliefs through constitutional law

State and Reservation George Pierre Castile,Robert L. Bee,1992-08 Ten original essays focus on the rise change and persistence of the Native American reservation system Contributors drawn from history anthropology sociology and political science offer divergent points of view buttressed by historical and ethnographic case studies Together these articles suggest that the time has come or is long overdue to rethink the basic assumptions underlying Federal Indian policy

CONTENTS Introduction

George Pierre Castile Robert L Bee Part I Historical Foundations of the Reservation System An Elusive Institution The Meanings of Indian Reservations in Gold Rush California John M Findlay Crow Leadership Amidst Reservation Oppression Frederick E Hoxie Part II The Nonreservation Experience Utah Indians and the Homestead Laws Martha C Knack The Enduring Reservations of Oklahoma John H Moore Without Reservation Federal Indian Policy and the Landless Tribes of Washington Frank W Porter III Part III Power and Symbols Riding the Paper Tiger Robert L Bee Indian Sign Hegemony and Symbolism in Federal Indian Policy George P Castile Part IV The Resource Base Primitive Accumulation Reservations and the Alaska Native Claims Settlement Act Lawrence Weiss David C Maas Shortcomings of the Indian Self Determination Policy George S Esber Jr Getting to Yes in the New West The Negotiation of Policy Thomas R McGuire *Alaska Native Magazine*, 1985 **American Forests** Char Miller, 1997 American Forests is an interdisciplinary collection of essays that explore the impact of forestry on natural and human landscapes since the mid nineteenth century It has two main goals to present some of the most compelling arguments that have guided our understanding of the complex and evolving relationship between trees and people in the United States and to point out those aspects of this tangled interaction that we have yet fully to understand or to articulate Preface ix **The Routledge Handbook of the History of Settler Colonialism** Edward Cavanagh, Lorenzo Veracini, 2016-08-12 The Routledge Handbook of the History of Settler Colonialism examines the global history of settler colonialism as a distinct mode of domination from ancient times to the present day It explores the ways in which new polities were established in freshly discovered New Worlds and covers the history of many countries including Australia New Zealand Israel Japan South Africa Liberia Algeria Canada and the USA Chronologically as well as geographically wide reaching this volume focuses on an extensive array of topics and regions ranging from settler colonialism in the Neo Assyrian and Roman empires to relationships between indigenes and newcomers in New Spain and the early Mexican republic to the settler dominated polities of Africa during the twentieth century Its twenty nine interdisciplinary chapters focus on single colonies or on regional developments that straddle the borders of present day states on successful settlements that would go on to become powerful settler nations on failed settler colonies and on the historiographies of these experiences Taking a fundamentally international approach to the topic this book analyses the varied experiences of settler colonialism in countries around the world With a synthesizing yet original introduction this is a landmark contribution to the emerging field of settler colonial studies and will be a valuable resource for anyone interested in the global history of imperialism and colonialism Alaska Natives and American Laws David S. Case, 1987

Indigenous Peoples and Poverty Robyn Eversole, John-Andrew McNeish, Alberto D. Cimaadamore, 2013-07-04 This book brings together two of today's leading concerns in development policy the urgent need to prioritize poverty reduction and the particular circumstances of indigenous peoples in both developing and industrialized countries The contributors analyse patterns of indigenous disadvantage worldwide the centrality of the right to self determination and indigenous people's own

diverse perspectives on development Several fundamental and difficult questions are explored including the right balance to be struck between autonomy and participation and the tension between a new wave of assimilationism in the guise of pro poor and inclusionary development policies and the fact that such policies may in fact provide new spaces for indigenous peoples to advance their demands In this regard one overall conclusion that emerges is that both differences and commonalities must be recognised in any realistic study of indigenous poverty

This is likewise one of the factors by obtaining the soft documents of this **Alaska Natives And American Laws** by online. You might not require more period to spend to go to the book commencement as with ease as search for them.
