Alaskan Aberration:

In Darkest Alaska Robert Campbell, 2011-06-03 Before Alaska became a mining bonanza it was a scenic bonanza a place larger in the American imagination than in its actual borders Prior to the great Klondike Gold Rush of 1897 thousands of scenic adventurers journeyed along the Inside Passage the nearly thousand mile sea lane that snakes up the Pacific coast from Puget Sound to Icy Strait Both the famous including wilderness advocate John Muir landscape painter Albert Bierstadt and photographers Eadweard Muybridge and Edward Curtis and the long forgotten a gay ex sailor a former society reporter an African explorer and a neurasthenic Methodist minister returned with fascinating accounts of their Alaskan journeys becoming advance men and women for an expanding United States In *Darkest Alaska* explores the popular images conjured by these travelers tales as well as their influence on the broader society Drawing on lively firsthand accounts archival photographs maps and other ephemera of the day historian Robert Campbell chronicles how Gilded Age sightseers were inspired by Alaska s bounty of evolutionary treasures tribal artifacts geological riches and novel thrills to produce a wealth of highly imaginative reportage about the territory By portraying the territory as a Last West ripe for American conquest tourists helped pave the way for settlement and exploitation **Nuclear Science Abstracts** ,1966 **Oilspill in Prince**

L. Askew, 2023-03-20 When a routine case turns deadly a beginner PI must learn fast Novice private investigator Race Warren has seldom been out of Tennessee when he embarks on a trip to Alaska on what he assumes is a routine missing person case But this notion is shattered in Anchorage after he is almost killed by a shadowy assassin Knowing that the missing person has the answers he tracks his quarry ex policeman Ron Billings to a remote village in the North Slope Here he meets a team of scientists studying a tribal cult involved in animal worship The cult carries out

secret ceremonies that might be connected to the mysterious death of a young native girl As their investigation advances the scientists suspect that a supernatural entity may be at work Warren at last finds Billings in a disastrous first encounter charged with suspicion and misunderstanding Billings has his own quest a search for his daughter Carrie taken by Russian traffickers Warren and Billings unite for their own survival as they look for the daughter trapped in a life of brutality and abuse Their search leads them into the criminal underworld where they must partake in illicit operations but are able to free a young girl with information about Carrie Then they are discovered barely escaping with the girl as they set out for a destination hundreds of miles away They are pursued by teams of Russian gunmen in a harrowing journey of danger violence and death If they can get to Anchorage alive the girl will be home Warren and Billings will be closer to finding Carrie and new light will be shed on the North Slope mystery In this enjoyable story the author excels in creating a spooky mood and in capturing Alaska s beauty particularly the Chugach Mountains Kirkus Reviews
