Albanien Arne Eggebrecht, 1988 **The Making of the Slavs** Florin Curta, 2001-07-12 This book offers an alternative approach to the problem of Slavic ethnicity in south eastern Europe between c 500 and c 700 from the perspective of current anthropological theories The conceptual emphasis here is on the relation between material culture and ethnicity The author demonstrates that the history of the Sclavenes and the Antes begins only at around 500 AD He also points to the significance of the archaeological evidence which suggests that specific artefacts may have been used as identity markers This evidence also indicates the role of local leaders in building group boundaries and in leading successful raids across the Danube Because of these military and political developments Byzantine authors began employing names such as Sclavines and Antes in order to make sense of the process of group identification that was taking place north of the Danube frontier Slavic ethnicity is therefore shown to be a Byzantine invention **Roman Butrint** Inge Lyse Hansen, Richard Hodges, 2022-01-15 Butrint ancient Buthrotum has taken many forms in different ages shaped by the near constant interaction between the place its lagoonal landscape and the Mediterranean Though Butrint does not appear on any of the records of early Greek colonization to identify it as a Corcyrean settlement strong links must have existed between it and the metropolitan Corinthian colony of Corfu Blessed with springs that possessed healing qualities a small polis was created extended to incorporate a healing sanctuary dedicated to Asclepius Julius Caesar harboring at Butrint in urgent need of supplies to sustain his struggle against Pompey must have viewed the sanctuary ringed by largely dried out marshland as the perfect site to settle veterans as a colony It was an obvious cornerstone in controlling the passage from the Adriatic to the Aegean The early settlers seem to have been limited in number and possibly mainly of civilian status However the political changes to the city's magistrature were immediate and within a relatively short time span fundamental changes to the physical make up of the city were set in motion Its new Roman status also located Butrint as a directly before the highest authorities in Rome and within fifteen years or so under Augustus's guidance following his victory at Actium the city was refounded as a colony and awarded a pivotal role in Virgil's court sponsored foundation epic The Aeneid Now linked to the Victory City of Nicopolis rather than in the shadow of Corfu Butrint prospered The urban fabric evolved sometimes faltered but was essentially sustained until the later 6th century A D This present volume is an assessment of the Roman archaeology a compilation of studies and field reports that focuses upon the foundation and early history of the colony **Albanien** Christian Zindel, Andreas Lippert, Bashkim Lahi, Machiel Kiel, 2018-02-19 Der Arch ologie und Kunstf hrer ffnet einen neuen Zugang zum lange verschlossenen Balkanland und macht seine Kulturdenkm ler zum Thema Vier ausgewiesene Albanienspezialisten aus vier L ndern behandeln arch ologische Fundorte und Monumente von der Steinzeit bis zur osmanischen Zeit im Kontext der politischen Geschichte Dazu geh rt auch eine kurze Forschungsgeschichte der albanischen Arch ologie Der kulturell interessierte Albanienreisende findet wertvolle Hinweise und Erl uterungen und ein Glossar und wer sich gezielt f r ein

Regional Production of Red Figure Pottery Stine Schierup, Victoria Sabetai, 2014-10-27. In the latter part of the fifth century BC regional red figure productions were established outside Attica in regional Greece and in the western Mediterranean, propelled by the impact of the art of Attic vase painting. This collection of papers addresses key issues posed by these production centres: Why did they emerge? To what degree was their inception prompted by the emigration of Attic craftsmen in the context of the weakened Attic pottery market at the onset of the Peloponnesian War? How did Attic vase painting influence already existing traditions and what was selected, adopted or adapted at the receiving end? Who was using red figure in mainland Greece and Italy and what were its particular functions in the local cultures? These and more questions are addressed here with the presentation not only of syntheses but also primary publication of much newly discovered

material Regional production centres covered include those of Euboea Boeotia Corinth Laconia Macedonia Ambracia Lucania Apulia Sicily Locri and Etruria

Round Trip to Hades in the Eastern Mediterranean Tradition, 2018-08-13 Round Trip to Hades in the Eastern Mediterranean Tradition explores how the theme of visiting the Underworld and returning alive has been treated transmitted and transformed in the ancient Greek and Byzantine traditions The journey was usually a descent katabasis into a dark and dull place where forgetfulness and punishment reigned but since everyone was there it was also a place that offered opportunities to meet people and socialize Famous Classical round trips to Hades include those undertaken by Odysseus and Aeneas but this pagan topic also caught the interest of Christian writers

The contributions of the present volume allow the reader to follow the passage from pagan to Christian representations of Hades a passage that may seem surprisingly effortless
