Alberta Aberhart And Social Credit:

The Social Credit Movement in Alberta John A. Irving, 1959-12-15 On the night of August 22 1935 as Canadians listened to their radios they heard with amazement and incredulity that the first Social Credit government in the world had been elected that day in the province of Alberta Before the tabulation of votes was completed telephone calls from New York and London headlines in newspapers spot news in broadcasts had confirmed the slogan of Social Crediters The Eyes of the World are on Alberta The morning after the election a number of people lined up at the city hall in Calgary to collect the first installment of the Social Credit dividend of 25 monthly which they confidently believed would be immediately forthcoming from their new government This quotation from Professor Irving's book indicates how the apparent suddenness of the Social Credit rise to power and the magnitude of the victory aroused world wide comment Why had the doctrines of Social Credit promoted unsuccessfully in the British Commonwealth and the United States for nearly twenty years achieved political acceptance in Alberta Why had the people of Alberta elected to public office persons so little experienced in the economic and political world as William Aberhart and his Social Credit colleagues Professor Irving answers these questions and analyses systematically and comprehensively the rise of the movement as a phenomenon of mass psychology His study based mainly on interviews supplemented with references to private papers newspapers and government sources provides a truly fascinating record

Major Douglas and Alberta Social Credit Bob Hesketh, 1997 The Social Credit Movement had a Broad and significant impact on the social and political history of Alberta A number of authors have examined this phenomenon usually focusing on the economic and social conditions that influenced Social Credit's rise to power Major Douglas and Alberta Social Credit Ideology however is the first work dedicated expressly to the intellectual history of the Social Credit government of the 1930s and 1940s Bob Hesketh challenges us to revise previous thinking about Social Credit by placing new emphasis on the influence of Major C H Douglas's conspiracy based ideology on the Aberhart and Manning governments The author is the first to contend that Douglas's beliefs were strongly influenced by the infamous anti Semitic book The Protocols of the Learned Elders of Zion Douglas believed that a Jewish financial conspiracy with the single goal of enslaving mankind was orchestrating world events Hesketh analyses the shared ground between Douglas's conspiratorial thinking and the fundamentalism of Aberhart and Manning He suggests that both Premiers understood and applied Douglas's teachings to a wide variety of government policies from the famous monetary bills to numerous lesser known economic diversification initiatives This book develops important new interpretations of Social Credit's behaviour as a movement party and government providing an unprecedented focus on ideology It will be an essential reference for historians and political scientists concerned with the history of Social Credit in Alberta

Alberta Premiers of the Twentieth Century University of Regina. Canadian Plains Research Center, 2004 From the optimism associated with provincial status in 1905 through the trials of Depression and war the boom times of the post war period and the economic vagaries of the 1980s and the 1990s the

twentieth century was a time of growth and hardship development and change for Alberta and its people And during the century twelve men from a variety of political parties and from very different backgrounds led the government of this province The names of some like William Aberhart Ernest Manning and Peter Lougheed are still household names while others like Arthur Sifton Herbert Greenfield and Richard Reid have been all but forgotten Yet each in his unique way for better or for worse helped to mould and steer the destiny of the province he governed These are their stories **Forging Alberta's Constitutional Framework** Richard Connors, John M. Law, University of Alberta. Centre for Constitutional Studies, 2005-11 Forging Alberta's Constitutional Framework analyzes the principal events and processes that precipitated the emergence and formation of the law and legal culture of Alberta from the foundation of the Hudson's Bay in 1670 until the eve of the centenary of the Province in 2005 The formation of Alberta's constitution and legal institutions was by no means a simple process by which English and Canadian law was imposed upon a receptive and passive population Challenges to authority latent lawlessness interaction between indigenous and settler societies periods pre and post 1905 of jurisdictional confusion and demands for individual group and provincial rights and recognitions are as much part of Alberta's legal history as the heroic and mythic images of an emergent and orderly Canadian west patrolled from the outset by red coated mounted police and peopled by peaceful and law abiding subjects of the Crown Papers focus on the development of criminal law in the Canadian west in the nineteenth century the Natural Resources Transfer Agreement of 1930 the National Energy Program of the 1980s Federal Provincial relations and the role and responsibilities of the offices of Justices of the Peace and of the Lieutenant Governor and the legacies of the Lougheed and Klein governments **Canadian Evangelicalism in the Twentieth Century** John G. Stackhouse, Jr., 1998-10 In the 1980s evangelical Protestantism emerged as a prominent new force in Canada While political campaigns and sexual scandals among American evangelicals attracted attention north of the border as well Canadian evangelicals were quietly establishing a network of individuals and institutions that reflected their distinctive concerns While the United Anglican and Presbyterian churches continued to enjoy mainline Protestant status in Canadian culture more Canadians who actually practiced Christianity in measurable ways could be counted among the evangelicals than among these dominant Protestant denominations And while most Canadians including experts in religious studies continued to think of Canadian Christianity in traditional denominational terms evangelicalism was coming into focus as a category essential to understanding this new pattern of allegiance and activity

Introduction Canadian Baptist Fundamentalism, 1878-1978 Taylor Murray, Paul R. Wilson, 2022-04-01 As the first single volume work to present a national picture of Baptist engagement with the fundamentalist movement in Canada in the late nineteenth and twentieth centuries Canadian Baptist Fundamentalism fills an important gap in the historiography It explores the contributions of well known fundamentalists such as T T Shields William Bible Bill Aberhart and J J Sidey while also introducing the reader to several lesser known figures including Joshua Denovan E J Stobo and T A Meister Together these

studies demonstrate the diversity of the fundamentalist movement as it emerged and developed across Canada By drawing on material from across the country Canadian Baptist Fundamentalism addresses old themes in new ways and in the process raises a variety of questions and possibilities for new avenues of study Government and Politics in Alberta Allan Tupper, Roger Gibbins, 1992 Alberta's politics are changing in response to powerful economic social and political forces The contributors focus on developments since the election of the Progressive Conservatives in 1971 Creating Citizens Amy Jeanette Von Heyking, 2006 This work examines how Albertans have interpreted themselves and their world through history and social studies curricula and texts from 1905 to 1980 and shows that these courses more than others addressed issues of identity by creating the country and region's past **Alberta's Petroleum Industry and the Conservation Board** David Breen, 1993 The Petroleum and Natural Gas Conservation Board created by the Alberta government in 1938 ensured that the province's petroleum resources were utilized in a manner that protected the long term public interest **Canadian History: Confederation to the present** Martin Brook Taylor, Doug O'ram, 1994-01-01 In these two volumes which replace the Reader's Guide to Canadian History experts provide a select and critical guide to historical writing about pre and post Confederation Canada with an emphasis on the most recent scholarship Cover *Alberta Formed - Alberta Transformed* Alberta 2005 Centennial History Society, 2006-04-18 Alberta Formed Alberta Transformed is a two volume set spanning a remarkable 12 000 years of history and showcasing the work of 34 of Alberta's most respected scholars Volume 1 sets the stage from human beginnings in Alberta to the eve of Alberta's inauguration as a province in 1905 while Volume 2 takes readers through the twentieth century and up to the 2005 centennial Antisemitism in Canada Alan Davies, 2006-01-01 This book is the first collection of scholarly essays to treat the topic of antisemitism in Canada a complete history of which has yet to be written Eleven leading thinkers in the field examine antisemitism in Canada from the colonial era to the present day in essays which reflect the saga of the nation itself The history of the Jewish community its struggles and its fortunes is mirrored in the wider history of Canada from Confederation to the present The contributors cast light on Canadian antisemitism through a thorough examination of old and new tensions including Anglo French east west and Jewish Ukrainian relations Attitudes to Jews in pre Confederation Canada French Canada from Confederation to World War I as well as the interwar years and in twentieth century Ontario and Alberta from 1880 1950 are illustrated in various chapters Of particular interest are the examinations of such well known figures as Goldwin Smith the greatly admired liberal historian of Victorian Canada Adrien Arcand the would be Father from Quebec and James Keegstra and Ernst Zundel of more recent notoriety Analyses are also provided of Nazism and Canadian Protestantism and Jewish Ukrainian relations since World War II This is a complex and contentious subject yet to understand the ideas and forces that have sought to undermine the Jewish presence in Canada is to understand the dangers that threaten any democratic society and thereby to guard against them This compelling collection of essays offers intelligent readable accounts of an area of Canadian history about which we know

too little *Populism and Populist Discourse in North America* Marcia Macaulay, 2023-01-01 This book examines the origins of populism in Canada and the United States and its development into a powerful and at times disturbing political force. Focus is on five historical periods: The Populist Party of the United States in the 1890s, Prairie Populism in Canada during the early and mid 20th century, the Reform Party of Canada in the 1980s and 90s, the left and right populism of Bernie Sanders and Donald Trump in the early 21st century, and the phenomenon of Ford Nation in modern day Ontario, Canada. The author extends Ernesto Laclau's analysis of populism as a logic in *On Populist Reason* 2005 to explore how a people come into being in their conflict or clash with an elite defined by Chartists in the 19th century as idlers, providing a contrast between producers and non producers. The author examines the linguistic media: speeches, books, radio, twitter, Facebook used in populist discourse to convey a political message and to articulate the needs, wishes, and will of a newly born people in their numerous guises and expressions from the plain people to the little guy or to brothers and sisters. This volume will be of interest to researchers in an interdisciplinary range of fields including discourse analysis, corpus linguistics, pragmatics, rhetoric, and stylistics, political communication, social movements, theory, media studies, and Canadian and American history.

Religion and Public Life in Canada Marguerite Van Die, 2001-01-01 As this collection of scholarly case studies reveals, religion once played a major public role in all aspects of Canadian society including politics, education, and culture. Code Politics Jared J. Wesley, 2011-04-01 Politics on the Canadian prairies are puzzling. The provinces share common roots but they have nurtured three distinct political cultures. Alberta is Canada's bastion of conservatism, Saskatchewan its cradle of social democracy, and Manitoba its progressive centre. Jared Wesley explains this paradox by examining the rhetoric employed by dominant parties to renew their provinces: political code, freedom for Alberta, security for Saskatchewan, and moderation for Manitoba. Although the content of their campaigns differed, leaders from William Aberhart to Tommy Douglas to Gary Doer have employed distinct codes to ensure their parties' success and shape their provinces' political landscapes. *The West* Conway, John F., 2006 In time for Alberta's and Saskatchewan's 100th anniversary of Confederation, political commentator and writer John Conway examines the unique way the West has shaped the rest of Canada. The Riel Rebellions, the Winnipeg General Strike, the founding of the CCF, Social Credit, and Reform parties, the struggle for provincial control of resources: much of the impetus for political, social, and economic change in Canada has come from the West. From pre Confederation to the present, author John Conway himself a Westerner, tells the story of the colourful and controversial figures who molded the region. His lively history of the West and its peoples offers insight into the experience of Western Canadians and documents their contribution to Canadian economic and political life. The third edition of this popular and successful history describes Stephen Harper's arrival on the political scene as well as the rise and fall of such figures as Grant Devine, Bill Vander Zalm, Glen Clark, Roy Romanow, and Stockwell Day. It also describes how the West, the cradle of Canadian social democracy, was transformed into the bastion of the right during the last decade. *Edge Effects* Robert D. Temple, 2008-11-19 There's

something fascinating about border towns Who hasnt crossed the line into another state to buy fireworks gamble or even to get married Here are border towns with names as unique as the places themselves names that bridge the boundaries Robert D Temple brings you a quirky fascinating and wholly entertaining look at more than eighty North American border towns in *Edge Effects* With an adventurers heart and a historians keen eye Temple explores life on the edge and how these places have made their place in history Theres big city Mexicali and empty quarter Idavada idyllic Vir Mar Beach and whiskey soaked Mondak Then theres prairie bleak Alsask mountain high Wyocolo and palmy Florala And who could forget Texarkana Along with finding these towns in the first place comes adventure in exploring them by highway four wheel drive boots and kayak and in encountering memorable locals historians farmers waitresses cops forest rangers railroaders and neer do wells But even more these places lead us to investigate concepts of borders boundaries frontiers margins and marginality as well as survey lines battle lines picket lines and color lines *Edge Effects* brilliantly examines how frontiers enrich cultures and boundaries define them But more importantly it reveals how edges shape local history and our lives A revised edition of *Edge Effects* was published July 10 2009 **Will the Real Alberta Please Stand Up?** Geo Takach, 2010-12-01 One little question propels both author and reader on a genre bending quest to find the elusive essence of a Canadian province built on sturdy stereotypes of oil spoiled beef eating bible thumping rednecks devoid of class or culture Through essay interview colourful observation and whatever other expos it takes to amplify the hyperbolic absurdity of seeking a simple answer to an incendiary question Geo Takach spotlights the cultural complexity of this perplexing province Readers will be delightfully edified after a dizzying romp around Wild Rose Country with Geo and a cast of citizens and celebs alive and dead

Alberta's Local Governments: Politics and Democracy Jack Masson, Edward C. LeSage, 1994 During the last decade Alberta municipalities have endured hardships they have not faced since the Great Depression Changes in the province s political structures appear to have been made primarily to transfer a greater share of the costs of local government to the municipalities yet surprisingly few municipal politicians have resisted the province s financial policies Conservatism in Canada James Farney, David Rayside, 2013-12-11 With the electoral success of the Harper Conservatives federally and of a number of conservative parties provincially the topic of Canadian conservatism is more important to our understanding of Canadian party politics than ever before This timely volume presents the first comprehensive examination of Canadian conservatism in a generation a period during which its nature has changed substantially *Conservatism in Canada* explores the ideological character of contemporary Canadian conservatism its support in the electorate its impact on public policies such as immigration and foreign policy and its articulation at both federal and provincial levels The essays include comparisons with other countries including the United States the United Kingdom and Australia as well as specific examinations of conservatism in Ontario Alberta and Quebec Featuring contributions by both established and new scholars in the fields of political science and public policy this volume makes a significant contribution to our understanding of the

changing nature of Canadian conservatism and its broader implications for the future of this country
