Albigensian Crusades:

The Cathars and the Albigensian Crusade Catherine Léglu, Rebecca Rist, Claire Taylor, 2013-11-12 The Cathars and the Albigensian Crusade brings together a rich and diverse range of medieval sources to examine key aspects of the growth of heresy and dissent in southern France in the twelfth and thirteenth centuries and the Church's response to that threat through the subsequent authorisation of the Albigensian crusade. Aimed at students and scholars alike, the documents it discusses – papal letters, troubadour songs, contemporary chronicles in Latin and the vernacular, and inquisitorial documents – reflect a deeper perception of medieval heresy and the social, political and religious implications of crusading than has hitherto been possible. The reader is introduced to themes which are crucial to our understanding of the medieval world: ideologies of crusading and holy war, the complex nature of Catharism, the Church's implementation of diverse strategies to counter heresy, the growth of papal inquisition, southern French counter-strategies of resistance and rebellion, and the uses of Latin and the vernacular to express regional and cultural identity. This timely and highly original collection not only brings together previously unexplored and in some cases unedited material, but provides a nuanced and multi-layered view of the religious, social and political dimensions of one of the most infamous conflicts of the High Middle Ages. This book is a valuable resource for all students, teachers and researchers of medieval history and the crusades. *The Albigensian Crusades* Joseph Reese Strayer, 1992 Interprets thirteenth-century crusades in terms of the development of Europe, especially France. *The Albigensian Crusade* Jonathan Sumption, 2011-05-05 In twelfth-century Languedoc, a subversive heresy of Eastern origin flourished to an extraordinary degree. The Albigenses believed that the world was created by an evil spirit and that all worldly things, including the Church, were by nature sinful. Jonathan Sumption's acclaimed history examines the roots of the heresy, the uniquely rich culture of the region which nurtured it, and the crusade launched against it by the Church, which resulted in one of the most savage of all medieval wars. Sumption never fails to keep his narrative lively with the particular and the pertinent. He is excellent on the tactics and spirit of medieval warfare. Frederic Raphael, Sunday Times. **History of the Crusades Against the Albigenses in the Thirteenth Century** Jean-Charles-Léonard Simonde Sismondi, 1833 A *Most Holy War* Mark Gregory Pegg, 2009-10-30 Historian Pegg has produced a swift-moving, gripping narrative of a horrific crusade drawing in part on thousands of testimonies collected by inquisitors in the years 1235 to 1245. These accounts of ordinary men and women bring the story vividly to life. *The Cathars and the Albigensian Crusade* M. D. Costen, 1997-11-15 A compelling introduction to the war against the heretics of Languedoc launched in 1209, combined with a description of the political, economic, religious and social conditions of south-western France in the twelfth and thirteenth centuries. Michael Costen shows why the Cathar heresy came to flourish and how the campaign against it developed into a programme of conquest by which an alliance of church and state finally destroyed the heresy and united the region with the newly expanding French kingdom. **The Chronicle of William of Puylaurens** William (of Puylaurens.), 2003 William of

Puylaurens chronicle here translated into English for the first time is one of the main contemporary accounts of these events. It describes heresy in the south of France in the early 13th century, provides a narrative of the crusade and then outlines the growth of the Inquisition and the sustained attack on heresy which followed, including the siege of the Cathar fortress of Montségur in 1243.⁴⁴ This translation is accompanied by an introduction, full notes, appendices and a bibliography.

BOOK JACKET **God's Heretics** Aubrey Burl, 2002. The drama and passion of both sides in this war of Christian against Christian are vividly caught in this colorful narrative. *The Song of the Cathar Wars* Janet Shirley, 2017-03-02. The Song of the Cathar Wars is the first translation into English of the Old Provençal Canço recounting the events of the years 1204-1218 in Southern France. In an effort to extirpate the Cathar heresy, Pope Innocent III launched what is now known as the Albigensian Crusade, but it was fiercely resisted by the lords and people of the Languedoc, if in the end in vain. This song was written in two parts: the first by William of Tudela, a supporter of the crusade; the second by an anonymous continuer, wholeheartedly in sympathy with the southerners, although not with the heretics themselves. It stands as a historical source of great importance, not least because it depicts the side that lost. The poem is also a skilful dramatic and often impassioned composition, evoking the brilliant world of landed knights and the glories and bloody realities of battle. Janet Shirley is an award-winning translator of works on the French Middle Ages. Other publications by her include *The Song of Roland* and *Crusade Texts in Translation* series: *Crusader Syria in the 13th Century* and with Peter Edbury, *Guillaume de Machaut: The Conquest of Alexandria*.

The Crusades Nikolas Jaspert, 2006-09-27. This German to English translation of a highly successful book is a clear, approachable, student-friendly introduction to the history of the Crusades. With a long chronological span from the eleventh to the late fifteenth century and with a wide geographical coverage of the whole of Europe and some of the Middle East, *The Crusades* is clear, concise and more wide-ranging than most single-volume works. Taking recent scholarship into account and using boxes, case studies, marginal directions and chronologies, the book is well laid out and easy to follow, providing a comprehensive overview of the crusade movement for students at all university levels.

History of the crusades against the Albigenses in the thirteenth century [tr. from part of the *Histoire des Français*] with an intr. essay by the translator Jean Charles L. Simonde de Sismondi, 1826. *A History of the Crusades*, 2002-03-28. Written by a team of leading scholars, this fascinating book presents an authoritative and comprehensive history of the Crusades from the preaching of the First Crusade in 1095 to the legacy of crusading ideas and imagery today. The World of the Crusades
Christopher Tyerman, 2019-05-23 A lively reimagining of how the distant medieval world of war functioned drawing on the objects used and made by crusaders Throughout the Middle Ages crusading was justified by religious ideology but the resulting military campaigns were fueled by concrete objectives land resources power reputation Crusaders amassed possessions of all sorts from castles to reliquaries Campaigns required material funds and equipment while conquests produced bureaucracies taxation economic exploitation and commercial regulation Wealth sustained the Crusades while material objects from weaponry and military technology to carpentry and shipping conditioned them This lavishly illustrated volume considers the material trappings of crusading wars and the objects that memorialized them in architecture sculpture jewelry painting and manuscripts Christopher Tyerman's incorporation of the physical and visual remains of crusading enriches our understanding of how the crusaders themselves articulated their mission how they viewed their place in the world and how they related to the cultures they derived from and preyed upon

The Occitan War Laurence W. Marvin, 2008-03-06 In 1209 Simon of Montfort led a war against the Cathars of Languedoc after Pope Innocent III preached a crusade condemning them as heretics The suppression of heresy became a pretext for a vicious war that remains largely unstudied as a military conflict Laurence Marvin here examines the Albigensian Crusade as military and political history rather than religious history and traces these dimensions of the conflict through to Montfort's death in 1218 He shows how Montfort experienced military success in spite of a hostile populace impossible military targets armies that dissolved every forty days and a pope who often failed to support the crusade morally or financially He also discusses the supposed brutality of the war why the inhabitants were for so long unsuccessful at defending themselves against it and its impact on Occitania This original account will appeal to scholars of medieval France the Crusades and medieval military history
