Edited with Introduction and Notes by Peter N. Dunn*** Pedro Calderón de la Barca, 1966 ***Honor and Violence in Golden Age Spain*** Scott K. Taylor, 2008-11-17 Early modern Spain has long been viewed as having a culture obsessed with honor where a man resorted to violence when his or his wife's honor was threatened especially through sexual disgrace This book the first to closely examine honor and interpersonal violence in the era overturns this idea arguing that the way Spanish men and women actually behaved was very different from the behavior depicted in dueling manuals law books and honor plays of the period Drawing on criminal and other records to assess the character of violence among non elite Spaniards historian Scott K Taylor finds that appealing to honor was a rhetorical strategy and that insults gestures and violence were all part of a varied repertoire that allowed both men and women to decide how to dispute issues of truth and reputation

***Calderón*** Robert ter Horst, 2021-11-21 Although Pedro Calderón de la Barca was one of the greatest and most prolific playwrights of Spain's Golden Age most of his nonallegorical comedias 118 in all have remained unknown Robert ter Horst presents here the first full length study of these works a sustained meditative analysis dealing with more than 80 plays conveying a sense of the whole of Calderón's secular theater To approach so vast a body of literature Mr ter Horst examines the meaning and function in Calderón of three broad subjects myth honor and history the warp threads across which the playwright weaves a subtle tapestry of contrasts dualities and conflicts the private person versus the public person the inner realm versus the outer masculine against feminine poet against prince The Calderón who emerges is a consciously consummate artist whose lifelong study was the passions of the human mind and body In addition he is seen as a synthesizer of his Spanish literary heritage and especially as a brilliant adapter of Cervantes insights to the stage Robert ter Horst's profound and far ranging analysis sheds light on many fine works previously neglected and finds new depths in such supreme achievements as No hay cosa como callar ***El segundo Escipión*** and ***La vida es sueño*** ***El Alcalde de Zalamea*** Pedro Calderón de la Barca, James Geddes, 2013-10 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed
