Alchemy And Finnegans Wake:

Alchemy and Finnegans Wake Barbara DiBernard,1980-01-01 In the first full length study of Joyce s direct and indirect use of alchemical allusions DiBernard shows how an awareness of the alchemical metaphor guides a reader through the richness of Finnegans Wake For example the alchemical transmutation of lead into gold parallels the transmutation of the dross and commotion of ordinary life into a work of art This study shows how the themes of Joyce s novel death and rebirth the conflict between physical and spiritual incest colors forgery and the reconciliation of opposites relate to the alchemical process The author then presents a theory based on alchemical metaphor on the much debated subject of Joyce s view of the artist

Alchemy and "Finnegans Wake" Barbara Di Bernard,1976 The Alchemists at Finnegans Wake James Francis Gilhooly,1970 From the nonchalant contacts of his youth with the Dublin hermetists to his middle aged superstitions regarding thunder rings and dreams James Joyce found himself in contact with the occult and the mystical with what lies beneath the skin of things as the secret spring of their power Critical neglect in the past has allowed this aspect of Joyce s work to pass virtually unnoticed the present study will have served its purpose if such an approach is pursued hereafter Apart from this its ambitions are humble certain of the alchemists and various personages connected with them appear in Finnegans Wake and I have attempted to tabulate them here More important is the firm ground laid for a complete study of the alchemical process in Finnegans Wake and of the occult in general The Introduction serves as a guide to my intentions and critical attitude as well as containing a sample exegesis of a short but important alchemical passage the length of even this simple task along with a realization that hundreds of such passages exist makes the scope of a complete alchemical study apparent The main text The Alchemists at Finnegans Wake is an alphabetical list of the twenty odd practitioners of the Spagyric Art to appear Under each heading is a list of all references to the personage in Finnegans Wake an alchemical explication of particularly relevant passages a resume of any pertinent biographical and theoretical details and a statement of any understanding thereby cast upon the text

Fragments of the Feminine Sublime in Friedrich Schlegel and James Joyce Ginette Verstraete, 1998-01-15 This is the first book to extensively study Joyce s work in the context of Germanic Romantic literary theory It illustrates how Joyce s modern and postmodern innovation of the novel finds its theoretical roots in Friedrich Schlegel s conception of the Romantic fragmentary novel Verstraete discusses the relevance of Schlegel s early Romanticism to the young Joyce s essays on symbolic realistic drama and argues that what has traditionally been described as Joyce s personal appropriation of Hegel s dialectics can better be understood in terms of Schlegel s ironic approach to philosophy She relates Schlegel s concepts of irony and of the fragment to his feminist critique of nineteenth century bourgeois art and of Kant s categories of the beautiful and the sublime She argues that Schlegel s ironization of the sublime yields a rhetorical subversion of the opposition between male artist and female model art and reality as well as between the sublime and the beautiful Verstraete illustrates this critical and political force of what she calls the feminine sublime at work in Schlegel s essays on Greek comedy and in his novel *Lucinde* The book demonstrates how the Romantic feminine sublime as the site where autonomous art generates its own critique offers us the tools with which to interpret Joyce s postmodern innovations of Romantic art

The Major Literary Seminars of Jacques Lacan Santanu Biswas, 2024-08-20 The Major Literary Seminars of Jacques Lacan considers the three key phases of Lacan s interest in literary topics Santanu Biswas first examines the seminars given between 1955 and 1961 in which Lacan spoke on Edgar Allan Poe s short story *The Purloined Letter* Hamlet Sophocles *Antigone* and Paul Claudel s *The Co fontaine Trilogy* and where literature is related to meaning This is followed by an exploration of Lacan s seminar on *Lituraterre* in 1971 wherein Lacan elaborates on the different ways in which literature appeared to turn towards *lituraterre* Finally Biswas considers Lacan s 1975 1976 seminar on James Joyce who created literature out of litter and was concerned with *jouissance* rather

than with meaning The Major Literary Seminars of Jacques Lacan will be of great interest to Lacanian psychoanalysts other mental health practitioners interested in the teachings of Lacan and academics and students of Lacanian studies literature and psychoanalysis

Grotesque Anatomies David Musgrave, 2014-10-16 *Grotesque Anatomies* is a study of Menippean satire in English since the Renaissance. It consists of revisionist close readings of canonical works such as Eliot's *The Waste Land* and Pope's *Dunciad* among others and investigates how identifying them as Menippean satires changes our understanding of them. The initial chapter offers a comprehensive account of the form from antiquity to the present day, identifying its bifurcated development in the shorter form (Seneca, Lucian, Julian) and the longer, more encyclopedic form (Varro, Petronius, Boethius) and their subsequent fusion during the Renaissance. It also contains an account of the critical reception of the genre, with the term Menippean satire first being used by Justus Lipsius in 1581. Finally, Menippean satire is described as a literary version of the grotesque, and a brief theory of the grotesque in the modern period as radical heterogeneity is outlined. This is also the foundation of a new definition of Menippean satire, drawing on previous definitions by Frye, Bakhtin, and Kirk and revising them for the modern period. The following chapters examine iconic works as examples of Menippean satire and of the grotesque. Chapter 2 offers an overview of the nose in Menippean satire and comic literature generally and reads Rushdie's *Midnight's Children* in this context. It also gives an account of metaphor as a grotesque transformation. Chapter 3 examines the figure of the stomach in Menippean satire and symposiastic literature and reads Peacock's *Gryll Grange* in this context. The link between the stomach as a figure of thinking in comic literature is the basis for an account of symbolic structuring as grotesque association. Chapter 4 is a close reading of the scatological imagery of Pope's *Dunciad* and how scatology generally tends towards a cyclical metaphysics. It also relates changes in print technology and copyright laws to the reticular scatological structure of the *Dunciad*. Chapter 5 argues for Eliot's *The Waste Land* as a Menippean satire focusing on the rhetorical figure of the enthymeme as a missing premise as an example of undermindedness and as an ironic aspect of the fragmentation typical of late Romantic Menippean satires. Chapter 6 examines Urquhart's eccentric *The Jewel* as a satire on the referential function of language, reading it in the context of projections for a universal language from this period. The final chapter identifies some key works by Derrida and Barthes as Menippean satires, noting the resurgence of the form in some postmodern and deconstructive writing.
